A Noob's Guide to Minecraft Survival Noob 1884, 2019-05-18 The update survival guide. Updated for the Village Pillage Update 1.11.0 of Minecraft Bedrock (see below)Minecraft has changed a lot over the last year again, and yet more people are returning and trying out the survival version for a challenge. Some are even using it as a battleground. Grievers roam the lands and the community has evolved to allow them an existence - the PvP and anarchy realms where anything goes except cheating of course!In this book you can learn secrets and strategies that will make you better than the average player and an adviser to some of the better players. Assumes some very basic knowledge of the game. 90 pages as a paperback, including pages of screenshots from actual gameplay to show strategy and features in action. The changes and strategies are continually updated in the eBook and experimentation with these can be seen live and on the author's previously recorded streams. ** From the Author**I just updated the book to include Villager and Pillager updates as they affect survival gameplay strategies, and as of May 2019 I am working on ways of using the new features to our advantage on the various realms that I play on in advanced gameplay. I'm currently in and out of live streams so that you can see the experiments, complete with successes and failures, as I go through them. You will be as up to date as I am with them. At the moment my favourite change is the nitwit. A nitwit villager always goes to bed late, wakes up late and is therefore unable to ever learn anything. Mojang is bringing life lessons to Minecraft!Ok on a more serious note. Subscribe or follow the feeds to be notified as I go online. Join my discord channel given out in the book for further details! Am I Ironman? No, sorry...Noob 1884**Also includes pointers to valuable information sources that will fill out your knowledge to make you an all-round player. Age 8-50yrs+.This book should be used as an essential strategy guide and roadmap for playing Survival Mode. It does NOT replace the comprehensive guides produced by Mojang themselves, it compliments them. For example, this book may refer to using a particular tool but not go into much depth on it, therefore, Mojang's set of books should be part of your reference collection.About Minecraft BedrockBedrock Edition covers Android, VR, Xbox, Windows, IOS, Nintendo Switch and Kindle and allows players from any of those platforms amongst others to play together in the same Minecraft game using a feature called crossplay. Crossplay in Minecraft is seamless. You wouldn't know that someone was using a different type of device unless they told you.PlayStation and Java Edition versions of Minecraft will operate slightly different to Bedrock so it is important to check with the sites and sources that are mentioned to adapt your gameplay and to make sure things work as you want them to if you do use this book for those platforms.

better than the average player and an advisor to some of the better players. Assumes some very basic knowledge of the game. 84 pages (varies by device) including 20 pages of screenshots from actual gameplay to show strategy and features in action. Learn how to set up safe realms and spot people abusing your hospitality on public realms. Covers latest and future content including the December 2018 Cats and Pandas Update (Bedrock 1.8.0). Please note that commentary on features not yet included (Illagers and Pillagers) may not be 100% accurate as there may be some slight changes to gameplay before they are actually unleashed on players (rumoured 1.11.0 - boocraft streams use the latest stable experimental features).Also includes pointers to valuable information sources that will fill out your knowledge to make you an all-round player. Age 8-50yrs+. Please note that the paperback contains a little more information than the ebook since it seems to cost quite a lot to print and deliver a real book.This book should be used as an essential strategy guide and roadmap for playing Survival Mode.
