Tribal Studies in India Maguni Charan Behera,2019-11-09 This book provides comprehensive information on enlargement of methodological and empirical choices in a multidisciplinary perspective by breaking down the monopoly of possessing tribal studies in the confinement of conventional disciplinary boundaries. Focusing on anyone of the core themes of history, archaeology or anthropology, the chapters are suggestive of grand theories of tribal interaction over time and space within a frame of composite understanding of human civilization. With distinct cross-disciplinary analytical frames, the chapters maximize reader insights into the emerging trend of perspective shifts in tribal studies, thus mapping multi-dimensional growth of knowledge in the field and providing a road-map of empirical and theoretical understanding of tribal issues in contemporary academics. This book will be useful for researchers and scholars of anthropology, ethnohistory ethnoarchaeology and of allied subjects like sociology, social work, geography who are interested in tribal studies. Finally, the book can also prove useful to policy makers to better understand the historical context of tribal societies for whom new policies are being created and implemented.

The Bible and Patriarchy in Traditional Tribal Society Chingboi Guite Phaipi,2023-01-26 Chingboi Guite Phaipi examines how biblical texts reinforced female subjugation in Northeast Indian tribal societies after tribes had accepted Christianity in the early 20th century. Phaipi shows how most tribal groups reinforced women's subordinate status by invoking newly authoritative biblical texts such as the creation stories in Genesis 1, 2 and 3. Phaipi studies the creation stories in Genesis to offer broader readings for Christian tribal communities that are communal, traditional, and struggling to retain their women and girls, particularly those who are educated. This volume recognizes and respects tradition, traditional communities, and the enduring witness of faithful lives in tribal communities at the same time as offering ways forward with respect to unworthy cultural practices and preferences that have been legitimised by the Bible. This book offers a contextually sensitive and scholarly reading of the Bible, with particular attention to the ways patriarchal norms in biblical narratives are perpetuated, rather than considered and reformed.

The Mizo Uprising Dr. J. V. Hluna,Rini Tochhawng,2013-01-03 From March 1, 1966 when the Mizo National Front declared independence, to June 30, 1986 when a Memorandum of Understanding was signed between the MNF and the Indian Government, the peace-loving Mizo people were caught in the midst of a devastating war. Records of this twenty-year period are rare, as the very keeping of written accounts was considered a crime against the government. The Mizo Hills was a district in India's state of Assam and the Assam Legislative Assembly Debates from 1966 to 1972 are one of the few official records available of the period. Members of the Assembly bring to light significant events during the course of the insurgency, including India's only aerial attack against its own citizens on March 5, 1966 and the re-settlement of eighty percent of the Mizo Hills' population, reminiscent of South Vietnam's Agrovilles. The book traces the twenty-year movement through these debates, supplementing them with notes on the course of events gleaned through extensive research leading up to the creation of the state of Mizoram in 1986. The Mizo Peace Accord remains one of the most successful accords in the world and Mizoram one of the most peaceful states in India.

You Can Trust God to Write Your Story Nancy DeMoss Wolgemuth,Robert D Wolgemuth,2019-09-03 WHAT'S GOD DOING IN YOUR STORY? Our kids beg us for stories at bedtime or while we drive; we gather around firepits and dinner tables to tell and retell our favorite tales—the more dramatic the better. But when it comes to our actual lives, we prefer something less sensational, even boring—sunny skies and smooth sailing, please and thank you. We want our own stories to be predictable, safe, controllable, and catastrophe-free. When plans fall apart, jobs are lost, kids wander off, doctors give bad reports, we often wonder, What are you doing, God? Are you sure you have this under control? It doesn't really seem like it right now. God is the master Storyteller. He's writing your story and it's a part of His bigger, grander, eternal Story. But we're still in the middle. We haven't gotten to the happy ending yet, and it can be hard to trust Him in the thick of our struggles. That's why Robert and Nancy share their own story, friends' stories, and the stories of people in the Bible who have faced life-altering challenges, but, in the end, have found God to be faithful. Learn why you really can trust God to write your story—no matter what plot twists you may encounter along the way. This is a unique and charming book, integrating stories of God's providence from His people and His Word. Nancy and Robert write personally and beautifully, infusing readers with a Christ-centered vision, hope, and trust for the future. -Randy Alcorn, author of Heaven, Giving is the Good

