**Screen Saver** Noel McKeehan, 2009-11 Some fairly serious shit has happened in the last sixty years. As fate would have it, I was fairly close to the central point of a lot of that shit - albeit in some cases only briefly; shit it seems, has a fairly long half life. As time has passed I have found it increasingly difficult - impossible really - to turn off a continued remembrance of the events and places and people that inhabited the story boards of all of that shit. They just won't leave me alone. So I have written it, and them, all down. One bookend of the story was my involvement in the war effort, as we called the Vietnam debacle. The other was the near demise of IBM. Between those bookends there lurk a wide variety of people, experiences and events that always seemed, as they occurred, to be coherently additive to the total story.

**Creative Wallpaper** Paige Gilchrist,Lyna Farkas,2005 With superb projects and more than 200 color photos, this stunning showcase presents the best contemporary wallpaper designs. The rich variety of patterns ranges from modern geometrics to feminine florals, from reflective metallics to designs that imitate stucco and wood. Better yet are the clever ideas for using the papers, including applying them in vertical strips, creating a patchwork pattern, and covering just half a wall. Or, for something different, use paper other than conventional manufactured wallpaper, such as old maps and sheet music. And remember: wallpaper isn't just for walls, so there are suggestions for transforming small accessories too. Even the most intimidated will find the instructions easy enough to follow. Well-illustrated instructions on the basics.--Library Journal
