

Mayan Astrology

Bruce Scofield,Barry C. Orr

How to Practice Mayan Astrology Bruce Scofield, Barry C. Orr, 2006-11-27 A contemporary and practical guide to Mayan astrological techniques • Discusses the logic and meaning of the 20 day-signs of the Mayan calendar • Explains the many cycles of Mayan astrology, such as the 9-day cycle of the Night Lords and the 13-day trecena • Contains extensive tables of Mayan astrological data, allowing readers to cast their own Mayan horoscopes How to Practice Mayan Astrology presents a contemporary guide to one of the most sophisticated astrological systems ever developed. Like other ancient peoples, the Maya looked to the cycles of the planets as markers of time and designators of order. The predictable cycles they observed became codified in the Mayan calendar and astrological system as a way of organizing the seeming chaos of human life. Mayan astrology is based on 20 named days that are cycled 13 times to create a 260-day calendar, the Tzolkin. The authors explain the symbolism, logic, and meaning of the 20 day-signs; how these signs reflect 260 possible personality types; and how they can be used for divination. They also explain the important role of the Four Directions and the planet Venus in one's personality matrix and life issues. Included are extensive, easy-to-use tables of Mayan astrological data, allowing readers to determine their day-signs, to see how these signs are also influenced by the cycle of the Night Lords and the 13-day trecena, and to cast their own horoscopes.

The Mayan Astrology Handbook Abby Isadora Haydon, 2013-09 The Mayan Astrology Handbook makes it easy to: Use your Power Days and weeks to your advantage. Develop skill in gliding through Challenge Days and weeks. Discover the Mayan astrology compatibility you have with friends, family and co-workers. Find new layers of understanding about yourself and others that Western astrology does not address. Learn that Western and Mayan astrology can work together to enhance your life.

Practical Mayan Astrology Eric Jackson Perrin, 2015-10-09 Mayan astrology gives you a vision of yourself and of your life that is very surprising and very different from known self-knowledge tools. It reveals your essence, your true self and your true path to yourself. This is what you will discover in this book. This book can be seen as a course in Mayan astrology. It shows you how to easily calculate your Mayan identity glyph and your Mayan chart. It then shows you how to interpret them by yourself according to three calendars: > The thirteen moon calendar > The traditional calendar based on the GMT 584283 constant. > The traditional calendar based on the VMR 774080 constant. Mayan astrology as taught in this book describes your Maya Cross, which summarizes your essence and your life project. It then describes the main intention of your life followed by the sacred path, in thirteen steps, to return to the center of yourself, so as to become reconnected with the flows of love pouring out from the galactic center, just like a light bulb. The meditation of the Sun explains how to reconnect yourself with the Source of all life.

Mayan Calendar Prophecies: Predictions for 2012-2052 Gary C. Daniels, 2012-11-01 Take a look at the science behind the Mayan calendar, prophecies and mythology. The Maya believed multiple cycles governed civilization. They created various calendars to track these cycles. Their short count calendar tracked a 256-year cycle believed to control epidemics, famines, warfare and more. Scientists have found a 250-year solar cycle that also appears to affect epidemics, famines, warfare and more. Their long count calendar tracked a 5000-year cycle related to natural disasters and cosmic catastrophes. Scientists have also discovered that the Earth is subjected to periodic bombardment by comets and asteroids that plunges the world into long periods of darkness and cold. Mayan mythology appears to record such events and in some instances even the exact dates on which these catastrophes occurred in the past. By comparing these dates with ice core records, sedimentary records, and climate records, this book reveals the truth about civilization's darkest days. And what may lie ahead in the future.

