Women and TV Culture in Pakistan Munira Cheema,2018-07-30 The television broadcasting culture of Pakistan was changed dramatically in 2002. The President, General Pervez Musharraf, introduced a policy of liberalisation that enabled controversial issues such as honour killings, adultery, stoning to death, domestic violence, marriage after divorce and homosexuality to be increasingly depicted on screen. Women and TV Culture in Pakistan is the first in-depth analysis of this change in television content. Munira Cheema focuses on how 'gender issues' are dealt with on TV and examines the impact this has on female viewers. In Pakistan, television is often the only way in which women can access the public sphere (except through male guardians) and this book evaluates how TV content allows them to navigate their intersecting identities as Muslims, women and Pakistanis. At a time when religious conservatism is on the rise in the country, this book investigates why producers choose to focus on gender-based issues and the extent to which religion dictates social behaviour and broadcasting choices. Based on interviews with women viewers in Karachi as well as industry professionals including writers, directors and ratings experts, the research is a much-needed and original contribution to global television studies and gender studies.

She holds her readers by the hand as they heal.

Umrao Jan Ada Mirza Muhammad Hadi Ruswa,2018-12-03 Translated from the Urdu by Khushwant Singh. Umrao Jan Ada is perhaps one of the most enigmatic and forgotten female figures in South Asian Literature. The question of her existence, her beauty, her scholarly abilities and her poetic gift remain a mystery. The book is an account of Umrao's life as a Lucknawi courtesan, a nautch girl, delivered in first person by Umrao herself, and documented by a close friend. Written more than a hundred years ago, the novel recreates the gracious ambience of old Lucknow and takes the reader on a fascinating journey through the palaces of wealthy nawabs, the hideouts of the colorful vagabonds and the luxurious abodes of the city's courtesans.

The Weary Generations Abdullah Hussein,2014-10-01 Published ahead of Paul Scott’s Raj Quartet and long before Midnight’s Children, Abdullah Hussein’s ambitious saga of social struggle The Weary Generations was a bestseller in Urdu. Published in 1963 and now beyond its 40th edition, it has never been out of print. A vivid depiction of the widespread disillusionment and seismic upheavals of the Partition era that lead to the creation of Pakistan and Bangladesh, there has never been a more opportune time to discover one of the most important writings about the post-colonial trauma in the region. Naim, son of a peasant, marries Azra, the daughter of a rich landowner. Fighting for the British during World War I he loses an arm. Invalided home, he becomes angered at the subjugation of his countrymen under the Raj and aligns himself with the opposition. His ideals are swept away after Independence in 1947 when he realizes that, as Muslims, his family is no longer safe in their Indian home and that they must migrate to the newly created Pakistan. Regarded as one of the half-dozen most influential novels dealing with Partition or post-colonial malaise, this is an immensely powerful novel in its own right and is essential reading for English language readers seeking to comprehend the historical origins of the tensions in the Indian subcontinent.
