Moonlight Helen V. Griffith, 2012-01-24 Rabbit waits for the moon. But the moon takes its time, so Rabbit hops back to his burrow and goes to sleep. What happens in the world when Rabbit isn't looking? Well . . . magic. And moonlight. . . . The goats on the mountainside see it. The deer, birds, and raccoons see it. Even the fish see it. And finally, happily, Rabbit does, too. Do you?

Full Moon Michael Light, Andrew Chaikin, 1999 The most thrilling of all journeys--the missions of the Apollo astronauts to the surface of the Moon and back--yielded 32,000 extraordinarily beautiful photographs, the record of a unique human achievement. Until recently, only a handful of these photographs had been released for publication; but now, for the first time, NASA has allowed a selection of the master negatives and transparencies to be scanned electronically, rendering the sharpest images of space that we have ever seen. Michael Light has woven 129 of these stunningly clear images into a single composite voyage, a narrative of breathtaking immediacy and authenticity that begins with the launch and is followed by a walk in space, an orbit of the Moon, a lunar landing and exploration, and a return to Earth with an orbit and splashdown. Graced by five 45-inch-wide gatefolds that display the lunar landscape, from above the surface and at eye level, in unprecedented detail and clarity, *Full Moon* conveys on each page the excitement, disorientation, and awe that the astronauts themselves felt as they were shot into space and then as they explored an alien landscape and looked back at their home planet from hundreds of thousands of miles away. Published on the thirtieth anniversary of Apollo 11--the first landing on the Moon--this remarkable and mesmerizing volume is, like the voyages it commemorates and re-creates, an experience both intimate and monumental.

Love under the Blue Moon (light novel): Falling in love again Mii Hirose, 2023-08-14 It was August, and the Blue Moon had come around - a phenomenon wherein two full moons appear in the same month. As a seventeen-year-old, I found myself in Arashiyama, Kyoto, at my grandmother's house for a somber funeral. It was on this solemn occasion that a peculiar encounter awaited me. Under the radiant light of the first full moon, I stumbled upon a mysterious sight. There before me was a young girl, gracefully using an umbrella to scoop water from a spring, her actions illuminated by the moon's ethereal glow. She said, I'll be here until the

Blue Moon ends, and despite our same ages, she had a mysterious aura about her, as if hiding a great secret. That secret was that "I've been waiting for you in the future. This is a love story stretching across time and space, depicting two people bound by fate.

Serious Moonlight Jenn Bennett, 2019-04-16 "An atmospheric, multilayered, sex-positive romance." —Kirkus Reviews (starred review) After an awkward first encounter, Birdie and Daniel are forced to work together in a Seattle hotel where a famous author leads a mysterious and secluded life in this romantic contemporary novel from the author of *Alex, Approximately*. Mystery-book aficionado Birdie Lindberg has an overactive imagination. Raised in isolation and homeschooled by strict grandparents, she's cultivated a whimsical fantasy life in which she plays the heroic detective and every stranger is a suspect. But her solitary world expands when she takes a job the summer before college, working the graveyard shift at a historic Seattle hotel. In her new job, Birdie hopes to blossom from introverted dreamer to brave pioneer, and gregarious Daniel Aoki volunteers to be her guide. The hotel's charismatic young van driver shares the same nocturnal shift and patronizes the waterfront Moonlight Diner where Birdie waits for the early morning ferry after work. Daniel also shares her appetite for intrigue, and he's stumbled upon a real-life mystery: a famous reclusive writer—never before seen in public—might be secretly meeting someone at the hotel. To uncover the writer's puzzling identity, Birdie must come out of her shell...discovering that the most confounding mystery of all may be her growing feelings for the elusive riddle that is Daniel.

By the Light of the Moon Dean Koontz, 2012-05-29 Dean Koontz has surpassed his longtime reputation as "America's most popular suspense novelist" (Rolling Stone) to become one of the most celebrated and successful writers of our time. Reviewers hail his boundless originality, his art, his unparalleled ability to create highly textured, riveting drama, at once viscerally familiar and utterly unique. Author of one #1 New York Times bestseller after another, Koontz is at the pinnacle of his powers, spinning mysteries and miracles, enthralling tales that speak directly to today's readers, balm for the heart and fire for the mind. In this stunning new novel, he delivers a tour de force of dark suspense and brilliant revelation that has all the Koontz trademarks: adventure, chills, riddles, humor, heartbreak, an unforgettable cast of characters, and a climax that will leave you clamoring for more. Dylan O'Connor is a gifted young artist just trying to do the right thing in life. He's on his way to an arts festival in Santa Fe when he stops to get a room for himself and his twenty-year-old autistic brother, Shep. But in a nightmarish instant, Dylan is attacked by a mysterious "doctor," injected with a strange substance, and told that he is now a carrier of something that will either kill him...or transform his life in the most remarkable way. Then he is told that he must flee--before the doctor's enemies hunt him down for the secret circulating through his body. No one can help him, the doctor says, not even the police. Stunned, disbelieving, Dylan is turned loose to run for his life...and straight into an adventure that will turn the next twenty-four hours into an odyssey of terror, mystery--and wondrous discovery. It is a journey that begins when Dylan and Shep's path intersects with that of Jillian Jackson. Before that evening Jilly was a beautiful comedian whose biggest worry was whether she would ever find a decent man. Now she too is a carrier. And even as Dylan tries to

convince her that they'll be safer sticking together, cold-eyed men in a threatening pack of black Suburbans approach, only seconds before Jilly's classic Coupe DeVille explodes into thin air. Now the three are on the run together, but with no idea whom they're running from--or why. Meanwhile Shep has begun exhibiting increasingly disturbing behavior. And whatever it is that's coursing through their bodies seems to have plunged them into one waking nightmare after another. Seized by sinister premonitions, they find themselves inexplicably drawn to crime scenes--just minutes before the crimes take place. What this unfathomable power is, how they can use it to stop the evil erupting all around them, and why they have been chosen are only parts of a puzzle that reaches back into the tragic past and the dark secrets they all share: secrets of madness, pain, and untimely death. Perhaps the answer lies in the eerie, enigmatic messages that Shep, with precious time running out, begins to repeat, about an entity who does his work "by the light of the moon." *By the Light of the Moon* is a novel of heart-stopping suspense and transcendent beauty, of how evil can destroy us and love can redeem us--a masterwork of the imagination in which the surprises come page after page and the spell of sublime storytelling triumphs throughout. **BONUS:** This edition contains an excerpt from Dean Koontz's *The City*.
