*MRM User Feedback* Mandar Rane, Mumbai Rail Map is designed as a 'you are here map as well as a portable print map. Maps are excellent in clarifying the mental model\* of a novice commuter who is anxious about his travel. Once the mental model is clarified the use of a map reduces unless a new information need arises\*\*. Therefore maps are products of infrequent use. Whenever a query arises, the map should provide the answer. If the map is not usable then people might prefer to ask someone. So the design of the map must be user-friendly and self-evident. Unless everybody (especially children) is taught to read maps at a national level, the anxiety towards map-reading and accessing information will persist. Our study found that with a little training (about search based on alphabetical order and grid), people's ability to comprehend and use the MRM improved drastically.

Sujata Massey blasts her way into fiction with *The Salaryman's Wife*, a cross-cultural mystery of manners with a decidedly sexy edge.-- Janet Evanovich Japanese-American Rei Shimura is a 27-year-old English teacher living in one of Tokyo's seediest neighborhoods. She doesn't make much money, but she wouldn't go back home to California even if she had a free ticket (which, thanks to her parents, she does.) She's determined to make it on her own. Her independence is threatened however, when a getaway to an ancient castle town is marred by murder. Rei is the first to find the beautiful wife of a high-powered businessman, dead in the snow. Taking charge, as usual, Rei searches for clues by crashing a funeral, posing as a bar-girl, and somehow ending up pursued by police and paparazzi alike. The first installment in the Rei Shimura series, *The Salaryman's Wife* is a riveting tale of death, love, and sex, told in a unique cross-cultural voice.
