Two Wheels on my Wagon Paul Howard,2011-04-15 As bicycle races go, the attractions of the Tour Divide are not immediately apparent. For a start, it is the longest mountain-bike race in the world, running nearly 3,000 miles down the Rockies from Canada to Mexico. But the distance is not the only challenge - the total ascent of 200,000 ft is the equivalent of scaling Mount Everest nearly seven times. Then there are the dangerous animals likely to be encountered on the route: grizzly bears, mountain lions and wolves, not to mention rattlesnakes and tarantulas. Worse, the rewards for all this effort are strictly limited. Unlike in the Tour de France, there is no fabled yellow jersey and no prize money. Yet, undaunted, and in spite of never having owned a mountain bike, Paul Howard signed up. Battling the worst weather for generations, drinking whiskey with a cowboy and singing karaoke with the locals, Howard's journey turned into more than just a race - it became the adventure of a lifetime.

The First-Timer's Guide to the Leadville 100 Bud Hasert,2015-12-07 After 20 years of talking about it, life-long friends Bud Hasert and Joel Hinkhouse finally qualified for, trained for, raced in and completed the 2015 Leadville Trail 100 MTB, an epic 100-mile mountain bike race at 10,000 feet in Leadville, Colorado. But their path was not without their fair share of mistakes, setbacks, successes and failures. In this book, you will see how these two Texans aspired, planned, prepared, and finished the Race Across The Sky. It is not a training plan. Instead, this book is meant to inspire you to prepare to climb YOUR OWN Leadville, whether it's actually Leadville or not. Much of what is shared will dissolve some of the unknowns about America's premier mountain bike race. Questions that they had in their preparation and on race day are answered here. These stories will encourage you to follow your passion toward its peak. And once you get to that peak, keep climbing!

Everesting Matt de Neef,2021-09-29 Everesting explores the extreme personal challenge that has gripped cyclists all around the world: cycling the height of Mt Everest (8848 metres) by ascending and descending a single hill or mountain continuously, without breaking to sleep. All you need to complete this great feat is a hill to climb. Matt de Neef chronicles the rise of this challenge as he attempts his own Everesting - uncovering its many obstacles, giving insight into training and testing your limits, and celebrating those who have completed the challenge. Everesting is phenomenally difficult for the rider, both physically and mentally, but can be completed almost anywhere. What started as a small grassroots challenge, tried by just a handful of hardy recreational riders, has now exploded into a global phenomenon. More than 10,000 Everestings have been completed in more than 100 countries, by both Tour de France winners and World Champion cyclists, as well as thousands of ordinary men and women. Jens Voigt, 17-time Tour de France competitor, described his Everesting as: 'One of the toughest things I have done in my life'. Nearly anyone can appreciate the challenge of climbing the equivalent of the world's highest mountain. With Everesting, Matt takes you into the heart of the challenge. Be inspired and learn how it's done from those who have attempted it before.

Eat, Sleep, Ride Paul Howard,2011-02-15 For Paul Howard, who has ridden the entire Tour de France route during the race itself—setting off at 4 am each day to avoid being caught by the pros—riding a small mountain-bike race should hold no fear. Still, this isn’t just any mountain-bike race. This is the Tour Divide. Running from Banff in Canada to the Mexican border, the Tour Divide is more than 2,700 miles—500 miles longer than the Tour de France. Its route along the Continental Divide goes through the heart of the Rocky Mountains and involves more than 200,000 feet of ascent—the equivalent of climbing Mount Everest seven times. The other problem is that Howard has never owned a mountain bike—and how will training on the South Downs in southern England prepare him for sleeping rough in the Rockies? Entertaining and engaging, *Eat, Sleep, Ride* will appeal to avid and aspiring cyclers, as well as fans of adventure/travel narrative with a humorous twist.
