

Monsters Run

K. J. Thomas

Monsters on the Run Kevin Sherry, 2015-09-29 Yeti Blizz Richards and his gang of cryptids set out to find a friend for Vanessa, the Loch Ness Monster, even though it means traveling back in time to the dangerous age of the Cretaceous looking for plesiosaurs--unfortunately Vanessa proves to be rather timid about meeting other dinosaurs.

The Monster Run MyLinda Butterworth, 2004 Nicole's grandfather uses his love to chase out the monsters that lurk in her bedroom and keep her from sleeping.

Running with Monsters Bob Forrest, Michael Albo, 2013-10-01 Celebrity Rehab star and Thelonious Monster frontman Bob Forrest's memoir about his drug-fueled life in the L.A. indie rock scene of the '80s and '90s and his life-changing decision to become a drug counselor who specializes in reaching the unreachable. Life has been one strange trip for Bob Forrest. He started out as a suburban teenage drunkard from the Southern California suburbs and went on to become a member of a hip Hollywood crowd that included the Red Hot Chili Peppers, Johnny Depp, and River Phoenix. Los Angeles was their playground, and they hung out in such infamous haunts as the Viper Room and the Whisky a Go Go. Always one to push things to their limit, Bob partied the hardest and could usually be found at the center of the drama. Drugs weren't Bob's only passion. He was also a talented musician who commanded the stage as the wild and unpredictable lead singer of Thelonious Monster. They traveled the world, and their future seemed bright and wide open. But Bob's demons grew stronger as he achieved more success and he sank deeper into his chemical dependency, which included alcohol, crack, and heroin habits. No matter how many times he went to rehab, sobriety just wouldn't stick for him. Soon he saw his once-promising music career slip away entirely. Eventually Bob found a way to defeat his addiction, and once he did, he saw the opportunity to help other hopeless cases by becoming a certified drug counselor. He's helped addicts from all walks of life, often employing methods that are very much at odds with the traditional rehab approach. *Running with Monsters* is an electrifying chronicle of the LA rock scene of the 1980s and '90s, the story of a man who survived and triumphed over his demons, and a controversial perspective on the rehab industry and what it really takes to beat addiction. Bob tells his story with unflinching honesty and hard-won perspective, making this a reading experience that shocks, entertains, and ultimately inspires.

Monsters on the Run (The Yeti Files #2) Kevin Sherry, 2015-09-29 Blizz Richards and his band of wacky cryptids are back for another illustrated adventure! Everyone thinks the Loch Ness monster is one-of-a-kind. But that just means Nessie's lonely. And only yeti Blizz Richards and his team of cryptozoologists can help her find a friend just like her. With a little help from a time-traveling leprechaun, the gang travels back 65 million years to the age of dinosaurs to begin the search. But they aren't ready for the dangers that wait for them: monstrously mean dinos. Giants with razor-sharp teeth. Terrifyingly cute little kitties. Can Blizz keep his team safe, or will they have to sacrifice everything to help Nessie find a friend?

Run & Hide Beatrix Hollow, 2021-09-07 Monsters--shadows, gills, wings, and more. The things I fear crave me... and they've been here the whole time. Hiding, waiting, and wanting. Lurking, sneaking, and watching. Traveling the country camping was supposed to be an escape from the strange and unusual

that clings to my family. My family's calling to fame terrifies me. The ghosts, the hauntings, the supernatural--I want nothing to do with it. Too bad it wants everything to do with me. Where did the trip first go wrong? Maybe when an old friend with dark secrets insisted on coming--a rising rock star whose fame is now putting me in the limelight. Then there is the West Virginia local legend. A monster myth of cryptid fame. A campfire story. But there are those that believe--that are willing to do whatever it takes to capture the monster in the mountains. Maybe even use humans as bait. Maybe even use me. Author Note: This is a monster romance with multiple love interests the female lead will not choose between. There are mature themes including spice, significant violence, language, and etc. This is book one of a series and will be slow build, meaning not all love interests are introduced in book one.

Meet the Bigfeet (The Yeti Files #1) Kevin Sherry, 2014-09-30 A hilarious new chapter book series from the bestselling author/illustrator of I'M THE BIGGEST THING IN THE OCEAN. Blizz Richards is a great guy, a caring boss, and a loyal friend. Oh, yeah...he's also a yeti! He's made it his life's mission to study cryptids like him, hidden animals who have taken a powerful oath to never be seen by the outside world. So when a photo of Cousin Brian becomes a media sensation, Brian can't handle the guilt and disappears. But it's time for the annual Bigfoot family reunion, and it won't be the same without him. Luckily, Blizz and his devoted team are on the case. Can they find their furry friend before their secret gets out for good? In Kevin Sherry's hilarious new illustrated series, you'll meet a wide array of weird and wacky cryptids, from goblins and Goatman to skunk apes and Sasquatch--animals that you don't believe exist. And it's up to Blizz to keep it that way!

The Monsters Know What They're Doing Keith Ammann, 2019-10-29 From the creator of the popular blog The Monsters Know What They're Doing comes a compilation of villainous battle plans for Dungeon Masters. In the course of a Dungeons & Dragons game, a Dungeon Master has to make one decision after another in response to player behavior--and the better the players, the more unpredictable their behavior! It's easy for even an experienced DM to get bogged down in on-the-spot decision-making or to let combat devolve into a boring slugfest, with enemies running directly at the player characters and biting, bashing, and slashing away. In *The Monsters Know What They're Doing*, Keith Ammann lightens the DM's burden by helping you understand your monsters' abilities and develop battle plans before your fifth edition D&D game session begins. Just as soldiers don't whip out their field manuals for the first time when they're already under fire, a DM shouldn't wait until the PCs have just encountered a dozen bullywugs to figure out how they advance, fight, and retreat. Easy to read and apply, *The Monsters Know What They're Doing* is essential reading for every DM.

