A Guide to Motorcycle Racing Hedley J. Cox,2015-05-14 United States motorcycle enthusiasts can learn a lot by looking to their peers in Europe, which has as rich a history as they do. Hedley J. Cox was living in England when he became involved in racing in the early 1950s. An engineer of the first order, he raced and designed machines and traveled with a team to International Grand Prix meetings in Europe. In this behind-the-scenes look at the world of motorcycle racing, you'll learn the answers to questions such as: How does management politics affect racing? Why did British motorcycle manufacturers lose the spirit of adventure that is so necessary in racing? What happened when that sense of adventure was lost? He also examines the state of racing in the Canada, where he raced for a big manufacturer after moving to the United States. At every turn and curve, he encouraged others to embrace new ideas to beat competitors. Join the author on a fascinating journey that spans thousands of miles with three different manufacturers with A Guide to Motorcycle Racing.

Never Say Never Nick Harris,2019-05-23 'The unmistakable voice of Moto GP' - Valentino Rossi As 'The Voice' of motorcycle racing for forty years, commentator Nick Harris became the biggest star not on two wheels in the paddock, and this is his mostly eye-witness, white-knuckle account of MotoGP's scorching seventy-year history. The story starts on the Isle of Man in 1949, when Geoff Duke, with his slicked-back hair and one-piece black leathers, became the nation's hero, defying the odds and winning the

most dangerous race in the world on a British-built Norton. Just over a decade later at Mallory Park, another British champion and one of the greatest riders of all time Mike Hailwood screamed past a young Nick Harris on his 250cc Honda, and a life-long passion was born. Harris has been at the centre of the sport for decades, getting to know the riders as individuals, seeing feuds unfold, champions made, careers and sometimes lives ended. We'll see the biggest podium stars up close, from Barry Sheene and Kenny Roberts to Valentino Rossi, and we'll meet the mechanics behind them, the manufacturers who poured millions into the teams, and the organisers who, in the early days, ruthlessly compromised rider safety for profits. The drama has often been as tense off the track as on it. This is the book the motorcycling world has been waiting for.

After migrating to South Africa, he started his racing career in the mid-fifties, and was awarded an MBE in 1964 – a year that also saw him win three World Championships in a single day, a feat, to this day, matched only by

Mike Hailwood. During the mid-60s, Jim was THE man to beat on track, but a bad crash at the '66 Belgian GP ended his racing career. Following this, Jim was involved in a number of business ventures – including helping his two sons with their own successful sports careers, and owning a champion sire race horse – until, in 1995, he once again took up a career in racing as a Classic Racer and Demonstration Rider.
