**Unaccompanied Minor** Hollis Gillespie,2013-12-02 Fourteen-year-old April May Manning spent her life on airplanes with her flight attendant parents. When her father dies in a crash, April's mom marries a pilot who turns out to be an abusive jerk, and gets Mom confined to a psychiatric hospital. So April takes off, literally, living on airplanes, using her mother's flight benefits, relying on the flight crews who know she's been shuttling between divorcing parents for a year. Then, there's a hijacking, but why is April's dad on board? April flees to the cargo hold with another unaccompanied minor she's met before, and they fight to thwart the hijackers, faking a fire, making weapons from things they find in luggage. At last, locked in the cockpit with a wounded police officer, the boy, and his service dog, April tries to remember everything her parents said to do in a crisis above the clouds. But she knows it won't be enough.

**Undermajordomo Minor** Patrick deWitt,2015-09-15 From the bestselling, Man Booker–short-listed author of *The Sisters Brothers* comes a brilliant and boisterous novel that reimagines the folk tale A love story, an adventure story, a fable without a moral, and an ink-black comedy of manners, *Undermajordomo Minor* is Patrick deWitt's long-awaited follow-up to the internationally bestselling and critically acclaimed novel *The Sisters Brothers*. Lucien (Lucy) Minor is the resident odd duck in the bucolic hamlet of Bury. Friendless and loveless, young and aimless, Lucy is a compulsive liar, a sickly weakling in a town famous for producing brutish giants. Then Lucy accepts employment assisting the Majordomo of the remote, foreboding Castle Von Aux. While tending to his new post as Undermajordomo, Lucy soon discovers the place harbors many dark secrets, not least of which being the whereabouts of the castle's master, Baron Von Aux. He also encounters the colorful people of the local village—thieves, madmen, aristocrats, and Klara, a delicate beauty for whose love he must compete with the exceptionally handsome soldier Adolphus. Thus begins a tale of polite theft, bitter heartbreak, domestic mystery, and cold-blooded murder in which every aspect of humanity is laid bare for our hero to observe. *Undermajordomo Minor* is an adventure, a mystery, and a searing portrayal of rural Alpine bad behavior, but above all it is a love story—and Lucy must be careful, for love is a violent thing.

**The Book of Minor Perverts** Benjamin Kahan,2019-02-05 Shortlisted for the Modernist Studies Association Book Prize Statue-fondlers, wanderlusts, sex magicians, and nymphomaniacs: the story of these forgotten sexualities—what Michel Foucault deemed “minor perverts”—has never before been told. In *The Book of Minor Perverts*, Benjamin Kahan sets out to chart the proliferation of sexual classification that arose with the advent of nineteenth-century sexology. The book narrates the shift from Foucault's “thousand aberrant sexualities” to one: homosexuality. The focus here is less on the effects of queer identity and more on the lines of causation behind a surprising array of minor perverts who refuse to fit neatly into our familiar sexual frameworks. The result stands at the intersection of history, queer studies, and the medical humanities to offer us a new way of feeling our way into the past.

**Minor Detail** Adania Shibli,2020-05-26 A searing, beautiful novel meditating on war, violence, memory, and the sufferings of the Palestinian people Finalist for the National Book Award Longlisted for the International Booker Prize *Minor Detail* begins during the summer of 1949, one year after the war that the Palestinians mourn as the Nakba—the catastrophe that led to the displacement and exile of some 700,000 people—and the Israelis celebrate as the War of Independence. Israeli soldiers murder an encampment of Bedouin in the Negev desert, and among their victims they capture a Palestinian teenager and they rape her, kill her, and bury her in the sand. Many years later, in the near-present day, a young woman in Ramallah tries to uncover some of the details surrounding this particular rape and murder, and becomes fascinated to the point of obsession, not only because of the nature of the crime, but because it was committed exactly twenty-five years to the day before she was born. Adania Shibli masterfully overlays these two translucent narratives of exactly the same length to evoke a present forever haunted by the past.

*A Minor Fall* Price Ainsworth, 2017-06-13 The Minor Fall is a modern interpretation of an Old Testament saga. Davy Jessie is a young, personal injury trial lawyer working as an associate in a top-drawer law firm in Houston, Texas in 2005. In addition to trying difficult (sometimes impossible to win) cases assigned to him by the firm, Davy also assists Tim Sullivan (one of the named partners in the firm) in prosecuting more serious cases. Sullivan is a flamboyant, fashionable, facile at formulating a memorable turn of phrase, philandering litigator with a long history of trial victories and the material rewards that a contingency fee practice can yield. Davy is enamored with Sullivan and attempts to emulate Sullivan's professional (and personal) behavior. After Davy wins one of the cases he was not expected to win, Sullivan designates Davy to lead the firm's efforts in representing a group of landowners in eastern Kentucky whose properties have been contaminated by oil field production. Beth Sheehan, a contract lawyer hired by the firm to help with discovery on the case, travels to Kentucky with Davy where they have a brief affair, Davy returns to find that his wife Michelle is pregnant. The fallout from the affair and the stress of preparing the case send Davy spiraling into depression and emotional paralysis. Along the way down to his moral crisis, Davy contemplates existential questions about the nature of law, the importance of literature, the existence of God, and what (if anything other than single malt Scotch or cold chardonnay) gives meaning to life as he considers losing his wife, leaving the law firm, and abandoning the practice of law.

