**Engineering Technology, Engineering Education and Engineering Management** Deyao Tan,2015-06-25 This volume contains papers presented at the International Conference on Engineering Technologies, Engineering Education and Engineering Management (ETEEEM 2014, Hong Kong, 15-16 November 2014). A wide variety of topics is included in the book: - Engineering Education - Education Engineering and Technology - Methods and Learning Mechanism

Music of the First World War Don Tyler,2016-03-21 This book discusses WWI-era music in a historical context, explaining music's importance at home and abroad during WWI as well as examining what music was being sung, played, and danced to during the years prior to America's involvement in the Great War. Why was music so important to soldiers abroad during World War I? What role did music—ranging from classical to theater music, rags, and early jazz—play on the American homefront? Music of the First World War explores the tremendous importance of music during the years of the Great War—when communication technologies were extremely limited and music often took the place of connecting directly with loved ones or reminiscing via recorded images. The book's chapters cover music's contribution to the war effort; the variety of war-related songs, popular hits, and top recording artists of the war years; the music of Broadway shows and other theater productions; and important composers and lyricists. The author also explores the development of the fledgling recording industry at this time.

**Thomas East and Music Publishing in Renaissance England** Jeremy L. Smith,2003-02-20 In the London of Shakespeare and William Byrd, Thomas East was the premier, often exclusive, printer of music. As he tells the story of this influential figure in early English music publishing, Jeremy Smith also offers a vivid overall portrait of a bustling and competitive industry, in which composers, patrons, publishers, and tradesmen sparred for creative control and financial success. It provides a truly comprehensive study of music publishing and a new way of understanding the place of musical culture in Elizabethan times. In addition, Smith has compiled the first complete chronology of East's music prints, based on both bibliographical and paper-based evidence.

*The Gap-year Guidebook 2013* Jonathan Barnes,2012 'The Gap-Year Guidebook 2013' has comprehensive advice on travelling, volunteering, working round the world, languages, sports courses, office skills, career breaks and life after the gap year.

*Handbook of Multimedia for Digital Entertainment and Arts* Borko Furht,2010-03-10 The advances in computer entertainment, multi-player and online games, technology-enabled art, culture and performance have created a new form of entertainment and art. The success of this new field has influenced the development of the digital entertainment industry and related products/services, which has impacted every aspect of our lives. Handbook of Multimedia for Digital Entertainment and Arts is an edited volume contributed by worldwide experts in the field of the new digital and interactive media, and their applications in entertainment and arts. This handbook covers leading edge media technologies, and the latest research applied to digital entertainment and arts. The main focus of Handbook of Multimedia for Digital Entertainment and Arts targets interactive and online games, edutainment, e-performance, personal broadcasting, innovative technologies for digital arts, digital visual and auditory media, augmented reality, moving media, and other advanced topics. The final chapters of this book present future trends and developments within this explosive field. Handbook of Multimedia for Digital Entertainment and Arts serves as a primary reference for advanced-level students, researchers and professors studying computer science and electrical engineering. With the dramatic growth of interactive digital entertainment and art applications, this handbook is also suitable as a reference for practitioners, programmers, and engineers working in this field.

**Literary Research and British Postmodernism** Bridgit McCafferty,Arianne Hartsell-Gundy,2015-09-02 Literary Research and British Postmodernism is a guide for researchers of postwar British literature that defines best practices for scholars conducting research in this period. Individual chapters connect the complex relationships between print and multimedia, technological advancements, and the influence of critical theory that converge in postwar British literature.

Feminism and Gender Politics in Mediated Popular Music Ann Werner,2022-08-11 What does it mean, in a polarized political climate, that feminism was popular in mainstream popular music of the 2010s? Engaging with feminist theory and previous research about gender and music, this book investigates the meaning of current trends relating to gender, feminism and woman-identified artists in mediated popular music. The examples discussed throughout the book include Netflix documentaries by Beyoncé, Lady Gaga and Taylor Swift, the Swedish music industry #MeToo petition #närmusikentystnar, music streaming services' gender equality work and the project Keychange striving to bring underrepresented genders to the stage. The volume discusses the media specificity of the different examples, introduces and explains feminist theories and concepts and analyzes the position of women, gender politics and feminisms in popular music.