Hiding from Monsters: A High School Bully Romance K. J. Thomas, 2021-05-30 No matter where I go or how far I run, he'll always find me. Avery My parents thought it was a wonderful idea to hook up with a rival family's son, maybe it would bring everyone together. It didn't. Not even close. When I tried to break things off I lost everything and everyone. My parents are gone, and now I'm forced to move across the country, to the unknown. Straight into the arms of Asher Mancini. Obsessive. Relentless. Cruel. Evil. Deadly. Asher I never planned on finishing my senior year at Blackwood Academy? until Avery Stone showed up. I don't need to finish up the year I lost. My future is already decided,

I'm in charge of the East Coast. Everyone respects and bows at my feet. I may be only 19, but age is only a number, when your life is in my hands. Avery doesn't realize who she's up against. She thinks of me as a monster, maybe I am. One thing is for certain, I'll never let her go.

Run Like Hell Elliott Kay, 2019-03-08 Bloody, broke, and face down on the floor is no way to end a job... even for a monster. Life hasn't been easy for Scars of No-Clan. The king has a bounty out on all monstrous folk, leaving half-orc warriors like Scars no choice but to work for the local evil wizard. Now adventurers have hit the wizard's dungeon, wiping out years of hard work along with most of his co-workers. He's left with a handful of survivors: an outcast goblin scout, a heretical gnoll, the wizard's bizarre apprentice, a bandit cut loose from the stockade, and a murderous knife-fighting lady bugbear. They have to escape before the adventurers find them--and the only way out is through the darkest reaches of the dungeon. Scars wanted to walk off this job the day he was hired, but going out like this is going to look terrible on his résumé.

Monster A. Lee Martinez, 2009-05-11 Meet Monster. Meet Judy. Two humans who don't like each other much, but together must fight dragons, fire-breathing felines, trolls, Inuit walrus dogs, and a crazy cat lady -- for the future of the universe. Monster runs a pest control agency. He's overworked and has domestic troubles -- like having the girlfriend from hell. Judy works the night shift at the local Food Plus Mart. Not the most glamorous life, but Judy is happy. No one bothers her and if she has to spell things out for the night-manager every now and again, so be it. But when Judy finds a Yeti in the freezer aisle eating all the Rocky Road, her life collides with Monster's in a rather alarming fashion. Because Monster doesn't catch raccoons; he catches the things that go bump in the night. Things like ogres, trolls, and dragons. Oh, and his girlfriend from Hell? She actually is from Hell.

How to Kill Monsters Using Common Household Items Jason Offutt, 2015-01-13 The human race is an endangered species. Vampires, werewolves, Bigfoot, and killer robots – they're all trying to kill us. Killer robots even have the word "killer" in their name. Can it get more obvious? We need to rid the world of these monsters before they rid the world of us. All of them. But these monsters aren't real, right? Wrong, and you're dead. These creatures wander the periphery of our reality, waiting for a moment of weakness, and then attack while we're home alone in our underwear. Monsters, Monstrosities, and the Monstrous in Culture and Society Diego Compagna, Stefanie Steinhart, 2020-01-28 Existing research on monsters acknowledges the deep impact monsters have especially on Politics, Gender, Life Sciences, Aesthetics and Philosophy. From Sigmund Freud's essay 'The Uncanny' to Scott Poole's 'Monsters in America', previous studies offer detailed insights about uncanny and immoral monsters. However, our anthology wants to overcome these restrictions by bringing together multidisciplinary authors with very different approaches to monsters and setting up variety and increasing diversification of thought as 'guiding patterns'. Existing research hints that monsters are embedded in social and scientific exclusionary relationships but very seldom copes with them in detail. Erving Goffman's doesn't explicitly talk about monsters in his book 'Stigma', but his study is an exceptional case which shows that monsters are stigmatized by society because of their deviations from norms, but they can form groups with fellow monsters and develop techniques for handling their stigma. Our book is to be understood as a complement and a 'further development' of previous studies: The essays of our anthology pay attention to mechanisms of inequality and exclusion concerning specific historical and present monsters, based on their research materials within their specific frameworks, in order to 'create' engaging, constructive, critical and diverse approaches to monsters, even utopian visions of a future of societies shared by monsters. Our book proposes the usual view, that humans look in a horrified way at monsters, but adds that monsters can look in a critical and even likewise frightened way at the very societies which stigmatize them.

Lake and Sea Monsters Linda S. Godfrey, 2009 Explores humanity's fascination with lake and sea monsters and separates fact from fiction by examining ancient legends and myths, contemporary eyewitness accounts, and the latest scientific discoveries.

Featuring TIME content, this high-interest book builds critical literacy skills and academic vocabulary and is purposefully leveled to engage different types of learners. Developed by Timothy Rasinski and Lori Oczkus, the text includes a table of contents, captions, glossary, index, and images to deepen understanding. The detailed sidebars feature fun facts that develop higher-order thinking. The Try It! culminating activity provides additional language-development activities. Aligned with McREL and WIDA/TESOL standards, this text features complex content appropriate for middle school students. This 6-Pack includes six copies of this title and a lesson plan.
