The Deep Nick Cutter,2015-07-28 A strange plague called the 'Gets is decimating humanity on a global scale. It causes people to forget--small things at first, like where they left their keys, then the not-so-small things like how to drive or the letters of the alphabet. Then their bodies forget how to function involuntarily. There is no cure. But far below the surface of the Pacific Ocean, a universal healer hailed as 'ambrosia' has been discovered. In order to study this phenomenon, a special research lab has been built eight miles under the sea's surface. When the station goes incommunicado, a brave few descend through the lightless fathoms in hopes of unraveling the mysteries lurking at those crushing depths...and perhaps to encounter an evil blacker than anything one could possibly imagine--Page [4] of cover.

Whale Talk Chris Crutcher, 2009-09-22 "A truly exceptional book."—Washington Post

There's bad news and good news about the Cutter High School swim team. The bad news is that they don't have a pool. The good news is that only one of them can swim anyway. Bestselling author Chris Crutcher's controversial and acclaimed novel follows a group of outcasts as they take on inequality and injustice in their high school. Crutcher's superior gifts as a storyteller and his background as a working therapist combine to make magic in *Whale Talk*. The thread of truth in his fiction reminds us that heroes can come in any shape, color, ability or size, and friendship can bridge nearly any divide."—Washington Post T.J. Jones hates the blatant preferential treatment jocks receive at his high school, and the reverence paid to the varsity lettermen. When he sees a member of the wrestling team threatening an underclassman, T.J. decides he's had enough. He recruits some of the biggest misfits at Cutter High to form a swim team. They may not have very much talent, but the All-Night Mermen prove to be way more than T.J. anticipated. As the unlikely athletes move closer to their goal, these new friends might learn that the journey is worth more than the reward. For fans of Andrew Smith and Marieke Nijkamp. Crutcher offers an unusual yet resonant mixture of black comedy and tragedy that lays bare the superficiality of the high-school scene. The book's shocking climax will force readers to re-examine their own values and may cause them to alter their perception of individuals pegged as 'losers.'—Publishers Weekly An American Library Association Best Book for Young Adults New York Public Library Books for the Teen Age Features a new afterword by Chris Crutcher

The Art of Mixing David Gibson, 2019-01-10 David Gibson uses 3D visual representations of sounds in a mix as a tool to explain the dynamics that can be created in a mix. This book provides an in-depth exploration into the aesthetics of what makes a great

mix. Gibson's unique approach explains how to map sounds to visuals in order to create a visual framework that can be used to analyze what is going on in any mix. Once you have the framework down, Gibson then uses it to explain the traditions that have been developed over time by great recording engineers for different styles of music and songs. You will come to understand everything that can be done in a mix to create dynamics that affect people in really deep ways. Once you understand what engineers are doing to create the great mixes they do, you can then use this framework to develop your own values as to what you feel is a good mix. Once you have a perspective on what all can be done, you have the power to be truly creative on your own - to create whole new mixing possibilities. It is all about creating art out of technology. This book goes beyond explaining what the equipment does - it explains what to do with the equipment to make the best possible mixes.

Closer You Are Matthew Cutter, 2018-08-21 The authorized biography of Robert Pollard, indie rock icon and founder of the music group Guided By Voices Robert Pollard has been a staple of the indie rock scene since the early '80s, along with his band Guided By Voices. Pollard was a longtime grade school teacher who toiled endlessly on his music, finding success only after adopting a do-it-yourself approach, relying on lo-fi home recordings for much of his and his band's career. A prolific artist, Pollard continues to churn out album after album, much to the acclaim of critics and his obsessive and devoted fans. But his story has never been faithfully told in its entirety. Until now. Author Matthew Cutter is a longtime friend of Pollard and, with Pollard's blessing, he's set out to tell the whole, true story of Guided By Voices. *Closer You Are* is the first book to take an in-depth look at the

man behind it all, with interviews conducted by the author with Pollard's friends, family, and bandmates, along with unfettered access to Pollard himself and his extensive archives. Robert Pollard has had an amazing and seemingly endless career in rock music, but he's also established himself as a consummate artist who works on his own terms. Now fans can at long last learn the full story behind one of America's greatest living songwriters.

