The Old Pro Turkey Hunter Gene

Nunnery, 2018-10-15 During his life, Gene Nunnery was recognized as a master turkey hunter and an artisan who crafted unique, almost irresistible turkey calls. In *The Old Pro Turkey Hunter*, the vaunted sportsman shares over fifty years of personal experience in Mississippi and surrounding states, along with the decades-old wisdom of the huntsmen who taught him. Throughout the book, his stories make clear that turkey hunting is more than just killing the bird--it is about matching wits with a wild and savvy adversary. As Nunnery explains, To me that's what it's all about: finding a wise old gobbler who will test your skill as a turkey hunter. Through his stories, Nunnery reveals that the true reward for successful turkey hunting lies in winning the contest, not necessarily exterminating the foe. Real sportsmen know that every now and then the turkey should and will elude the hunter. As Nunnery looks back on his extensive career, he

analyzes vast differences in practice, old and new. The shift, he decides, came during his last twenty years on the hunt, and that difference has only increased in the decades since this book was originally published. Michael O. Giles, Bass Pro staff team member, master turkey hunter, and award-winning outdoors writer and author of *Passion of the Wild*, writes a new foreword that brings the practice of turkey hunting into the present day. Filled with a tested mixture of common sense and specific examples of how master turkey hunters honor their harvest and heritage, *The Old Pro Turkey Hunter* is the perfect companion for the novice or the adept.

Marvel Comics Sean Howe, 2013-10-01 The defining, behind-the-scenes chronicle of one of the most extraordinary, beloved, and dominant pop cultural entities in America's history -- Marvel Comics -- and the outsized personalities who made Marvel including Martin Goodman, Stan Lee, and Jack Kirby. "Sean Howe's history of Marvel makes a compulsively readable, riotous and heartbreaking version of my favorite story, that of how a bunch of weirdoes changed the world...That it's all true is just frosting on the cake." --Jonathan Lethem For the first time, Marvel Comics tells the stories of the men who made Marvel: Martin Goodman, the self-made publisher who forayed into comics after a get-rich-quick tip in 1939, Stan Lee, the energetic editor who would shepherd the company through thick and thin for decades and Jack Kirby, the WWII veteran who would co-create Captain America in 1940 and, twenty years later, developed with Lee the bulk of the company's marquee characters in a three-year frenzy. Incorporating more than one hundred original interviews with those who worked behind the scenes at Marvel over a seventy-year-span, Marvel Comics packs anecdotes and analysis into a gripping narrative of how a small group of people on the

culmination of failure created one of the most enduring pop cultural forces in contemporary America.

Operation Damocles Roger Howard, 2021-11-15 The forgotten cloak-and-dagger history of the former Nazi scientists who were recruited by Egypt to develop long-range missiles capable of striking Israel. From 1951 to 1967, Egypt pursued a secret program to build military rockets that could have conceivably posed a threat to neighboring Israel. Because such an ambitious project required Western expertise, the Egyptian leader president Nasser hired West German scientists, many of them veterans of the Nazi rocket program at Peenemünde and elsewhere. These covert plans soon came to the attention of Israel's legendary secret service, Mossad, and caused deep alarm in Tel Aviv. Could the missiles be fitted with warheads filled with radiological, chemical, or even nuclear materials? Israel responded by using threats, intimidation, and brutal assassination squads to deter the German scientists from working on Nasser's behalf. Exactly half a century later, this book tells the gripping story of the mysterious arms dealers, Mossad assassins, scientific geniuses, and leading figures who all played their part in Operation Damocles
