Chez Moi Agnes Desarthe,2008-04-29 At forty-three, Myriam has been a wife, mother, and lover—but never a restaurateur. When she opens Chez Moi in a quiet neighborhood in Paris, she has no idea how to run a business, but armed only with her love of cooking, she is determined to try. Barely able to pay the rent, Myriam secretly sleeps in the dining room and bathes in the kitchen sink, while struggling to come to terms with the painful memories of her past. But soon enough her delectable cuisine brings her many neighbors to Chez Moi, and Myriam finds that she may get a second chance at life and love. Redolent with the sights, smells, and tastes of Paris, Chez Moi is a charming story that will appeal to the many readers who fell in love with Joanne Harris’s *Chocolat* and Laura Esquivel’s *Like Water for Chocolate*.

Vietnam's Foreign Policy under Doi Moi Le Hong Hiep,2018-05-24 In 1986, the Communist Party of Vietnam (CPV) adopted the Doi Moi (Renovation) policy at its sixth national congress, opening up a new chapter in the country's modern history. Under Doi Moi, Vietnam has undergone significant socio-economic, political and foreign policy reforms that have transformed the country in many meaningful ways. This edited volume aims to provide an in-depth analysis of the multiple aspects and transformations of Vietnam's foreign policy over the past thirty years. The book is divided into three sections. The first covers the broader framework of Vietnam's foreign policy making and the historical evolution of Vietnam's diplomacy under Doi Moi. The second examines Vietnam's bilateral relationships with its major partners, namely the United States, China, Japan, India, Russia, its smaller neighbours (Cambodia and Laos), and ASEAN. Finally, the book looks into two major issues in Vietnam's current foreign policy: the management of the South China Sea disputes and the international economic integration process. As the most informative, updated and comprehensive volume on Vietnam's foreign policy under Doi Moi, the book is a useful reference for academics, policymakers and students, as well as anyone interested in contemporary Vietnam in general and its foreign policy in particular.

"Appelle-moi Pierrot" Jo Ann Marie Recker,1986-01-01 The application of moliéresque critical theory to the Correspondance of Mme de Sévigné can contribute to a renewed appreciation of the highly intellectual quality of the comic genius of a spirituelle marquise, a mother who desperately wanted to entice a distanced daughter to regularity in an epistolary exchange, a woman of wit and irony.

Melody - Tome 1 - Cette autre en moi Lylian,2023-09-01T00:00:00+02:00 Jeune pianiste surdouée, Mélody est victime d’un grave accident de voiture. Alors qu’elle flotte entre la vie et la mort aux yeux des médecins et de ses parents, elle reprend conscience dans un univers inconnu, peuplé de créatures multicolores aux formes étranges. Dans ce décor mystérieux et vaguement menaçant, elle fait la connaissance d’une certaine Shanala, qui lui promet de la sauver. À une condition : Mélody devra accomplir diverses missions. Afin de les mener à bien, elle pourra se transformer, durant quelques heures, en une adulte. La première de ces missions consistera à retrouver le responsable de son accident. Alors qu’elle suit un homme suspect, celui-ci la conduit à l’hôpital, au chevet d’une femme qui n’est autre que Shanala et qui se trouve dans le coma depuis plusieurs années... Bienvenue dans l’Entre-Monde, territoire des esprits en errance ! Ce premier tome de Melody nous entraîne de l’autre côté de la frontière qui sépare le monde des morts de celui des vivants, tout au long d’un récit aux accents oniriques. Entre fantastique et enquête policière, Melody est aussi une réflexion sur le passage, toujours délicat, de l’enfance à l’âge adulte.

Poverty and Survival Prospects of Vietnamese Children Under Doi Moi Adam Wagstaff,Nga Nguyet Nguyen,2002 Abstract: By international standards, and given its relatively low per capita income, Vietnam has achieved substantial reductions in, and low levels of, infant and under-five mortality. Wagstaff and Nguyen review existing evidence and provide new evidence on whether, under the economic liberalization program known as Doi Moi, this reduction in child mortality has been sustained. They conclude that it has, but that the gains have been concentrated among the better-off. As a result, socioeconomic inequalities in child survival are

evident in Vietnam change from the early 1990s when none were apparent. The authors develop survival models to find the causes of this differential decline in child mortality, and conclude that a number of factors have been at work, including reductions among the poor (but not among the better-off) in coverage of health services and in women's educational attainment. They argue that if the experience of the late 1990s is a guide to the future, the lack of progress among the poor will jeopardize Vietnam's chances of achieving the international development goals for child mortality. The authors examine various policy scenarios, including expanding coverage of health services, water and sanitation, and find that such measures, while useful, will have only a limited effect on the mortality of poor children. They find that programs aimed at narrowing the gap between the poor and better-off may have large beneficial effects on the various determinants of child survival. This paper a product of Public Services, Development Research Group is part of a larger effort in the group to investigate the links between health and poverty. Gene Bullard, C'est Moi! Norman Weinstein, 2012-11-07 The protagonist of Gene Bullard, *C'est Moi!* becomes the world's first black aviator and a member of the Lafayette Flying Corps in WW I. Born into dire poverty in Georgia, in conflict with a stern father, he runs away at 12. The quintessential strength of Gene Bullard consists of courage, self-respect, a sense of humor, a deep regard for people of all stripes, and simple intelligence. He refuses to allow himself to drown in hatred: Fill you up with hate and they've won, they've poisoned you, and they almost did it to me. He joins a gypsy band in Georgia, makes it to France, joins the Foreign Legion, is wounded at Verdun, receives the first of 15 medals from the French, learns to fly, and between the wars becomes owner of a small but successful Montmartre cabaret known by everyone. He marries into a middle-class Parisian family, spies for the French before WW II, and ultimately escapes to America after being wounded. The rapidly paced and numerous brief scenes with their many characters construct a remarkable person who, offered opportunities in France denied him in his native land, realizes himself as a complete human undefeated by racism and other challenges.
