**Zero Dark Thirty** Mark Boal,2013-07-16 The hunt for Osama bin Laden preoccupied the world and two American presidential administrations for more than a decade. *The Killing of Osama Bin Laden* Seymour M. Hersh, 2016-04-12 Electrifying investigation of White House lies about the assassination of Osama bin Laden In 2011, an elite group of US Navy SEALs stormed an enclosure in the Pakistani city of Abbottabad and killed Osama bin Laden, the man the United States had begun chasing before the devastating attacks of 9/11. The news did much to boost President Obama's first term and played a major part in his reelection victory of the following year. But much of the story of that night, as presented to the world, was incomplete, or a lie. The evidence of what actually went on remains hidden. At the same time, the full story of the United States' involvement in the Syrian civil war has been kept behind a diplomatic curtain, concealed by doublespeak. It is a policy of obfuscation that has compelled the White House to turn a blind eye to Turkey's involvement in supporting ISIS and its predecessors in Syria. This investigation, which began as a series of essays in the London Review of Books, has ignited a firestorm of controversy in the world media. In his introduction, Hersh asks what will be the legacy of Obama's time in office. Was it an era of "change we can believe in" or a season of lies and compromises that continued George W. Bush's misconceived War on Terror? How did he lose the confidence of the general in charge of America's forces who acted in direct contradiction to the White House? What else do we not know?

**Zero Dark Thirty** Samuel Brantley, 2002 Samuel Brantley recalls his experiences as a captain with the U.S. Marine Corps over the course of seven months he spent doing forward air control duty on the ground with the frontline troops during the spring of the Tet Offensive in Vietnam.

**The Torture Debate in America** Karen J. Greenberg, 2005-11-21 As a result of the work assembling the documents, memoranda, and reports that constitute the material in *The Torture Papers* the question of the rationale behind the Bush administration's decision to condone the use of coercive interrogation techniques in the interrogation of detainees suspected of terrorist connections was raised. The condoned use of torture in any society is questionable but its use by the United States, a liberal democracy that champions human rights and is a party to international conventions forbidding torture, has sparked an intense debate within America. *The Torture Debate in America* captures these arguments with essays from individuals in different disciplines. This volume is divided into two sections with essays covering all sides of the argument from those who embrace absolute prohibition of torture to those who see it as a viable option in the war on terror and with documents complementing the essays.

**Manhunt** Peter L. Bergen, 2012-05-01 From the author of the New York Times bestselling *Holy War, Inc.*, this is the definitive

account of the decade-long manhunt for the world's most wanted man, Osama bin Laden. Al Qaeda expert and CNN national security analyst Peter Bergen paints a multidimensional picture of the hunt for Osama bin Laden over the past decade, including the operation that killed him. Other key elements of the book will include: - A careful account of Obama's decision-making process as the raid was planned - The fascinating story of a group of women CIA analysts who never gave up assembling the tiniest clues about bin Laden's whereabouts - The untold and action-packed history of the Joint Special Operations Command (JSOC) and the SEALs - An analysis of what the death of bin Laden means for Al Qaeda and for Obama's legacy Just as Hugh Trevor-Roper's *The Last Days of Hitler* was the definitive account of the death of the Nazi dictator, *Manhunt* is the authoritative, immersive account of the death of the man who organized the largest mass murder in American history.

**Kill or Capture** Daniel Klaidman, 2012-06-05 “Divulge[s] the details of top-level deliberations—details that were almost certainly known only to the administration’s inner circle” (The Wall Street Journal). When he was elected in 2008, Barack Obama had vowed to close Guantánamo, put an end to coercive interrogation and military tribunals, and restore American principles of justice. Yet by the end of his first term he had backtracked on each of these promises, ramping up the secret war of drone strikes and covert operations. Behind the scenes, wrenching debates between hawks and doves—those who would kill versus those who would capture—repeatedly tested the very core of the president’s identity, leading many to wonder whether he was at heart an idealist or a ruthless pragmatist. Digging deep into this period of recent history, investigative reporter Daniel Klaidman spoke to dozens of sources to piece together a riveting Washington story packed with revelations. As the president’s inner circle debated secret programs, new legal frontiers, and the disjuncture between principles and down-and-dirty politics, Obama vacillated, sometimes lashed out, and spoke in lofty tones while approving a mounting toll of assassinations and kinetic-war operations. Klaidman’s fly-on-the-wall reporting reveals who had his ear, how key national security decisions are really made, and whether or not President Obama lived up to the promise of candidate Obama. “Fascinating . . . Lays bare the human dimension of the wrenching national security decisions that have to be made.” —Tina Brown, NPR “An important book.” —Steve Coll, The New Yorker

