Phantom Plague Vidya Krishna,2022-04-29 The definitive social history of tuberculosis, from its origins as a haunting mystery to its modern reemergence that now threatens populations around the world. It killed novelist George Orwell, Eleanor Roosevelt, and millions of others-rich and poor. Desmond Tutu, Amitabh Bachchan, and Nelson Mandela survived it, just. For centuries, tuberculosis has ravaged cities and plagued the human body. In *Phantom Plague*, Vidya Krishnan, traces the history of tuberculosis from the slums of 19th-century New York to modern Mumbai. In a narrative spanning century, Krishnan shows how superstition and folk-remedies, made way for scientific understanding of TB, such that it was controlled and cured in the West. The cure was never available to black and brown nations. And the tuberculosis bacillus showed a remarkable ability to adapt-so that at the very moment it could have been extinguished as a threat to humanity, it found a way back, aided by authoritarian government, toxic kindness of philanthropists, science denialism and medical apartheid. Krishnan's original reporting paints a granular portrait of the post-antibiotic era as a new, aggressive, drug resistant strain of TB takes over. *Phantom Plague* is an urgent, riveting and fascinating narrative that deftly exposes the weakest links in our battle against this ancient foe.

Bulls, Bears and Other Beasts (5th Anniversary Edition) Santosh Nair,2021-11-26 Insightful, interesting and a lot of fun' Ravi Subramanian 'An honest and extremely detailed recounting of the evolution of the market' BusinessLine 'A delightful book on the stock markets' Free Press Journal A rip-roaring history of the Indian stock market post liberalization. The wise and wily Lalchand Gupta takes you on an exciting journey through Dalal Street in this comprehensive history of the stock market since 1991. From tech booms and tax evasion to banks and money laundering; scams and crashes to fixers and investors, Lala has seen it all. Bringing the story up to the present, this special fifth anniversary edition also makes keen observations about the developments on the trading floor of the Bombay Stock Exchange in more recent times and doles out smart investing hacks in Lala's inimitable style. *Bulls, Bears and Other Beasts* is a must-read for anyone interested in the financial health of the country as well as those who want to know about the sensational events that led up to the far more sterile stock-market operations of the present day.

Coffee Can Investing Saurabh Mukherjea,Rakshit Ranjan,Pranab Uniyal,2018-02-23 Most people invest in the usual assets: real estate, gold, mutual funds, fixed deposits and stock markets. It's always the same four or five instruments. All they end up making is a measly 8 to 12 per cent per annum. Those who are exceptionally unfortunate get stuck in the middle of a crash and end up losing a lot of money. What if there was another way? What if you could make not 10 not 15 but 20 per cent compound annual growth rate (CAGR) on your investments? What if there was a way to grow your money four to five times whilst taking half the risk compared to the overall market? Bestselling author of *Gurus of Chaos* and *The Unusual Billionaires*, Saurabh Mukherjea puts his money where his mouth is. Saurabh follows the Coffee Can approach to high-quality, low-risk investing. His firm, Ambit Capital, is one the largest wealth managers in India which invests with this approach and delivers stupendous returns. In *Coffee Can Investing*, Saurabh will show you how to go about low-risk investments that generate great returns.

Networks, Labour and Migration among Indian Muslim Artisans Thomas Chambers ,2020-04-30 *Networks, Labour and Migration among Indian Muslim Artisans* provides an ethnography of life, work and migration in a North Indian Muslim-dominated woodworking industry. It traces artisanal connections within the local context, during migration within India, and to the Gulf, examining how woodworkers utilise local and transnational networks, based on identity, religiosity, and affective circulations, to access resources, support and forms of mutuality. However, the book also illustrates how liberalisation, intensifying forms of marginalisation and incorporation into global production networks have led to spatial pressures, fragmentation of artisanal labour, and forms of enclavement that persist despite geographical mobility and connectedness. By working across the dialectic of marginality and connectedness, Thomas Chambers thinks through these complexities and dualities by providing an ethnographic account that shares everyday life with artisans and others in the industry. Descriptive detail is intersected with spatial scales of 'local', 'national' and 'international', with the demands of supply chains and labour markets within India and abroad, with structural conditions, and with forms of change and continuity. Empirically, then, the book provides a detailed account of a specific locale, but also contributes to broader theoretical debates centring on theorisations of margins, borders, connections, networks, embeddedness, neoliberalism, subjectivities, and economic or social flux.