The 8 Calendars of the Maya Hunbatz Men, 2009-12-29 Mayan daykeeper Hunbatz Men reveals the multi-calendar system of the Maya that guided the lives of his ancestors and how it can guide us today • The first book to reveal the secrets of the Mayan Pleiades calendar: the Tzek'eb • Explains how the Maya used their astronomical knowledge to guide their lives on Earth The Mayan Calendar has taken on special prominence with the imminent arrival of 2012, a date that many claim is the end of that calendar. However, as Mayan elder and daykeeper Hunbatz Men shows, the cosmological understanding of his ancestors was so sophisticated that they had not one, but many calendars, each based on the cycles of different systems in the cosmos. In this book he reveals for the first time the Tzek'eb, or Pleiades, Calendar of 26,000 years, which charts the revolution of our solar system around Alcyone, the central star of the Pleiades system. He also discusses the K'uuk'ulcan Calendar of the 4 seasons of the solar year and the wheel of the K'altunes Calendar, which is composed of 13 cycles of 20 years each that form a calendar of 260 years. In traditional Mayan culture the computation of time was not determined by simple economic or social motives. The calendars served the higher purpose of synchronizing the lives of human beings and their societies to the great cosmic pulsation, to the rhythm of the annual seasons, and to the other cycles that dictate changes upon Earth. Mayan understanding of the cosmic cycles was so exact that this knowledge could be used to influence all stages of life--from planning when to conceive (parents could choose not only the sex of their child but its vocation and future destiny) to plotting out the course of the entire society. Pyramids played a crucial role in applying this wisdom because, as Hunbatz Men shows, they were able to produce and transform energy in accordance with the cosmic cycles charted by the calendars. This book reveals for the first time the wisdom of the multi-calendar Mayan system and how it can help guide our modern world.

Mayan Calendar Birthday Book Mary Fran Koppa, 1996 On the Mayan Calendar, every day of the year represents the energy of one of the twenty solar glyphs and one of the thirteen numbers, called tones. The solar glyph indicates your soul purpose, and the tone is the energy you will use to attain this purpose.

The Mayan Calendar and the Transformation of Consciousness Carl Johan Calleman, 2004-03-25 Reveals the Mayan calendar to be a spiritual device that describes the evolution of human consciousness from ancient times into the future • Shows the connection between cosmic evolution and actual human history • Provides a new science of time that explains why time not only seems to be speeding up in the modern world but is actually getting faster • Explains how the end of the Mayan calendar is not the end of the world, but a path toward enlightenment The prophetic Mayan calendar is not keyed to the movement of planetary bodies. Instead, it functions as a metaphysical map of the evolution of consciousness and records how spiritual time flows--providing a new science of time. The calendar is associated with nine creation cycles, which represent nine levels of consciousness or Underworlds on the Mayan cosmic pyramid. Through empirical research Calleman shows how this pyramidal structure of the development of consciousness can explain things as disparate as the common origin of world religions and the modern complaint that time seems to be moving faster. Time, in fact, is speeding up as we transition from the materialist Planetary Underworld of time that governs us today to a new and higher frequency of consciousness--the Galactic Underworld--in preparation for the final Universal level of conscious enlightenment. Calleman reveals how the Mayan calendar is a spiritual device that enables a greater understanding of the nature of conscious evolution throughout human history and the concrete steps we can take to align ourselves with this growth toward enlightenment.

Mayan Calendar Astrology Kenneth Johnson, 2011-12 Mayan Calendar Astrology: Mapping Your Inner Cosmos is the quintessential handbook to help you understand the art of Mayan astrology and how to harness it for a profound illumination of your personal lifepath. If you liked Jaguar Wisdom, this book will take you even deeper into the powerful insights that Mayan astrology can offer, whether you're a seasoned expert or just a beginner. Included in the