*American Cinema in the Shadow of 9/11* Terence McSweeney, 2016-12-05 *American Cinema in the Shadow of 9/11* is a ground-breaking collection of essays by some of the foremost scholars writing in the field of contemporary American film. Through a dynamic critical analysis of the defining films of the turbulent post-9/11 decade, the volume explores and interrogates the impact of 9/11 and the 'War on Terror' on American cinema and culture. In a vibrant discussion of films like *American Sniper* (2014), *Zero Dark Thirty* (2012), *Spectre* (2015), *The Hateful Eight* (2015), *Lincoln* (2012), *The Mist* (2007), *Children of Men* (2006), *Edge of Tomorrow* (2014) and *Avengers: Age of Ultron* (2015), noted authors Geoff King, Guy Westwell, John Shelton Lawrence, Ian Scott, Andrew Schopp, James Kendrick, Sean Redmond, Steffen Hantke and many others consider the power of popular film to function as a potent cultural artefact, able to both reflect the defining fears and anxieties of the tumultuous era, but also shape them in compelling and resonant ways.

Kathryn Bigelow Peter Keough, 2013-08-01 With her gripping film *The Hurt Locker*, Kathryn Bigelow (b. 1951) made history in 2010 by becoming the first woman to win an Oscar for Best Director. Since then she has also filmed history with her latest movie, *Zero Dark Thirty*, which is about the mission to kill Osama Bin Laden. She is one of Hollywood’s brightest stars, but her roots go back four decades to the very non-Hollywood, avant-garde art world of New York City in the 1970s. Her first feature *The Loveless* reflected those academic origins, but such subsequent films such as the vampire-Western *Near Dark*, the female vigilante movie *Blue Steel*, and the surfer-crime

thriller *Point Break* demonstrated her determination to apply her aesthetic sensibilities to popular, genre filmmaking. The first volume of Bigelow's interviews ever published, Peter Keough's collection covers her early success with *Near Dark*; the frustrations and disappointments she endured with films such as *Strange Days* and *K-11: The Widowmaker*; and her triumph with *The Hurt Locker*. In conversations ranging from the casual to the analytical, Bigelow explains how her evolving ambitions and aesthetics sprang from her earliest aspirations to be a painter and conceptual artist in New York in the 1970s and then expanded to embrace Hollywood filmmaking when she was exposed to such renowned directors as John Ford, Howard Hawks, Don Siegel, Sam Peckinpah, and George Roy Hill.

Hard Measures Jose A. Rodriguez, Bill Harlow, 2013-04-30 An explosive memoir about the creation and implementation of the controversial Enhanced Interrogation Techniques by the former Chief Operations Officer for the CIA's Counterterrorism Center.

**The Operator** Robert O'Neill, 2017-04-25 This instant New York Times bestseller—"a jaw-dropping, fast-paced account" (New York Post) recounts SEAL Team Operator Robert O'Neill's incredible four-hundred-mission career, including the attempts to rescue "Lone Survivor" Marcus Luttrell and abducted-by-Somali-pirates Captain Richard Phillips, and which culminated in the death of the world's most wanted terrorist—Osama bin Laden. In *The Operator*, Robert O'Neill describes his idyllic childhood in Butte, Montana; his impulsive decision to join the SEALs; the arduous evaluation and training process; and the even tougher gauntlet he had to run to join the SEALs' most elite unit. After officially becoming a SEAL, O'Neill would spend more than a decade in the most intense counterterror effort in US history. For extended periods, not a night passed without him and his small team recording multiple enemy kills—and though he was lucky enough to survive, several of the SEALs he'd trained with and fought beside never made it home. "Impossible to put down...*The Operator* is unique, surprising, a kind of counternarrative, and certainly the other half of the story of one of the world's most famous military operations...In the larger sense, this book is about...how to be human while in the very same moment dealing with death, destruction, combat" (Doug Stanton, New York Times bestselling author). O'Neill describes the nonstop action of his deployments in Iraq and Afghanistan, evokes the black humor of years-long combat, brings to vivid life the lethal efficiency of the military's most selective units, and reveals details of the most celebrated terrorist takedown in history. This is "a riveting, unvarnished, and wholly unforgettable portrait of America's most storied commandos at war" (Joby Warrick).

