The Book of M Peng Shepherd, 2018-06-05 Brad Thor's Summer 2018 Fiction Pick for THE TODAY SHOW! Eerie, dark, and compelling, [The Book of M] will not disappoint lovers of The Passage (2010) and Station Eleven (2014). --Booklist WHAT WOULD YOU GIVE UP TO REMEMBER? Set in a dangerous near future world, The Book of M tells the captivating story of a group of ordinary people caught in an extraordinary catastrophe who risk everything to save the ones they love. It is a sweeping debut that illuminates the power that memories have not only on the heart, but on the world itself. One afternoon at an outdoor market in India, a man's shadow disappears—an occurrence science cannot explain. He is only the first. The phenomenon spreads like a plague, and while those afflicted gain a strange new power, it comes at a horrible price: the loss of all their memories. Ory and his wife Max have escaped the Forgetting so far by hiding in an abandoned hotel deep in the woods. Their new life feels almost normal, until one day Max's shadow disappears too. Knowing that the more she forgets, the more dangerous she will become to Ory, Max runs away. But Ory refuses to give up the time they have left together. Desperate to find Max before her memory disappears completely, he follows her trail across a perilous, unrecognizable world, braving the threat of roaming bandits, the call to a new war being waged on the ruins of the capital, and the rise of a sinister cult that worships the shadowless. As they journey, each searches for answers: for Ory, about love, about survival, about hope; and for Max, about a new force growing in the south that may hold the cure. Like The Passage and Station Eleven, this haunting, thought-provoking, and beautiful novel explores fundamental questions of memory, connection, and what it means to be human in a world turned upside down.

Watching M*A*S*H, Watching America James H. Wittebols, 2003-06-05 It has been said that M*A*S*H was a show set in the 1950s which reflected the shifting values of the 1970s and early 1980s. Hawkeye Pierce, Radar O'Reilly, Trapper John McIntyre, Sherman Potter, Margaret (Hot Lips) Houlihan, B.J. Hunnicutt, Frank Burns, Charles Emerson Winchester, Max Klinger--these and the many other characters who populated the MASH 4077 used the Korean War as a backdrop to comment on many of the social issues of their day. Using a unique blend of comedy and drama, the show's first three seasons (1972-1975) focused on the anti-Vietnam War sentiment that consumed much of America. As Vietnam ended, M*A*S*H moved on to concentrate on other contemporary issues--the women's movement, the rise of the religious right in American politics, the new narcissism that marked the early 1980s, the heightened awareness of underage or excessive alcohol use, and the increased emphasis on family in American life. How the series presented these issues and its success in doing so are the subjects of this critical study. An episode listing--brief plot outline, casts and credits, air dates, and titles--is also provided.