Pandemonium: The Great Indian Banking Tragedy Tamal Bandyopadhyay,2020-11-09 For the past 25 years, Tamal Bandyopadhyay has been a keen student of Indian banking. A lifelong reporter and journalist, he is an award-winning national business columnist and a bestselling author. He is widely recognised for 'Banker's Trust', a weekly column whose unerring ability to anticipate and dissect major policy decisions in India's banking and

finance has earned him a large print and digital audience around the world. The column won Tamal the Ramnath Goenka Award for Excellence in Journalism (commentary and interpretative writing) for 2017. Banker's Trust now appears in Business Standard, where he is a Consulting Editor. Previously, Tamal has had stints with three other national business dailies in India, and was a founding member of Mint newspaper and Livemint.com. He is also a Senior Adviser to Jana Small Finance Bank Ltd. Between 2014 and 2018, as an adviser on strategy for Bandhan Bank Ltd, he had a ringside view of the first-ever transformation of a microfinance institution in India into a universal bank. Author of five other books, Tamal is widely recognised as a contributor to the Oxford Handbook of the Indian Economy and Making of New India: Transformation Under Modi Government. In 2019, LinkedIn named him as one of the 'most influential voices in India'.

The Investment Checklist Michael Shearn, 2011-09-20 A practical guide to making more informed investment decisions Investors often buy or sell stocks too quickly. When you base your purchase decisions on isolated facts and don't take the time to thoroughly understand the businesses you are buying, stock-price swings and third-party opinion can lead to costly investment mistakes. Your decision making at this point becomes dangerous because it is dominated by emotions. The Investment Checklist has been designed to help you develop an in-depth research process, from generating and researching investment ideas to assessing the quality of a business and its management team. The purpose of The Investment Checklist is to help you implement a principled investing strategy through a series of checklists. In it, a thorough and comprehensive research process is made simpler through the use of straightforward checklists that will allow you to identify quality investment opportunities. Each chapter contains detailed demonstrations of how and where to find the information necessary to answer fundamental questions about investment opportunities. Real-world examples of how investment managers and CEOs apply these universal principles are also included and help bring the concepts to life. These checklists will help you consider a fuller range of possibilities in your investment strategy, enhance your ability to value your investments by giving you a holistic view of the business and each of its moving parts, identify the risks you are taking, and much more. Offers valuable insights into one of the most important aspects of successful investing, in-depth research Written in an accessible style that allows aspiring investors to easily understand and apply the concepts covered Discusses how to think through your investment decisions more carefully With The Investment Checklist, you'll quickly be able to ascertain how well you understand your investments by the questions you are able to answer, or not answer, without making the costly mistakes that usually hinder other investors.

Facebook Steven Levy, 2020-02-25 One of the Best Technology Books of 2020—Financial Times “Levy’s all-access Facebook reflects the reputational swan dive of its subject. . . . The result is evenhanded and devastating.”—San Francisco Chronicle “[Levy’s] evenhanded conclusions are still damning.”—Reason “[He] doesn’t shy from asking the tough questions.”—The Washington Post “Reminds you the HBO show Silicon Valley did not have to reach far for its satire.”—NPR.org The definitive history, packed with untold stories, of one of America’s most controversial and powerful companies: Facebook As a college sophomore, Mark Zuckerberg created a simple website to serve as a campus social network. Today, Facebook is nearly unrecognizable from its first, modest iteration. In light of recent controversies surrounding election-influencing “fake news” accounts, the handling of its users’ personal data, and growing discontent with the actions of its founder and CEO—who has enormous power over what the world sees and says—never has a company been more central to the national conversation. Millions of words have been written about Facebook, but no one has told the complete story, documenting its ascendancy and missteps. There is no denying the power and omnipresence of Facebook in American daily life, or the imperative of this book to document the unchecked power and shocking techniques of the company, from growing at all costs to outmaneuvering its biggest rivals to acquire WhatsApp and Instagram, to developing a platform so addictive even some of its own are now beginning to realize its dangers. Based on hundreds of interviews from inside and outside Facebook, Levy’s sweeping narrative of incredible entrepreneurial success and failure digs deep into the whole story of the company that has changed the world and reaped the consequences.