**The Dark Side** Jane Mayer, 2009-05-08 *The Dark Side* is a dramatic, riveting, and definitive narrative account of how the United States made self-destructive decisions in the pursuit of terrorists around the world—decisions that not only violated the Constitution, but also hampered the pursuit of Al Qaeda. In spellbinding detail, Jane Mayer relates the impact of these decisions by which key players, namely Vice President Dick Cheney and his powerful, secretive adviser David Addington, exploited September 11 to further a long held agenda to enhance presidential powers to a degree never known in U.S. history, and obliterate Constitutional protections that define the very essence of the American experiment. The CIA in Hollywood Tricia Jenkins, 2016-03-08 An in-depth study of the CIA's collaboration with Hollywood since the mid-1990s, and

the important and troubling questions it creates. What's your impression of the CIA? A bumbling agency that can't protect its own spies? A rogue organization prone to covert operations and assassinations? Or a dedicated public service that advances the interests of the United States? Astute TV and movie viewers may have noticed that the CIA's image in popular media has spanned this entire range, with a decided shift to more positive portrayals in recent years. But what very few people know is that the Central Intelligence Agency has been actively engaged in shaping the content of film and television, especially since it established an entertainment industry liaison program in the mid-1990s. The CIA in Hollywood offers the first full-scale investigation of the relationship between the Agency and the film and television industries. Tricia Jenkins draws on numerous interviews with the CIA's public affairs staff, operations officers, and historians, as well as with Hollywood technical consultants, producers, and screenwriters who have worked with the Agency, to uncover the nature of the CIA's role in Hollywood. In particular, she delves into the Agency's and its officers' involvement in the production of *The Agency*, *In the Company of Spies*, *Alias*, *The Recruit*, *The Sum of All Fears*, *Enemy of the State*, *Syriana*, *The Good Shepherd*, and more. Her research reveals the significant influence that the CIA now wields in Hollywood and raises important and troubling questions about the ethics and legality of a government agency using popular media to manipulate its public image. "Fascinating, highly readable . . . Overall, Jenkins's work is fresh and original, and demonstrates sound scholarship. The author has a passion for the topic that translates to vibrant writing. It is also a concise as well as entertaining look at an aspect of the CIA—its media relations with Hollywood—of which little is known. Enthusiastically written and incorporating effective, illustrative case studies, *The CIA in Hollywood* is definitely recommended to students of film, media relations, the CIA, and U.S. interagency relations." —H-War

**Spooked** Nicholas Schou, 2016-06-28 The American people depend on a free press to keep a close and impartial watch on the national security operations that are carried out in our name. But in many cases, this trust is sadly misplaced, as leading journalists are seduced and manipulated by the secretive agencies they cover. While the press remains silent about its corrupting relationship with the intelligence community—a relationship that dates back to the Cold War—*Spooking the News* will blow the lid off this unseemly arrangement. Schou will name names and shine a spotlight on flagrant examples of collusion, when respected reporters have crossed the line and sold out to powerful agencies. The book will also document how the CIA has embedded itself in "liberal" Hollywood to ensure that its fictional spies get the hero treatment on screen. Among the revelations in *Spooking the News*: • The CIA created a special public affairs unit to influence the production of Hollywood films and TV shows, allowing celebrities involved in pro-CIA projects—including Harrison Ford and Ben Affleck—unique access inside the agency's headquarters. • The CIA vets articles on controversial topics like the drone assassination program and grants friendly reporters background briefings on classified material, while simultaneously prosecuting ex-officers who spill the beans on damaging information.