Minor Feelings Cathy Park Hong, 2020-02-25 NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • ONE OF TIME'S 100 MOST INFLUENTIAL PEOPLE • A ruthlessly honest, emotionally charged, and utterly original exploration of Asian American consciousness "Brilliant . . . To read this book is to become more human."—Claudia Rankine, author of *Citizen In* in development as a television series starring and adapted by Greta Lee • One of Time's 10 Best Nonfiction Books of the Year • Named One of the Best Books of the Year by The New York Times, The Washington Post, NPR, New Statesman, BuzzFeed, Esquire, The New York Public Library, and Book Riot Poet and essayist Cathy Park Hong fearlessly and provocatively blends memoir, cultural criticism, and history to expose fresh truths about racialized consciousness in America. Part memoir and part cultural criticism, this collection is vulnerable, humorous, and provocative—and its relentless and riveting pursuit of vital questions around family and friendship, art and politics, identity and individuality, will change the way you think about our world. Binding these essays together is Hong's theory of "minor feelings." As the daughter of Korean immigrants, Cathy Park Hong grew up steeped in shame, suspicion, and melancholy. She would later understand that these "minor feelings" occur when American optimism contradicts your own reality—when you believe the lies you're told about your own racial identity. Minor feelings are not small, they're dissonant—and in their tension Hong finds the key to the questions that haunt her. With sly humor and a poet's searching mind, Hong uses her own story as a portal into a deeper examination of racial consciousness in America today. This intimate and devastating book traces her relationship to the English language, to shame and depression, to poetry and female friendship. A radically honest work of art, *Minor Feelings* forms a portrait of one Asian American psyche—and of a writer's search to both uncover and speak the truth.

Praise for *Minor Feelings* “Hong begins her new book of essays with a bang. . . .The essays wander a variegated terrain of memoir, criticism and polemic, oscillating between smooth proclamations of certainty and twitches of self-doubt. . . . *Minor Feelings* is studded with moments [of] candor and dark humor shot through with glittering self-awareness.”—The New York Times “Hong uses her own experiences as a jumping off point to examine race and emotion in the United States.”—Newsweek “Powerful . . . [Hong] brings together memoiristic personal essay and reflection, historical accounts and modern reporting, and other works of art and writing, in order to amplify a multitude of voices and capture Asian America as a collection of contradictions. She does so with sharp wit and radical transparency.”—Salon

**Minor Indignities** Trevor Cribben Merrill,2020-12-28 Nothing in his rural New England upbringing could have prepared Colin Phelps for freshman year at an Ivy League college: the House Master crashes hall parties; public nudity is practically an intramural sport; and French intellectuals spouting arcane theories cast a spell over the undergraduates. Colin plunges into the hookup culture, competing with his brash, rule-breaking roommate. But as he soon discovers, the pursuit of transgression is fraught with unexpected pitfalls, and his suave pose must be stripped away if he is to find genuine freedom.

*Minor League Baseball* Frank Hoffmann,Rebecca S Kraus,Martin J Manning,2012-10-12 Examine the big-league benefits of minor league baseball! *The Minor League Baseball: Community Building Through Hometown Sports* examines the role played by minor league baseball in hundreds of cities and towns across the United States. Written from the unique perspective of a sociologist who also happens to be an avid baseball fan, the book looks at the contributions minor league teams make to the quality of life in their communities, creating focal points for spirit and cohesiveness while providing opportunities for interaction and entertainment. The book links theory and experience to present a “sociology of baseball” that explains the symbiotic relationship which brings people together for a common purpose—to root, root, root for the home team. From the author: Minor league baseball is played across the country in more than 100 very different communities. These communities seem to share a special bond with their teams. As with all sports teams, there is a symbiotic relationship between the team and the city or town that it represents. In the case of major league professional sports, the relationship is often fueled by economic outcomes. On the minor league level, the relationship appears to go beyond mere money and prestige. Minor league teams occupy a special place in our hearts. We are more forgiving when they lose, and extremely proud of them when they win. *Minor League Baseball: Community Building Through Hometown Sports* is a detailed look at the connection between town and team, including: economic benefits (development strategies, community growth) intangible benefits (ballpark camaraderie, hometown pride) fan attachment and attendance (demographic variables, stadium accessibility, “home court advantage”) case studies of two Maryland minor-league franchises--the Class AA Bowie Baysox and the Class A Hagerstown Suns *Minor League Baseball: Community Building Through Hometown Sports* also includes an introduction to the organizational structure of the minor leagues, a history of each current league, and charts and tables on attendance figures and franchise relocations. This book is essential reading for sociologists, sport sociologists/historians, academics and/or practitioners in the fields of community sociology and psychology, and of course, baseball fans.

**The Minors** Chris Ludovici,2017-06-03 *The Minors* tells the story of introverted sixteen-year-old Samantha Heller and her friendship/unrequited crush on the contractor fixing up her family's house. Sam's world is thrown into turmoil when her beloved father abruptly announces that his job is transferring him to Chicago effective immediately and the whole family will join him when the school year is out. Until then, Sam is stuck at home with her mother, who she clashes with frequently. Heartbroken at having to move, but intrigued with the freedom that comes with knowing she's leaving, Sam explores the upsides of living in a world with no tomorrow. The contractor (and equally important co-protagonist) is Nick Masters; he's twenty-eight, a former minor league ball player, and misanthrope. Rootless and restless, Nick lives with his Aunt, drinks too much, mistreats the (young) women who date him, and generally is not that pleasant to be around. Frankly, he's an ass. But he's

cute and a little smarter than you'd think so he's managing to get away with it. Barely. Nick finds himself useful at the Heller residence, playing the role of driving instructor for Sam, but as time goes on and he becomes more enmeshed with Sam and her mom: he becomes friend, therapist, and surrogate father/husband. But his involvement with the family changes when he sleeps with Sam's mom and he finds himself in well over his head with a self-destructing family and a young girl who suddenly hates him, but won't let him just walk away.