book are: - Complete information about the day signs and numbers - The importance of the Year Lord - The Mayan Destiny chart (also known as the Mayan Cross) - The complete nine-sign horoscope - Solar and lunar cycles - A unique method for determining the phases of human life - The personal compatibility matrices embedded within the Tzolk'in - A little-known technique for assessing human relationships by combining two horoscopes into a composite chart - Calendar diagrams and horoscope templates - A powerful and meditative technique called the Path of Feathered Serpent, based on our own personal lunar month and designed, through a series of guided meditations, to awaken the koyopa or inner lightning we all possess. **REVIEWS:** I am profoundly grateful to Kenneth Johnson for sharing his experientially based understanding of the Tzolk'in in this remarkable book. As a long-time lover of the Mayan world, 'Mayan Calendar Astrology' finally opened my eyes to the subtle workings of the 260-day calendar and led me to embrace it as a genuine path to self-understanding. The author's work is based upon his years of work with several aj q'ijab' in the Guatemalan highlands, primarily in Momostenango, the important center for contemporary Mayan calendar knowledge. Johnson's explanations of the significance of the 13 numbers, the Mayan Destiny chart, the Year Lords, and the Path of Feathered Serpent are unique in popular literature and will enrich the understanding of even dedicated scholars. - Robert Sitler, PhD, Director, Latin American Studies, Stetson University

What Is Your Spirit Animal? Shaman Pedro,2016-03-24 What can Mayan Astrology teach you about yourself? As it turns out, quite a lot! According to Ancient Mayan Astrology, our spirit animals are determined by the stars that guide us and make us one with nature. In this fascinating volume you'll learn about your Mayan Spirit Animal, its fortunes in love and career, and you'll gain insight into ancient prophecies about your past, present, and future!

Ufo: Angels and the Mayan Calendar Gerardo Santos,2012-01-11 The Book of Revelation tells of angels who fall from their heavenly estates. The Mayan calendar foretells the fall to some two hundred thousand years ago. The discord that followed sent repercussions to earth, arriving about nine thousand years ago when the first generation of the human raceIsrael emerged. By 4500 BC, an Agenda of a Snake from the fallen angels began to breed the biblical lines of Cain and Seth. Soon, the third generation emerged, and the conditions man calls good and evil began proliferating on the earth. Mans spirit commenced through the spirit of the angel Michael, but today it remains trapped within the human mind. Six thousand years ago, the angels Michael, Ra, Viracocha, and Ra Agenda came to earth to free man's spirit by attempting to prevent the creation of the human race. Unsuccessful, they left earth, bequeathing the Mayan calendar, which contains information about the five Ages, to the Mayan people. The Ra Agenda reemerged by 1948 as the mysterious UFO that defied the laws of reality. They have come to secretly assist mankind through the approaching shift in human consciousness scheduled to occur in the fifth Mayan Age of Aquarius in the year 2040.

Mayan Calendar Systems Cyrus Thomas,1901

Time and the Highland Maya Barbara Tedlock,1992 Described as a landmark in the ethnographic study of the Maya, this study of ritual and cosmology among the contemporary Quiché Indians of highland Guatemala has now been updated to address changes that have occurred in the last decade. The Classic Mayan obsession with time has never been better known. Here, Barbara Tedlock redirects our attention to the present-day keepers of the ancient calendar. Combining anthropology with formal apprenticeship to a diviner, she refutes long-held ethnographic assumptions and opens a door to the order of the Mayan cosmos and its daily ritual. Unable to visit the region for over ten years, Tedlock returned in 1989 to find that observance of the traditional calendar and religion is stronger than ever, despite a brutal civil war. . . . a well-written, highly readable, and deeply convincing contribution. . . . --Michael Coe

The Mayan and Other Ancient Calendars Geoff Stray,2007-11-06 The only small, popular book on the important subject of ancient calendars. The study of heavenly cycles is common to most ancient cultures. The ancient Egyptians, Chinese, and Babylonians all tried to make sense of the year. But it fell to the later Mesoamerican Maya to create a series of calendars that could be cross referenced. In doing so, the Maya discovered many strange numerical harmonics. Their lunar calendar was extremely accurate-far more so than the Greek Metonic cycle; they tracked Venus to an accuracy of less than a day in five hundred years and their tables could have been used to predict eclipses seven hundred years in the future. This book will provide a much needed compact guide to the Mayan calendar systems as well as covering the essentials of calendar development throughout the world.