*Farewell to Manzanar* Jeanne Wakatsuki Houston, James D. Houston, 2002 A true story of Japanese American experience during and after the World War internment.

**Penny's Picks: 50 Movies by Women Filmmakers** Jan Lisa Huttner, 2011-12-01 What accounts for the lack of movies by women filmmakers in your multiplex? As readers of this compilation will quickly discover, many wonderful films written and/or directed by women have been released in the past decade. Despite all the obstacles, many women have, in fact, completed their films, and that is not the problem. The films are there, but what's missing is the audience. Through our support for women filmmakers, we can redefine what consumers everywhere get to see on their movie screens. In the words of Martha Lauzen: If we change media messages, we can

change the world.

The Finish Mark Bowden, 2012-10-16 New York Times bestseller: The true behind-the-scenes story of the manhunt for the 9/11 mastermind is “a page-turner” (Minneapolis Star-Tribune). From the author of *Black Hawk Down* and *Hue 1968*, this is a gripping account of the hunt for Osama bin Laden. With access to key sources, Mark Bowden takes us inside the rooms where decisions were made and on the ground where the action unfolded. After masterminding the attacks of September 11, 2001, Osama bin Laden managed to vanish. Over the next ten years, as Bowden shows, America found that its war with al Qaeda—a scattered group of individuals who were almost impossible to track—demanded an innovative approach. Step by step, Bowden describes the development of a new tactical strategy to fight this war—the fusion of intel from various agencies and on-the-ground special ops. After thousands of special forces missions in Iraq and Afghanistan, the right weapon to go after bin Laden had finally evolved. By spring 2011, intelligence pointed to a compound in Abbottabad; it was estimated that there was a 50/50 chance that Osama was there. Bowden shows how three strategies were mooted: a drone strike, a precision bombing, or an assault by Navy SEALs. In the end, the president had to make the final decision. It was time for the finish. “In-depth interviews with Obama and other insiders reveal a White House on edge, facing top-secret options, white-knuckle decisions, and unforeseen obstacles . . . Bowden weaves together accounts from Obama and top decision-makers for the full story behind the daring operation.” —Vanity Fair “The most accessible and satisfying book yet written on the climactic event in the United States’ long war against al Qaeda.” —San Francisco Chronicle

**The Philosophy of War Films** David LaRocca, 2015-01-06 Wars have played a momentous role in shaping the course of human history. The ever-present specter of conflict has made it an enduring topic of interest in popular culture, and many movies, from Hollywood blockbusters to independent films, have sought to show the complexities and horrors of war on-screen. In *The Philosophy of War Films*, David LaRocca compiles a series of essays by prominent scholars that examine the impact of representing war in film and the influence that cinematic images of battle have on human consciousness, belief, and action. The contributors explore a variety of topics, including the aesthetics of war as portrayed on-screen, the effect war has on personal identity, and the ethical problems presented by war. Drawing upon analyses of iconic and critically acclaimed war films such as *Saving Private Ryan* (1998), *The Thin Red Line* (1998), *Rescue Dawn* (2006), *Restrepo* (2010), and *Zero Dark Thirty* (2012), this volume’s examination of the genre creates new ways of thinking about the philosophy of war. A fascinating look at the manner in which combat and its aftermath are depicted cinematically, *The Philosophy of War Films* is a timely and engaging read for any philosopher, filmmaker, reader, or viewer who desires a deeper understanding of war and its representation in popular culture.

*Gravity’s Rainbow* Thomas Pynchon, 2012-06-13 Winner of the 1974 National Book Award “A screaming comes across the sky. . .” A few months after the Germans’ secret V-2 rocket bombs begin falling on London, British Intelligence discovers that a map of the city pinpointing the sexual conquests of one Lieutenant Tyrone Slothrop, U.S. Army, corresponds identically to a map showing the V-2 impact sites. The implications of this discovery will launch Slothrop on an amazing journey across war-torn Europe, fleeing an international cabal of military-industrial superpowers, in search of the mysterious Rocket 00000, through a wildly comic extravaganza that has been hailed in *The New Republic* as “the most profound and accomplished American novel since the end of World War II.”
