Mediatized Fan Play Line Nybro Petersen, 2022-04-10 Addressing fans' digital practices, this book places fans' play at the centre of a networked mainstream culture that seems to increasingly cater to, amalgamate with and adapt to fans' mediatized play. Through case studies of the fan communities of the Hamilton musical, and Norwegian streaming hit SKAM, along with examples from many other online fan communities, the book dives into how fans navigate and create play rules as part of their community-building in a networked digital landscape and how they use the digital affordances of social media to engage in language play. It analyses the role of mediatized fan play in the context of political culture and identifies processes of fanization as fans' play moods and modes are integrated into politics. Finally, the book discusses the role of fan play in the context of the global conspiracy theory, QAnon, as those instigating the conspiracy and those who are fans of the movement engage in dark play and deep play, respectively. The book suggests that we might understand fan communities as pioneer communities in the sense that there is increased value placed on fans' mood work and fan play is integrated into other societal domains. This is an engaging book for scholars and students studying media studies and cultural studies, particularly courses on fan studies, film studies, television studies and mediatization.

The Hating Game Sally Thorne, 2016-08-09 Now a movie starring Lucy Hale and Austin Stowell, USA Today bestselling author Sally Thorne's hilarious and sexy workplace comedy all about that thin, fine line between hate and love. Nemesis (n.) 1) An opponent or rival whom a person cannot best or overcome. 2) A person's undoing 3) Joshua Templeman Lucy Hutton and Joshua Templeman hate each other. Not dislike. Not begrudgingly tolerate. Hate. And they have no problem displaying their feelings through a series of ritualistic passive aggressive maneuvers as they sit across from each other, executive assistants to co-CEOs of a publishing company. Lucy can't understand Joshua's joyless, uptight, meticulous approach to his job. Joshua is clearly baffled by Lucy's overly bright clothes, quirkiness, and Pollyanna attitude. Now up for the same promotion, their battle of wills has come to a head and Lucy refuses to back down when their latest game could cost her her dream job...But the tension between Lucy and Joshua has also reached its boiling point, and Lucy is discovering that maybe she doesn't hate Joshua. And maybe, he doesn't hate her either. Or maybe this is just another game.

United States of America V. Korpan, 1956

Greig Plays:1 David Greig, 2013-06-06 The first collection of plays of one of Scotland's best-known contemporary dramatists EUROPE is set in a railway station at an unnamed border town where old and new Europeans weave a tale of love, loss and longing. Fierce, compassionate, mightily ambitious drama...there is the sharp, analytic intelligence, the crackling inventiveness of a real writer buzzing about this gripping play Scotsman THE ARCHITECT charts the rise and fall of Leo Black, once an idealistic and idolised designer, whose magnificent visions are now crumbling, along with his family, in the light of grubby reality. Provides convincing evidence of David Greig's confident transition from a dramatist of promise to one of stature Independent. Lyrical, soulful and darkly funny, THE COSMONAUT'S LAST MESSAGE weaves together the stories of a fraught Scottish couple whose TV is on the blink, a Norwegian UN peace negotiator, a young prostitute, a French UFO researcher, a pregnant police woman and two forgotten Cosmonauts who sadly orbit the planet. The most important playwright to have emerged north of the border in years Scotsman

Progress & Identity in the Plays of W.B. Yeats, 1892-1907 Barbara A. Suess, 2013-12-16 Progress and Identity in the Poems of W. B. Yeats explores the ways in which Yeats's plays offer an alternative form of progress via a philosophical system of opposites: Always seeking the opposite, the nature of which changes as we change, we continually augment our personalities, and ultimately improve society, with the inclusion of the Other. This system, which eventually became Yeats's doctrine of the mask, provided his contemporaries with a method of changing what science, Platonism, and Victorian bourgeois ideologies claimed to be inescapable qualities of self. Progress and Identity relocates Yeats's literary, social, and political relevance from his essentializing cultural nationalism to his later, more broad-minded definitions of progress.

Play: A Play by Jed McKenna Jed McKenna,2015-01-01 It is what it is, they say, but is it? Jed McKenna has always been more about destroying questions than answering them, so it's no surprise that Play is more Q than A. In fact, it might be viewed as a progression through the stages of self-inquiry, each of the seven vignettes taking us a bit further along on the inward journey, the early vignettes asking the questions, and the latter ones looking at those who do ask; showing us, promising us, warning us, where honest and relentless inquiry really lead. But who, Jed has asked, really wants to go where this road really leads? On this journey, who you are changes with every step, and it's all about taking the next step. In the end, Play is what it is. Or is it? Maybe it's the journey of the examined life, or maybe it's just a playful little play. Ultimately, of course, Play, like life, like anything, is whatever it is to you.

Love's Shadow Paul A. Bové,2021-01-12 A case for literary critics and other humanists to stop wallowing in their aestheticized helplessness and instead turn to poetry, comedy, and love. Literary criticism is an agent of despair, and its poster child is Walter Benjamin. Critics have spent decades stewing in his melancholy. What if instead we dared to love poetry? To choose comedy over Hamlet's tragedy, romance over Benjamin's suicide on the edge of France, of Europe, of civilization? Paul Bové challenges young lit critters to throw away their shades and let the sun shine in. Love's Shadow is his three-step manifesto for a new literary criticism that risks sentimentality and melodrama and eschews self-consciousness. The first step is to choose poetry. There has been since the time of Plato a battle between philosophy and poetry. Philosophy has championed misogyny, while poetry has championed women, like Shakespeare's Rosalind. Philosophy is ever so stringent; try instead the sober cheerfulness of Wallace Stevens. Bové's second step is to choose the essay. He praises Benjamin's great friend and sometime antagonist Theodor Adorno, who gloried in the writing of essays, not dissertations and treatises. The third step is to choose love. If you want a Baroque hero, make it Rembrandt, who brought lovers to life in his paintings. Putting aside passivity and cynicism would amount to a revolution in literary studies. Bové seeks nothing less, and he has a program for achieving it.
