Mosby's Emergency & Transport Nursing Examination Review Renee S. Holleran, 2005-03-15 This valuable study resource provides a thorough, comprehensive review for the Certified Emergency Nurse (CEN) exam - and it's the only review book that also helps readers prepare for the Certified Flight Registered Nurse (CFRN) and Flight Paramedic Certification (FP-C) exams. No other resource provides both a review of content as well as over 1,400 questions and a CD-ROM with 3 practice tests. Each chapter features questions with answers and rationales for every question - explaining the why behind every answer. Packed with all the essential information needed for a complete review, it includes a new section on critical care, a new chapter on bioterrorism, and new content on conscious sedation issues, RSI, airway management, and safety training. The Transport section now includes new content on CAMTS standards and transport operations. Over 1,400 questions with rationales and references offer excellent preparation for the CEN, CFRN, and FP-C exams. A practice CD-ROM includes 3 sample exams with answers and rationales, and automatic grading helps users assess their mastery of the material. A content outline of must-know topics is provided, followed by practice questions, answers, rationales, and references. New guidelines and medications currently being used for BLS, ACLS, and PALS are discussed. New chapters have been added on Invasive Interventions, Pharmacology, Invasive Monitoring, Bioterrorism, CAMTS Standards, and Transport Operations. Updated and expanded content addresses emerging infectious diseases, CISM for emergency and transport staff, CAMTS standards and transport operations, conscious sedation issues, RSI, airway management, safety training, and age-related changes and differences (pediatric and geriatric).

Mosby's 2023 Nursing Drug Reference - E-Book Linda Skidmore-Roth, 2022-04-22 Choose the drug handbook trusted by nurses for more than 35 years! Mosby's 2023 Nursing Drug Reference makes it easy to find the most vital information on the drugs you administer most frequently. More than 5,000 drugs are profiled — including 35 new entries for drugs recently approved by the FDA. And no other drug guide places a higher emphasis on patient safety, with Black Box Warnings for dangerous adverse reactions, Safety Alerts for situations requiring special attention, and a focus on both common and life-threatening side effects. From nursing pharmacology expert Linda Skidmore-Roth, this perennial bestseller proves there is a difference in drug guides. More than 5,000 generic and trade-name drugs are profiled, covering almost every drug you will administer in practice or in clinicals. Safety Alert icon highlights the most critical drug interactions and side effects. Black Box Warnings provide alerts to FDA warnings of dangerous or life-threatening drug reactions. Nursing Process steps are used as the framework for organizing all nursing care information. Coverage of IV drug administration highlights dosage and IV administration instructions, including safety considerations and Y-site, syringe, and additive compatibilities. Side effects information is organized by body system and identified as common or life threatening, showing signs to watch for during assessments. Alphabetical organization by generic name provides quick and easy access to specific drugs, and a full-color design highlights important information. Complete pharmacokinetic information includes the mechanism and absorption of the drug as well as its action, duration, and excretion. Overview of drug categories explains the safe administration of common classes of drugs, as well as their common side effects and interactions. Flexible, water-resistant cover provides durability in the clinical setting. NEW! Drug monographs for 35 new FDA-approved medications equip you with the latest drug information including generic names, trade names, pronunciations, do-not-confuse drugs, action, uses, contraindications, precautions, dosages and routes, side effects, pharmacokinetics, interactions (including drug/herb, drug/food and drug/lab test), nursing considerations, treatment of overdose, patient/family teaching, and more. NEW! Updates on drug therapies provide the most current information.

Mosby's Tour Guide to Nursing School - E-Book Melodie Chenevert, 2010-02-01 Encouraging, user-friendly, and altogether unique, Mosby's Tour Guide to Nursing School encourages you to not only survive nursing school, but excel in whichever program you select. Throughout the book, Dr. Chenevert compares your journey through nursing school to a road trip, and she offers advice to increase your understanding, help you successfully navigate obstacles, and make your journey more enjoyable. You'll learn how to prepare for the NCLEX® and your nursing career, how to get good grades, how to deal with failure, how to improve oral and written reports, and much more. A must-have for every nursing student! Endorsed by the National Student Nurses Association (NSNA). Written by a nationally known motivational speaker and nurse, the book's down-to-earth approach uses humor and clever analogies to clearly teach the information you need to know. Uses the analogy of a cross-country road trip to help you see the relationships between different aspects of nursing school, as well as give you a finite view of its duration and end result. Inspirational quotes throughout offer wisdom and encouragement from fellow nursing students and graduates. The appendix lists numerous diverse resources you'll find useful before, during, and after nursing school. Electronic Age Information covers distance learning, online courses, and podcasts, facilitating your success both in today's electronic classroom and with the advancing technology in nursing. A special NCLEX® chapter (Chapter 29: Are We There Yet? Almost.) provides you with the tools you need to prepare for and pass the NCLEX®. Updated statistics and information on the emerging trends of the workforce keep you current with what's happening in the world outside nursing and help you make educated choices during nursing school. Three chapters are devoted to diversity in today's workforce and the non-traditional student. Thorough coverage of ADN, BSN, and RN-BSN programs

(program prerequisites, differences, and more) helps you make informed decisions about your choice of nursing programs. An appendix of Online Resources provides quick and easy access to web sites that will assist both students and graduates with continued study and real-world advice.