Entrepreneurship: Creating and Leading an Entrepreneurial Organization Arya Kumar, A new venture or business always stands on the precarious ground of unpredictable challenges wherein it is constantly subjected to pressures from competition and the ever changing dynamics of the market. In this scenario, a venture can only be successful, if it is guided by an entrepreneur who measures situations insightfully and calculates the risks before taking a plunge. Entrepreneurship: Creating and Leading an Entrepreneurial Organization is about creating, managing, and leading an entrepreneurial organization. The contents would help in inculcating an entrepreneurial mindset, developing entrepreneurial skills, and equipping the reader with the basic knowledge and skills for launching and managing the growth of a venture. The teaching/learning of entrepreneurship require greater focus on experiential learning. Therefore, the book extensively emphasizes on experiential learning and a hands-on approach - 'learning by doing'. Book has cited a number of examples and given cases and exercises from Indian as also global contexts to make entrepreneurship learning an enjoyable experience.

Red Gold Jennifer E. Telesca, 2020-04-21 Illuminating the conditions for global governance to have precipitated the devastating decline of one of the ocean’s most majestic creatures The International Commission for the

Conservation of Atlantic Tunas (ICCAT) is the world's foremost organization for managing and conserving tunas, seabirds, turtles, and sharks traversing international waters. Founded by treaty in 1969, ICCAT stewards what has become under its tenure one of the planet's most prominent endangered fish: the Atlantic bluefin tuna. Called "red gold" by industry insiders for the exorbitant price her ruby-colored flesh commands in the sushi economy, the giant bluefin tuna has crashed in size and number under ICCAT's custodianship. With regulations to conserve these sea creatures in place for half a century, why have so many big bluefin tuna vanished from the Atlantic? In *Red Gold*, Jennifer E. Telesca offers unparalleled access to ICCAT to show that the institution has faithfully executed the task assigned it by international law: to fish as hard as possible to grow national economies. ICCAT manages the bluefin not to protect them but to secure export markets for commodity empires—and, as a result, has become complicit in their extermination. The decades of regulating fish as commodities have had disastrous consequences. Amid the mass extinction of all kinds of life today, *Red Gold* reacquaints the reader with the splendors of the giant bluefin tuna through vignettes that defy technoscientific and market rationales. Ultimately, this book shows, changing the way people value marine life must come not only from reforming ICCAT but from transforming the dominant culture that consents to this slaughter.

Rewired Carl D. Marci MD, 2022-05-17 Living in an age of digital distraction has wreaked havoc on our brains—but there's much we can do to restore our tech-life balance. We live in a world that is always on, where everyone is always connected. But we feel increasingly disconnected. Why? The answer lies in our brains. Carl D. Marci, MD, a leading expert on social and consumer neuroscience, reviews the mounting evidence that overuse of smart phones and social media is rewiring our brains, resulting in a losing deal: we are neglecting the relationships that sustain us and keep us healthy in favor of weaker and more ephemeral ties. The ability to connect and form strong social bonds is fundamental to human experience and emerged through unique structures in our brains. But ever-more-powerful technologies and ubiquitous access to media have hijacked our need to connect intimately and emotionally with others. The quick highs of clicking "like" and swiping right overstimulate the same neurological reward centers associated with social relationships. The habits that accompany our digital lifestyles are putting tremendous pressure on critical components of the brain associated with attention, emotion, and memory, changing how we process information and altering how we communicate and relate, even at a physiological level. As a psychiatrist working at the forefront of research on the impact of digital technology, Marci has seen this transformation up close and developed a range of responses. *Rewired* provides scientifically supported solutions for everyone who wants to restore their tech-life balance—from parents concerned about their children's exposure to the internet to stressed workers dealing with the deluge of emails and managing the expectation of 24/7 availability.