The Order of Days David Stuart,2012-11-27 The world's foremost expert on Maya culture looks at 2012 hysteria and explains the truth about what the Maya meant and what we want to believe. Apocalypse 2012: An Investigation into Civilizations End. The World Cataclysm in 2012. 2012: The return of Quetzalcoatl. According to many of these alarmingly titled books, the ancient Maya not only had a keen insight into the mystical workings of our planet and the cosmos, but they were also able to predict that the world will end in the year 2012. David Stuart, the foremost scholar of the Maya and recipient of numerous awards for his work, takes a hard look at the frenzy over 2012 and offers a fascination (and accurate) trip through Mayan culture and belief. Stuart shows how the idea that the end of the Mayan calendar, which supposedly heralds the end of our own existence, says far more about our culture than about the ancient Maya. The Order of Days explores how the real intellectual achievement of ancient Maya timekeeping and worldview is far more impressive and remarkable than any of the popular, and often outrageous, claims about this advanced civilization. As someone who has studied the Maya for nearly all of his life and who specializes in reading their ancient texts, Stuart sees the 2012 hubbub as the most recent in a long chain of related ideas about Mesoamericans, the Maya in particular, that depicts them as somehow oddball, not of this world, or as having some strong mystical link to other realms. Because the year 2012 has no prominent role in anything the ancient Maya ever actually wrote, Stuart takes a wider look at the Maya concepts of time and their underlying philosophy as we can best understand them. The ancient Maya, Stuart contends, were worthy of study and admiration not because they were strange but because they were altogether human, and they developed a compelling vision of time unlike any other civilization before or since.

Twilight of the Gods Erich von Däniken,2010-01-01 Dispels the prejudices and misconceptions that surround the Mayan Calendar, 2012, and the existence of extraterrestrial life.

The Mayan Code Barbara Hand Clow,2007-03-29 Bestselling author Barbara Hand Clow shows how the Mayan Calendar is a bridge to galactic wisdom that fosters personal growth and human evolution • Unearths the meaning behind the calendar, its message for modern civilization, and what will happen when the calendar ends • Reveals how time acceleration is a manifestation of the acceleration of consciousness • By the author of The Pleiadian Agenda The Mayan Code is a deep exploration of how, as we approach the end of the Mayan Calendar, time and consciousness are accelerating, giving us a new understanding of the universe. Using Carl Johan Calleman's research, as well as the ideas of other Mayan Calendar scholars, Barbara Hand Clow examines 16.4 billion years of evolution to decode the creative patterns of Earth--the World Mind. These great patterns culminate in 2011, and then during 2012 major astrological influences will inspire us to attain oneness and enlightenment. The Mayan Code shows how the time cycles of the Calendar match important periods in the evolutionary data banks of Earth and the Milky Way Galaxy. These stages of evolution are converging during the final stage of the Calendar, the period between 1999 and 2011. War and territoriality, resource management and separation from nature, are all part of daily events we must process during these few short years: evidence of the tightening spiral of time that we experience as time speeding up. Barbara Hand Clow counsels that our own personal healing is the most important factor as we prepare to make this critical leap in human evolution--now referred to as the awakening of the World Mind.

Book of Destiny Carlos Barrios,2009-06-30 "Face to face with the schism caused by rational and scientific thought, Carlos Barrios undertakes an authentic and passionate search, bringing us close to the Cosmovision of one of the most

ancient and wise people of our continent.” — Nobel Laureate Ernesto Sabato James Redfield’s The Celestine Prophecy and the writings of Nostradamus meet Don Miguel Ruiz’s The Four Agreements and the work of Carolyn Myss (Anatomy of the Spirit, Sacred Contracts) in The Book of Destiny: Unlocking the Secrets of the Ancient Mayans and the Prophecy of 2012. A contemporary Mayan Priest and Shaman reveals the genius of the ancient Mayan calendar and its accompanying horoscope, and examines in depth the ancient 2012 prophecy that many believe will forever change the world as we know it. The Book of Destiny is the most complete and authentic book on the secrets of the ancient Mayan culture and what it means for readers today.

