The Collaborative Economy in Action: European Perspectives Andrzej Klimczuk, Vida Česnuityte, Gabriela Avram, 2021-10-04

The book titled *The Collaborative Economy in Action: European Perspectives* is one of the important outcomes of the COST Action CA16121, *From Sharing to Caring: Examining the Socio-Technical Aspects of the Collaborative Economy* (short name: *Sharing and Caring*; sharingandcaring.eu) that was active between March 2017 and September 2021. The Action was funded by the European Cooperation in Science and Technology – COST (www.cost.eu/actions/CA16121). The main objective of the COST Action *Sharing and Caring* is the development of a European network of researchers and practitioners interested in investigating the collaborative economy models, platforms, and their socio-technological implications. The network involves scholars, practitioners, communities, and policymakers. The COST Action *Sharing and Caring* helped to connect research initiatives across Europe and enabled scientists to develop their ideas by collaborating with peers. This collaboration opportunity represented a boost for the participants' research, careers, and innovation potential. The main aim of this book is to provide a comprehensive overview of the collaborative economy (CE) in European countries with a variety of its aspects for a deeper understanding of the phenomenon as a whole. For this reason, in July 2017, an open call for country reports was distributed among the members of the COST Action *Sharing and Caring*. Representatives of the member countries were invited to produce short country reports covering: definition(s) of the CE; types and models of the CE; key stakeholders involved; as well as legislation and technological tools relevant for the CE. Submitted reports varied in length and regarding the level of detail included, in accordance with how much information was available in each respective country at the time of writing. Editors of the book have compiled these early reports into a summary report, which was intended as a first step in mapping the state of the CE in Europe. The *Member Countries Report on the Collaborative Economy*, edited by Gaia Mosconi, Agnieszka Lukaszewicz, and Gabriela Avram (2018) that was published on the *Sharing and Caring* website, represented its first synergetic outcome and provided an overview of the CE phenomenon as interpreted and manifested in each of the countries part of the network. Additionally, Sergio Nassare-Aznar, Kosjenka Dumančić, and Giulia Priora compiled a *Preliminary Legal Analysis of Country Reports on Cases of Collaborative Economy* (2018). In 2018, after undertaking an analysis of the previous reports' strengths and weaknesses, the book editors issued a call for an updated version of these country reports. Prof. Ann Light advised the editorial team, proposing a new format for country reports and 4000 words limit. The template included: Introduction, Definition, Key Questions, Examples, Illustration, Context, Developments, Issues, Other Major Players, and Relevant Literature. The new template was approved by the Management Committee in October 2018. The task force that had supported the production of the first series of country reports (Dimitar Trajanov, Maria del Mar Alonso, Bálint Balázs, Kosjenka Dumančić, and Gabriela Avram) acted as mentors for the team of authors in each country. The final reports arrived at the end of 2018, bringing the total number of submissions to 30 (twenty-nine European countries plus Georgia). A call for book editors was issued, and a new editorial team was formed by volunteers from the participants of the COST Action: Andrzej Klimczuk, Vida Česnuityte, Cristina Miguel, Santa Mijalche, Gabriela Avram, Bori Simonovits, Bálint Balázs, Kostas Stefanidis, and Rafael Laurenti. The editorial team organized the double-blind reviews of reports and communicated to the authors the requirements for improving their texts. After reviews, the authors submitted updated versions of their country reports providing up-to-date interdisciplinary analysis on the state of the CE in 2019, when the reports were collected. During the final phase, the chapters were again reviewed by the lead editors together with all editorial team members. At the time, the intention was to update these reports again just before the end of

the COST Action Sharing and Caring in 2021 and to produce a third edition. However, the COVID-19 pandemic changed these plans. Thus, this final volume was created by 82 scholars-editors and contributors-and consists of reports on 27 countries participating in the COST Action.