Riding the Tiger Wilfried Aulbur, Amit Kapoor, 2016-11-18 How can one survive in a market which is volatile and uncertain? What strategies have worked and not worked in the past? What does it take to be successful in India? What are the successful strategies applied by the likes of HUL, Godrej, Adani Ports and redBus? So what does it take to Ride the Tiger? Sound flexible strategy, operational excellence and dedication to customer-centric innovation. But what does that really mean? How have successful Indian companies managed challenges in an extremely price-sensitive market? In this book, Wilfried Aulbur and Amit Kapoor look at successful, and sometimes not-so-successful, strategies, operations and innovations in India. They have distilled lessons from their decades of practical work experience in the country. From large family conglomerates like Tata and Godrej to newer additions like Adani, from MNCs like Maruti Suzuki to start-ups in Bangalore and Gurgaon—the book explores key learnings from all four kinds of companies in an Indian context and provides useful insights into how business is done in India.

Bookishness Jessica Pressman, 2020 Jessica Pressman explores the rise of bookishness as an identity and an aesthetic strategy that proliferates from store-window décor to experimental writing. Ranging from literature to kitsch objects, stop-motion animation films to book design, she considers the multivalent meanings of books in contemporary culture.

Love Marriage Monica Ali, 2022-05-03 Set in London now, *Love Marriage* marks the magnificent return of Monica Ali, the Booker Prize shortlisted, splendid, daring, brilliant, refreshing novelist (*The New Republic*) with an inborn generosity that cannot be learned (*The New York Times Book Review*). Yasmin Ghorami in twenty-six, in training to be a doctor (like her Indian-born father), and engaged to the charismatic, upper-class Joe Sangster, whose formidable mother, Harriet, is a famous feminist. The gulf between families is vast. So, too, is the gulf in sexual experience between Yasmin and Joe. As the wedding day draws near, misunderstandings, infidelities, and long-held secrets upend both Yasmin's relationship and that of her parents, a love marriage, according to the family lore that Yasmin has believed all her life. A gloriously acute observer of class, sexual mores, and the mysteries of the human heart, Monica Ali has written a captivating social comedy and a profoundly moving, revelatory story of two cultures, two families, and two people trying to understand one another. Monica Ali's *Brick Lane* was a finalist for the Los Angeles Times Book Prize and the National Book Critics Circle Award, and was shortlisted for the Booker Prize. It was named a best book of the year by *The New York Times*, *Chicago Tribune*, *The Washington Post*, and *The Atlantic*.

Let's Talk Money Monika Halan,2018-07-05 REVISED AND UPDATED-NOW WITH FINANCIAL LESSONS FROM COVID-19 We work hard to earn our money. But regardless of how much we earn, the money worry never goes away. Bills, rent, EMIs, medical costs, vacations, kids' education and, somewhere at the back of the head, the niggling fear of being underprepared for our own retirement. Wouldn't it be wonderful if our money worked for us just as we work hard for it? What if we had a proven system to identify dud investment schemes? What if we could just plug seamlessly into a simple, jargon-free plan to get more value out of our money for tomorrow, and have a super good life today as well? India's most trusted name in personal finance, Monika Halan offers you a feet-on-the-ground system to build financial security. Not a get-rich-quick guide, this book provides you a smarter way to live your dream life, rather than stay worried about the 'right' investment or 'perfect' insurance. Unlike many personal finance books, Let's Talk Money is written specifically for you, keeping the Indian context in mind.