Star Gods of the Maya Susan Milbrath,1999-01-01 Observations of the sun, moon, planets, and stars played a central role in ancient Maya lifeways, as they do today among contemporary Maya who maintain the traditional ways. This pathfinding book reconstructs ancient Maya astronomy and cosmology through the astronomical information encoded in Precolumbian Maya art and confirmed by the current practices of living Maya peoples. Susan Milbrath opens the book with a discussion of modern Maya beliefs about astronomy, along with essential information on naked-eye observation. She devotes subsequent chapters to Precolumbian astronomical imagery, which she traces back through time, starting from the Colonial and Postclassic eras. She delves into many aspects of the Maya astronomical images, including the major astronomical gods and their associated glyphs, astronomical almanacs in the Maya codices [painted books], and changes in the imagery of the heavens over time. This investigation yields new data and a new synthesis of information about the specific astronomical events and cycles recorded in Maya art and architecture. Indeed, it constitutes the first major study of the relationship between art and astronomy in ancient Maya culture.

101 Things You Should Know about 2012 Mark Heley,2010-12-18 On December 21, 2012, millions of people will watch the skies, holding their breaths. On that day, ancient Mayan prophecies foretell a profound change on Planet Earth. Some think it heralds the extinction of all life. Others believe humans will be lifted to a higher spiritual plane. Mayan expert Mark Heley covers such diverse topics as stellar convergences, crop circles, and the strange predictions by a mysterious civilization eleven centuries ago--prophecies that could determine our future! Among scores of contending theories, this easy-to-grasp guide cuts through the thicket of information and gives you a quick take on 2012.

Day-signs Bruce Scofield,1991 In Day-Signs readers will find the first psychological delineations of the 20 signs of Aztec/Maya astrology ever published. Included in the book is a clear explanation of the Aztec/Mayan system of astrology and what academic researchers and the indigenous peoples of Mexico know about it. Following this are delineations of the 20 signs, including a list of famous people born under each one. Everyone is influenced by one of these 20 signs that form the cornerstone of Aztec/Maya astrology. The book ends with 30 pages of tables for determining your day-sign of birth.

Unveiling the Energy of Verbal Beauty: An Emotional Sojourn through **Mayan Astrology**

In a global inundated with displays and the cacophony of instantaneous interaction, the profound energy and mental resonance of verbal art usually disappear in to obscurity, eclipsed by the regular onslaught of noise and distractions. However, situated within the lyrical pages of **Mayan Astrology**, a fascinating work of literary brilliance that pulses with fresh thoughts, lies an unforgettable journey waiting to be embarked upon. Penned by a virtuoso wordsmith, that exciting opus courses visitors on an emotional odyssey, gently exposing the latent potential and profound influence embedded within the complicated internet of language. Within the heart-wrenching expanse of the evocative examination, we can embark upon an introspective exploration of the book is central subjects, dissect their interesting publishing fashion, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.

Mayan Astrology Introduction

In the digital age, access to information has become easier than ever before. The ability to download Mayan Astrology has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Mayan Astrology has opened up a world of possibilities. Downloading Mayan Astrology provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Mayan Astrology has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Mayan Astrology. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Mayan Astrology. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Mayan Astrology, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Mayan Astrology has transformed the way we access information. With

the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Mayan Astrology Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Mayan Astrology is one of the best book in our library for free trial. We provide copy of Mayan Astrology in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Mayan Astrology. Where to download Mayan Astrology online for free? Are you looking for Mayan Astrology PDF? This is definitely going to save you time and cash in something you should think about.