Scenes from an Automotive Wonderland Gregory A. Cagle, 2018-03-16 Gregory Cagle was a 10-year-old car fanatic when his family moved from New Jersey to Germany in 1956. For the next five years he photographed unusual, rare and sometimes bizarre automobiles throughout Europe. This book features 105 specimens of auto exotica, captured with Cagle's Iloca Rapid-B 35mm camera-not showpieces in museums but daily drivers in their natural habitats. In the background can be glimpsed, here and there, the mood of postwar Europe. The story behind each photo is told, with dates and locations, information and history about the cars and some of their owners, along with Cagle's personal anecdotes.

Grammatical Profiles Martin J. Ball, Paul Fletcher, David Crystal, 2019-07-15 This book brings together 12 previously unpublished language profiles based on the original Language Assessment, Remediation and Screening Procedure (LARSP). The languages featured are: Bangla, Croatian, Colombian Spanish, Inuktitut, Norwegian, Portuguese, Russian, Slovak, Slovenian, Swahili, Tamil and Turkish. Some of these languages are included as they are likely to be encountered as home languages of clients by speech-language therapists and pathologists working in the UK, the US, Australia and elsewhere. Others are included because they are languages found where speech-language pathology services are provided, but where no grammatical profile already exists. The collection will be an invaluable resource book for speech-language pathologists who wish to analyse and assess the grammatical abilities of their clients who speak one of these languages. This new collection complements previous books in this series on the same theme and together they cover 34 languages of the world.

Colloquial Croatian Celia Hawkesworth, 2015-08-14 Colloquial Croatian provides a step-by-step course in Croatian as it is written and spoken today. Combining a user-friendly approach with a thorough treatment of the language, it equips learners with the essential skills needed to communicate confidently and effectively in Croatian in a broad range of situations. No prior knowledge of the language is required. Key features include: •

progressive coverage of speaking, listening, reading and writing skills • structured, jargon-free explanations of grammar • an extensive range of focused and stimulating exercises • realistic and entertaining dialogues covering a broad variety of scenarios • useful vocabulary lists throughout the text • additional resources available at the back of the book, including a full answer key, a grammar summary and bilingual glossaries

Balanced, comprehensive and rewarding, *Colloquial Croatian* will be an indispensable resource both for independent learners and students taking courses in Croatian. Audio material to accompany the course is available to download free in MP3 format from www.routledge.com/cw/colloquials. Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

Kosovo Verena Knaus, Gail Warrander, Larissa Olenicoff, Bridget Nurre Jennions, 2017-10-05 This new fully updated 3rd edition of Bradt's Kosovo is the only full-length English guidebook to this land rich in cultural heritage, generous hospitality and stunning scenery which is celebrating its 10th anniversary of unilateral independence from Serbia. Updated by two resident tourism experts, this new edition is an ideal companion for all visitors, offering maps, contacts and detailed information not easily accessible online, insider knowledge of one of Europe's last unspoiled destinations, and comprehensive detail on sites, attractions and practical information. What was once a hub for adventurous backpackers and international organisations has become an outdoor adventure destination in its own right with a compelling buzz thanks in part to a vibrant and dynamic young population: the average age here is 26. Mega-hiking trails like the Via Dinarica and Peaks of the Balkans have brought attention to the country's unmatched scenery and multitude of 2,500+ metre peaks. New via ferratas – climbing routes – in the country's north and west appeal to the adventurous set, while newly restored archaeological sites offer a haven for history buffs as well. This third edition contains a wealth of new tour operators and fully updated maps to key cities and regions that make it easier than ever to explore Europe's youngest country. Ringed by high mountains and recovering from a turbulent past, Kosovo is enjoying a tourism renaissance. Following this guide, visitors can ski over pristine snowfields and hike among saw-toothed mountains, explore the ebb and flow of Islam and of Orthodox Christianity at beautiful shrines such as Gracanica Monastery or Prizren's Sinan Pasha Mosque, sample raki at one of the vineyards, visit a traditional stone kulla, and be initiated into Prishtina's coffee-drinking culture. Bradt's Kosovo caters for all travellers. With detailed descriptions of the country's lively cafés and wide-ranging restaurants, as well as the thriving outdoor adventure scene, plus accommodation to suit all budgets, this new edition is the ideal companion for tourists, NGOs and long-term visitors.