Martin Dressler Steven Millhauser, 2010-09-01 PULITZER PRIZE WINNER • NATIONAL BOOK AWARD FINALIST • The author of *Voices in the Night* reveals the mesmerizing journey of an American dreamer as he walks a haunted line between fantasy and reality, madness and ambition, art and industry. "This wonderful, wonder-full book is a fable and phantasmagoria of the sources of our century." —The New York Times Book Review Young Martin Dressler begins his career as an industrious helper in his father's cigar store. In the course of his restless young manhood, he makes a swift and eventful rise to the top, accompanied by two sisters—one a dreamlike shadow, the other a worldly business partner. As the eponymous Martin's vision becomes bolder and bolder, a sense of doom builds piece-by-hypnotic piece until this mesmerizing journey reaches its bitter-sweet conclusion.

Windows XP Timesaving Techniques For Dummies Woody Leonhard, 2003-08-15 * For the millions who already know the basics of Microsoft Windows, this handy reference shows how to make it work faster and better through quick, easy-to-follow lessons loaded with screen shots and step-by-step instructions * Explores more than sixty Windows XP tasks, including customizing the Windows desktop, protecting online privacy, creating CDs and DVDs with Windows XP, working with the Outlook Express e-mail client, dealing with digital photos and video, and setting up a home network * Along with the normal Windows tools,

Windows XP is packed with rich media features and networking options previously available only through separate software packages; this book helps readers make the most of these exciting additions * Author is one of the best-known gurus for first-time PC users, and maintains a Web site and e-mail subscriptions that reach more than 500,000 readers weekly

Library Journal Melvil Dewey, Richard Rogers Bowker, L. Pylodet, Charles Ammi Cutter, Bertine Emma Weston, Karl Brown, Helen E. Wessells, 2006 Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called Junior libraries, 1954-May 1961). Also issued separately.

Backpacker ,2004-03 Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Macworld ,2004

Software Studies Matthew Fuller, 2008 This collection of short expository, critical and speculative texts offers a field guide to the cultural, political, social and aesthetic impact of software. Experts from a range of disciplines each take a key topic in software and the understanding of software, such as algorithms and logical structures.

Influencer: The New Science of Leading Change, Second Edition Joseph

Grenny,Kerry Patterson,David Maxfield,Ron McMillan,Al Switzler,2013-05-17 CHANGE YOUR COMPANY. CHANGE THE LIVES OF OTHERS. CHANGE THE WORLD. An INFLUENCER leads change. An INFLUENCER replaces bad behaviors with powerful new skills. An INFLUENCER makes things happen. This is what it takes to be an INFLUENCER. Whether you're a CEO, a parent, or merely a person who wants to make a difference, you probably wish you had more influence with the people in your life. But most of us stop trying to make change happen because we believe it is too difficult, if not impossible. We learn to cope rather than learning to influence. From the bestselling authors who taught the world how to have Crucial Conversations comes the new edition of Influencer, a thought-provoking book that combines the remarkable insights of behavioral scientists and business leaders with the astonishing stories of high-powered influencers from all walks of life. You'll be taught each and every step of the influence process--including robust strategies for making change inevitable in your personal life, your business, and your world. You'll learn how to: Identify high-leverage behaviors that lead to rapid and profound change Apply strategies for changing both thoughts and actions Marshal six sources of influence to make change inevitable Influencer takes you on a fascinating journey from San Francisco to Thailand to South Africa, where you'll see how seemingly insignificant people are making incredibly significant improvements in solving problems others would think impossible. You'll learn how savvy folks make change not only achievable and sustainable, but inevitable. You'll discover breakthrough ways of changing the key behaviors that lead to greater safety, productivity, quality, and customer service. No matter who you are or what you do, you'll never learn a more valuable or important set of principles and skills. Once you tap into the

power of influence, you can reach out and help others work smarter, grow faster, live, look, and feel better--and even save lives. The sky is the limit . . . for an Influencer. PRAISE FOR INFLUENCER: AN INSTANT CLASSIC! Whether you're leading change or changing your life, this book delivers. -- Stephen R. Covey, author of The 7 Habits of Highly Effective People Ideas can change the world—but only when coupled with influence--the ability to change hearts, minds, and behavior. This book provides a practical approach to lead change and empower us all to make a difference. -- Muhammad Yunus, Nobel Peace Prize Winner Influencing human behavior is one of the most difficult challenges faced by leaders. This book provides powerful insight into how to make behavior change that will last. -- Sidney Taurel, Chairman and Chief Executive Officer, Eli Lilly and Company If you are truly motivated to make productive changes in your life, don't put down this book until you reach the last page. Whether dealing with a recalcitrant teen, doggedly resistant coworkers, or a personal frustration that 'no one ever wants to hear my view,' Influencer can help guide you in making the changes that put you in the driver's seat. -- Deborah Norville, anchor of Inside Edition and bestselling author
