Clark and Division Naomi Hirahara, 2021-08-03 A New York Times Best Mystery Novel of 2021 Set in 1944 Chicago, Edgar Award-winner Naomi Hirahara's eye-opening and poignant new mystery, the story of a young woman searching for the truth about her revered older sister's death, brings to focus the struggles of one Japanese American family released from mass incarceration at Manzanar during World War II. Chicago, 1944: Twenty-year-old Aki Ito and her parents have just been released from Manzanar, where they have been detained by the US government since the aftermath of Pearl Harbor, together with thousands of other Japanese Americans. The life in California the Itos were forced to leave behind is gone; instead, they are being resettled two thousand miles away in Chicago, where Aki's older sister, Rose, was sent months earlier and moved to the new Japanese American neighborhood near Clark and Division streets. But on the eve of the Ito family's reunion, Rose is killed by a subway train. Aki, who worshipped her sister, is stunned. Officials are ruling Rose's death a suicide. Aki cannot believe her perfect, polished, and

optimistic sister would end her life. Her instinct tells her there is much more to the story, and she knows she is the only person who could ever learn the truth. Inspired by historical events, *Clark and Division* infuses an atmospheric and heartbreakingly real crime with rich period details and delicately wrought personal stories. Naomi Hirahara has gleaned from thirty years of research and archival work in Japanese American history.

### **All Our Families** Jennifer Natalya Fink

2022-04-05 A provocation to reclaim our disability lineage in order to profoundly reimagine the possibilities for our relationship to disability, kinship, and carework. Disability is often described as a tragedy, a crisis, or an aberration, though 1 in 5 people worldwide have a disability. Why is this common human experience rendered exceptional? In *All Our Families*, disability studies scholar Jennifer Natalya Fink argues that this originates in our families. When we cut a disabled member out of the family story, disability remains a trauma as opposed to a shared and ordinary experience. This makes disability and its diagnosis traumatic and exceptional. Weaving together stories of members of her own family with sociohistorical research, Fink illustrates how the eradication of disabled people from family narratives is rooted in racist, misogynistic, and antisemitic sorting systems inherited from Nazis. By examining the rhetoric of genetic testing, she shows that a fear of disability begins before a child is even born and that a fear of disability is, fundamentally, a fear of care. Fink analyzes

our racist and sexist care systems, exposing their inequities as a source of stigmatizing ableism. Inspired by queer and critical race theory, Fink calls for a lineage of disability: a reclamation of disability as a history, a culture, and an identity. Such a lineage offers a means of seeing disability in the context of a collective sense of belonging, as cause for celebration, and is a call for a radical reimagining of carework and kinship. All Our Families challenges us to re-lineate disability within the family as a means of repair toward a more inclusive and flexible structure of care and community.

**Brand Admiration** C. Whan Park, Deborah J. MacInnis, Andreas B. Eisingerich, 2016-09-16 Brand Admiration uses deep research on consumer psychology, marketing, consumer engagement and communication to develop a powerful, integrated perspective and innovative approach to brand management. Using numerous real-world examples and backed by research from top notch academics, this book describes how companies can turn a product, service, corporate, person or place brand into one that customers love, trust and respect; in short, how to make a brand admired. The result? Greater brand loyalty, stronger brand advocacy, and higher brand equity. Admired brands grow more revenue in a more efficient way over a longer period of time and with more opportunities for growth. The real power of Brand Admiration is that it provides concrete, actionable guidance on how brand managers can make customers (and employees) admire a brand. Admired brands don't just do the job; they offer exactly what customers need (enabling benefits), in way that's pleasing, fun, interesting, and emotionally involving (enticing benefits), while making people feel good about themselves (enriching benefits). Providing these benefits, called 3 Es, is foundational to building , strengthening and leveraging brand admiration. In addition, the authors articulate a common-sense and action based measure of brand equity, and they develop dashboard metrics to diagnose if there are

any 'canaries in the coal mine', and if so, what to do next. In short, Brand Admiration provides a coherent, cohesive approach to helping the brand stand the test of time. A well-designed, well-managed brand becomes a part of the public consciousness, and ultimately, a part of the culture. This trajectory is the fruit of decisions made from an integrated strategic standpoint. This book shows you how to shift the process for your brand, with practical guidance and an analytical approach.

