**Taiwan Business** Christine Genzberger,1994 An encyclopedic view of doing business with Taiwan. Contains the how-to, where-to and who-with information needed to operate internationally.

*Resounding Taiwan* Nancy Guy,2021-08-25 This book vibrantly demonstrates how the study of music allows for identification and interpretation of the forces that form Taiwanese society, from politics and policy to reactions to and assertions of such policies. Contributors to this edited volume explore how music shapes life — and life shapes music — in Taiwan, focusing on subjects ranging from musical life under Japanese colonial rule (1895–1945) through to the contemporary creations of Indigenous musicians, popular music performance and production, Christian religious music, traditional ritual music and theatre, conceptions about sound and noise, and garbage truck music's role in reducing household waste. The volume's twelve chapters present diverse approaches to their sounding subjects, some deeply rooted in the methods and concerns explored by Taiwan's first generation of ethnomusicologists. Others employ current social theories. Presenting a window into the cultural lives of the residents of this multicultural, politically contested island, *Resounding Taiwan* will appeal to students and scholars of musicology and ethnomusicology, anthropology and Asian studies more widely.

**Made in Taiwan** Eva Tsai,Tung-Hung Ho,Miaoju Jian,2019-11-14 *Made in Taiwan: Studies in Popular Music* serves as a comprehensive introduction to the history, sociology, and musicology of contemporary Taiwanese popular music. Each essay, written by a leading scholar of Taiwanese music, covers the major figures, styles, and social contexts of pop music in Taiwan and provides adequate context so readers understand why the figure or genre under discussion is of lasting significance. The book first presents a general description of the history and background of popular music in Taiwan, followed by essays organized into thematic sections: Trajectories, Identities, Issues, and Interactions.

**The Music Sound** Nicolae Sfetcu,2014-05-07 A guide for music: compositions, events, forms, genres, groups, history, industry, instruments, language, live music, musicians, songs, musicology, techniques, terminology , theory, music video. Music is a human activity which involves structured and audible sounds, which is used for artistic or aesthetic, entertainment, or ceremonial purposes. The traditional or classical European aspects of music often listed are those elements given primacy in European-influenced classical music: melody, harmony, rhythm, tone color/timbre, and form. A more comprehensive list is given by stating the aspects of sound: pitch, timbre, loudness, and duration. Common terms used to discuss particular pieces include melody, which is a succession of notes heard as some sort of unit; chord, which is a simultaneity of notes heard as some sort of unit; chord progression, which is a succession of chords (simultaneity succession); harmony, which is the relationship between two or more pitches; counterpoint, which is the simultaneity and organization of different melodies; and rhythm, which is the organization of the durational aspects of music.

**Musical Composition in the Context of Globalization** Christian Utz,2021-03-31 Since the early transformation of European music practice and theory in the cultural centers of Asia, Latin America, and Africa around 1900, it has become necessary for music history to be conceived globally - a challenge that musicology has hardly faced yet. This book discusses the effects of cultural globalization on processes of composition and distribution of art music in the 20th and 21st century. Christian Utz provides the foundations of a global music historiography, building on new models such as transnationalism, entangled histories, and reflexive globalization. The relationship between music and broader changes in society forms the central focus and is treated as a pivotal music-historical dynamic.

**Hiragami's Box** William Gentry,2013-10-02 Take a ride with Evan Underhill and Taylor Metzger through the south of Taiwan. Evan has just come back to Taiwan for a short visit, but he is carrying a small music box to its final destination in the Southern city of Hengchun. He doesn't rightly know how he came into possession of the box, or to whom is returning it too. All is revealed as the two men make their journey, and have a good time doing so.

**Cries of Joy, Songs of Sorrow** Marc L. Moskowitz,2009-11-24 Since the mid-1990s, Taiwan's unique brand of Mandopop (Mandarin Chinese-language pop music) has dictated the musical tastes of the mainland and the rest of Chinese-speaking Asia. *Cries of Joy, Songs of Sorrow* explores Mandopop's surprisingly complex cultural implications in Taiwan and the PRC, where it has established new gender roles, created a vocabulary to express individualism, and introduced transnational culture to a country that had closed its doors to the world for twenty years. In his early chapters, Marc L. Moskowitz provides the historical background necessary to understand the contemporary Mandopop scene, beginning with the birth of Chinese popular music in the East Asian jazz Mecca of 1920s Shanghai. A brief overview of alternative musical genres in the PRC such as Beijing rock and revolutionary opera is included. The section concludes with a look at the manner in which Taiwan's musical ethos has influenced the mainland's music industry and how Mandopop has brought Western music and cultural values to the PRC. This leads to a discussion of Taiwan pop's exceptional hybridity, beginning with foreign influences during the colonial period under the Dutch and Japanese and continuing with the country's political, cultural, and economic alliance with the U.S. Moskowitz addresses the resulting wealth of transnational musical influences from the rest of East Asia and the U.S. and Taiwan pop's appeal to audiences in both the PRC and Taiwan. In doing so, he explores how Mandopop's songs of sorrow, with their ubiquitous themes of loneliness and isolation, engage a range of emotional expression that resonates strongly in the PRC. Later chapters examine the construction of male and female identities in Mandopop and look at the widespread condemnation of the genre by critics. Drawing on analyses and data from earlier chapters (including interviews with dozens of performers, song writers, and lay people in Taipei and Shanghai), Moskowitz attempts to answer the question: Why, if the music is as bad as some assert, is it so central to the lives of the largest population in the world? To answer, he highlights Mandopop's important contribution as a poetic lament that simultaneously embraces and protests modern life. *Cries of Joy, Songs of Sorrow* is a highly readable introduction to an important but understudied East Asian phenomenon. It will find a ready audience among scholars and students of Chinese and Taiwanese popular culture as well as musicologists studying transnational music flows and non-Western popular music.

**Live at the Forbidden City** Dennis Rea,2006 *Live at the forbidden City* offers a singular look at the rapidly evolving Chinese popular music scene, as seen through the eyes of one of the first progressive Western musicians to perform extensively in both China and Taiwan. In the 1980s and 90s, American author and musician Dennis Rea played concerts in venues ranging from sports arenas to underground nightclubs to TV broadcasts - frequently under bizarre circumstances and the constant threat of harassment by Communist Party authorities. Spiced with informative reflections on Chinese music and culture, Rea interweaves depictions of his musical adventures with an insider's look at China's emergent rock music phenomenon and an eyewitness account of the violent civil uprising in Chengdu at the same time as the events at Tiananmen Square.