Life, and Deception You Can Trust God to Write Your Story is an amazing book whose title says it all. For if you are a follower of Jesus, every day of your life—whether you feel like it or not—is weighted with kingdom purpose, eternal significance, and a royal destiny filled with joy and contentment. Let my dear friends, Robert and Nancy, help you embrace the mysteries of the Lord’s Providence. For when it comes to happy endings, you can’t find a better Author than the God of the Bible. Happy endings are His forte—turn the page, trust Him, and discover it for yourself. -Joni Eareckson Tada, Joni and Friends International Disability Center

The Keepers of Knowledge Hmingthanzuali,Mary Vanlalthanpuui, (eds.),2023-03-15 An old Mizo proverb holds that a woman’s wisdom takes her only as far as the village stream. Such proverbs and beliefs have weighed heavily on the journeys of Mizo women such that even today, more than a century after the introduction of the written alphabet in Mizoram, there are barely any narratives by women in the existing body of published texts. Women’s limited access to speaking out in the time or orality sadly did not transform into opportunities to write and publish. And yet, when the editors of this volume—perhaps the first ever such anthology in the state—set out to search for writings by women, they were delighted and surprised to find a wealth of stories, narratives, personal accounts, poems, art and more. These now grace the pages of this remarkable first-of-its-kind book.

Encounter and Interventions Sajal Nag,M. Satish Kumar,2023-08-07 The advent of colonialism and its associated developments has been characterized as one of the most defining moments in the history of South Asia. The arrival of Christian missionaries has not only been coeval to colonial rule, but also associated with development in the region. Their encounter, critique, endeavour and intervention have been very critical in shaping South Asian society and culture, even where they did not succeed in converting people. Yet, there is precious little space spared for studying the role and impact of missionary enterprises than the space allotted to colonialism. Isolated individual efforts have focused on Bengal, Madras, Punjab and much remains to be addressed in the context of the unique region of the North East India. In North East India, for example, by the time the British left, a majority of the tribals had abandoned their own faith and adopted Christianity. It was a socio-cultural revolution. Yet, this aspect has remained outside the scope of history books. Whatever reading material is available is pro-Christian, mainly because they are either sponsored by the church authorities or written by ecclesiastical scholars. Very little secular research was conducted for the hundred years of missionary endeavour in the region. The interpretations, which have emerged out of the little material available, are largely simplistic and devoid of nuances. This book is an effort to decenter such explanations by providing an informed historical and cultural appreciation of the role and contribution of missionary endeavors in British India.

The Language of God Francis Collins,2008-09-04 Dr Francis S. Collins, head of the Human Genome Project, is one of the world's leading scientists, working at the cutting edge of the study of DNA, the code of life. Yet he is also a man of unshakable faith in God. How does he reconcile the seemingly unreconcilable? In THE LANGUAGE OF GOD he explains his own journey from atheism to faith, and then takes the reader on a stunning tour of modern science to show that physics, chemistry and biology -- indeed, reason itself -- are not incompatible with belief. His book is essential reading for anyone who wonders about the deepest questions of all: why are we here? How did we get here? And what does life mean?

The Realities of Money and Missions Jonathan J. Bonk,G. Distefano,J. Nelson Jennings,2022-03-21 Integrity, Viability, and Accountability Perhaps there is no greater challenge in missions than money. Paul reminds us, “For we are taking pains to do what is right, not only in the eyes of the Lord but also in the eyes of man” (2 Cor. 8:21). Money sufficient to assure the viability of one’s life work carries with it an insidious ethical virus that can easily infect the integrity and accountability of its stewards. The Realities of Money & Missions provides a unique level of credibility and transparency as it calls for evangelicals to reevaluate their relationship with money, both personally and corporately. Global case studies, workshops, and testimonials cover a broad range of topics such as: Misalignment between fiscal theology and practice Environmental stewardship, community development, and business as mission Mobilization, fundraising practices, and “faith financing” Short-term missions, patronage, and dependency Power dynamics and structural injustice The Realities of Money & Missions was not written by experts in the fields of investment, money management, or fundraising, but by men and women whose calling as missionaries, pastors, and administrators has brought them face-to-face with the complex, real-life issues involving the intersection of money and ministry. Read on and be challenged to change