**The Art of Mixing** David Gibson, 2019-01-10 David Gibson uses 3D visual representations of sounds in a mix as a tool to explain the dynamics that can be created in a mix. This book provides an in-depth exploration into the aesthetics of what makes a great mix. Gibson's unique approach explains how to map sounds to visuals in order to create a visual framework that can be used to analyze what is going on in any mix. Once you have the framework down, Gibson then uses it to explain the traditions that have been developed over time by great recording engineers for different styles of music and songs. You will come to understand everything that can be done in a mix to create dynamics that affect people in really deep ways. Once you understand what engineers are doing to create the great mixes they do, you can then use this framework to develop your own values as to what you feel is a good mix. Once you have a perspective on what all can be done, you have the power to be truly creative on your own – to create whole new mixing possibilities. It is all about creating art out of technology. This book goes

beyond explaining what the equipment does – it explains what to do with the equipment to make the best possible mixes.

**I Am These Truths** Sunny Hostin, Charisse Jones, 2020-09-22 The Emmy Award-winning legal journalist and co-host of *The View* Sunny Hostin chronicles her journey from growing up in a South Bronx housing project to becoming an assistant U.S. attorney and journalist in this powerful memoir that offers an intimate and unique look at identity, intolerance, and injustice. “What are you?” has followed Sunny Hostin from the beginning of her story, as she grew up half Puerto Rican and half African-American raised by teenage parents in the South Bronx. Escaping poverty and the turbulence of her early life through hard work, a bit of luck and earning academic scholarships to college and law school, Sunny immersed herself in the workings of the criminal justice system. In Washington, D.C., Sunny became a federal prosecutor, soon parlaying her wealth of knowledge of the legal system into a successful career as a legal journalist. She was one of the first national reporters to cover Trayvon Martin’s death—which her producers erroneously labeled “just a local story.” Today, an inescapable voice from the top echelons of news and entertainment, Sunny uses her platform to advocate for social justice and give a voice to the marginalized. In her signature no-holds-barred, straight-up style, Sunny opens up and shares her intimate struggles with fertility and personal turmoil, and reflects on the high-stakes cases and stories she worked on as a prosecutor and during her time at CNN, Fox

News, ABC and The View. Timely, poignant, and moving, *I Am These Truths* is the story of a woman living between two worlds, and learning to bridge them together to fight for what's right.

### **Riding the Bus with My Sister Rachel**

Simon, 2013-03-05 A "heartwarming, life-affirming" memoir of a relationship with an intellectually disabled sibling: "Read this book. It might just change your life" (Boston Herald). Beth is a spirited woman with an intellectual disability who lives intensely and often joyfully, and spends most of her days riding the buses in Pennsylvania. The drivers, a lively group, are her mentors; her fellow passengers, her community—though some display less patience or kindness than others. Her sister, Rachel, a teacher and writer, camouflages her emotional isolation by leading a hyperbusy life. But one day, Beth asks Rachel to accompany her on public transportation for an entire year—and Rachel accepts. This wise, funny, deeply affecting book is the chronicle of that remarkable time, as Rachel learns how to live in the moment, how to pay attention to what really matters, how to change, how to love—and how to slow down and enjoy the ride. Weaving in anecdotes and memories of terrifying maternal abandonment, fierce sisterly loyalty, and astonishing forgiveness, Rachel Simon brings to light a world that is almost invisible to many people, finds unlikely heroes in everyday life, and, without sentimentality, wrestles with her own limitations and portrays Beth as the endearing, feisty, independent person she is. "With tenderness and fury, heartbreak and acceptance . . . Simon comes to the inescapable conclusion that we are all

riders on the bus, and on the bus we are all the same.” —Jacquelyn Mitchard, author of *The Deep End of the Ocean*