Crude Volatility Robert McNally,2017-01-17 As OPEC has loosened its grip over the past ten years, the oil market has been rocked by wild price swings, the likes of which haven't been seen for eight decades. Crafting an engrossing journey from the gushing Pennsylvania oil fields of the 1860s to today's fraught and fractious Middle East, Crude Volatility explains how past periods of stability and volatility in oil prices help us understand the new boom-bust era. Oil's notorious volatility has always been considered a scourge afflicting not only the oil industry but also the broader economy and geopolitical landscape; Robert McNally makes sense of how oil became so central to our world and why it is subject to such extreme price fluctuations. Tracing a history marked by conflict, intrigue, and extreme uncertainty, McNally shows how—even from the oil industry's first years—wild and harmful price volatility prompted industry leaders and officials to undertake extraordinary efforts to stabilize oil prices by controlling production. Herculean market interventions—first, by Rockefeller's Standard Oil, then, by U.S. state regulators in partnership with major international oil companies, and, finally, by OPEC—succeeded to varying degrees in taming the beast. McNally, a veteran oil market and policy expert, explains the consequences of the ebbing of OPEC's power, debunking myths and offering recommendations—including mistakes to avoid—as we confront the unwelcome return of boom and bust oil prices.

Art of Stock Investing Manikandan Ramalingam,2020-06-21 Art of Stock Investing is a book that will break the common misconception that stock investing is gambling. It teaches beginners, amateurs, and experts simple yet effective ways to leverage on great companies, churning more and more profits every year. Money Wise Deepak Shenoy,2023-02-07 Written in Shenoy's trademark style, Money Wise is a book as much fun to read as it is informative. If you want to start investing, this is the book for you. If you have already started, then read this and up your game.

The Hot Hand Ben Cohen,2020-03-10 How can you maximize success—and limit failure? Wall Street Journal reporter Ben Cohen brilliantly investigates the mystery and science of streaks, from basketball to business. A feast for anyone interested in the secrets of excellence. —Andre Agassi For decades, statisticians, social scientists, psychologists, and economists (among them Nobel Prize winners) have spent massive amounts of precious time thinking about whether streaks actually exist. After all, a substantial number of decisions that we make in our everyday lives are quietly rooted in this one question: If something happened before, will it happen again? Is there such a thing as being in the zone? Can someone have a “hot hand”? Or is it simply a case of seeing patterns in randomness? Or, if streaks are possible, where can they be found? In The Hot Hand, Wall Street Journal reporter Ben Cohen offers an unfailingly entertaining and provocative investigation into these questions. He begins with how a \$35,000 fine and a wild night in New York revived a debate about the existence of streaks that was several generations in the making. We learn how the ability to recognize and then bet against streaks turned a business school dropout named David Booth into a billionaire, and how the subconscious nature of streak-related bias can make the difference between life and death for asylum seekers. We see how previously unrecognized streaks hidden amidst archival data helped solve one of the most haunting mysteries of the twentieth century, the disappearance of Raoul Wallenberg. Cohen also exposes how streak-related incentives can be manipulated, from the five-syllable word that helped break arcade profit records to an arc of black

paint that allowed Stephen Curry to transform from future junior high coach into the greatest three-point shooter in NBA history. Crucially, Cohen also explores why false recognition of nonexistent streaks can have cataclysmic results, particularly if you are a sugar beet farmer or the sort of gambler who likes to switch to black on the ninth spin of the roulette wheel.

Right here, we have countless book **Moneycontrol** and collections to check out. We additionally offer variant types and then type of the books to browse. The adequate book, fiction, history, novel, scientific research, as without difficulty as various other sorts of books are readily handy here.

Moneycontrol Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats,

cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Moneycontrol PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress

and innovation in various fields. It is worth noting that while accessing free Moneycontrol PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Moneycontrol free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Moneycontrol Books
