Jaci Byrne

Maka the Magic Music Maker Shannon Scott,2012-10 Maka didn't talk much, but he loved to sing. Wherever he went, his beloved 'ukulele was by his side. And whenever he started to play and sing his song, The Maka Shaka Shuffle, people would stop what they were doing and sing alongċ Point your thumb, now point your pinky. Shake it back and forth and give a little winky. It's the Maka Shaka Shuffle, oh yeah. The Maka Shaka Shuffle, uh huh. One day, a very big and very hungry pua'a entered his village and started chasing all his friends. Shy little Maka did the only thing he knew how and bravely saved his village from destruction. An audio CD with an original song by Domonic Vespoli, Maka the Music Maker, and a reading by author Shannon Scott is included.

Music Makers Timothy Duffy,2019-01-14 When he was in graduate school in the late 1980s, Timothy Duffy began documenting the roots music styles of largely forgotten southern musicians in a series of field recordings. Recognizing that too many artists working in these traditions--blues, R&B, hillbilly music, and other now increasingly popular forms--had been either ignored or taken advantage of by mainstream record labels and music media and were living in poverty as a result, Duffy established the Music Maker Relief Foundation to help these forgotten pioneers meet their basic needs and nourish their souls by committing their gifts to archival recordings and reviving performance careers. This book, available for the first time in paperback, features photographs, biographies, interviews, and lyrics from sixty-six real and rooted originals such as Beverly Guitar Watkins, Cootie Stark, Mudcat, Macavine Hayes, and Drink Small. The music of America exists in these largely forgotten artists who link us back to our earliest history.

Stravinsky the Music-maker Hans Keller,Milein Cosman,2010 Hans Keller's text and Milein Cosman's vibrant illustrations combine to produce a unique and enlightening book on Stravinsky.

Music Maker Carolyn Bracken,2002 Presents the words to five simple songs, with accompanying music that can be played by pressing the button on the sound panel that matches the song's illustration.

We Are the Music Makers! Timothy Duffy,Denise Duffy,2019-01-14 America tells its stories through song. Consolation to the lovelorn, courage to the oppressed, warning to the naive, or a ticket to the Promised Land, a great song can deliver the wisdom of ages directly to our souls. We Are the Music Makers! presents black-and-white portraits of artists who carry these songs from past to present: fathers and mothers, uncles and aunts, daughters and sons, grandparents and neighbors, who continue to lovingly stir the South's musical stew and feed American culture outside the realm of conventional fame and fortune. Newly available in paperback, this book features intimate photographs that will make you look more closely at the unrecognized greatness that surrounds us all.

The Music Maker of Auschwitz IV Jaci Byrne,2021-03-03 The inspirational true story of an Allied POW appointed Kapellmeister to the Nazis in Auschwitz. When called up to fight in yet another World War, Drum Major Jackson promised his beloved wife Mabel that he would return to lead his band and play for her once more. In May 1940, he was captured at Dunkirk and interned in several German forced labour camps throughout Poland. Two years later he was transferred to Auschwitz IV, part of the notorious concentration camp complex where it is not widely known held Allied POWs. When his captors appointed Jackson their ‘Kapellmeister’ (man in charge of music), he seized the opportunity to provide entertainment for his fellow prisoners at rehearsals, and cover for escapees during concerts. Finally liberated in May 1945, malnourished and gravely ill, Jackson carried his secret war diary—an incredible exposé on five years of life and death in Nazi concentration camps. THE MUSIC MAKER OF AUSCHWITZ IV, based on Jackson’s diary, is written by his granddaughter. It is a thrilling testament to the resilience one man found in the darkest of times through his two greatest loves—music and the woman who waited for him.

The Music Maker Jaci Byrne,2018-07-05 On May 8 1945, forty-six-year-old Drum Major Jackson staggered towards his American liberators. Emaciated, dressed in rags, his decayed boots held together with string, he'd been force-marched for twenty days over the Austrian Alps after five heinous years as a POW in Nazi labour camps. He collapsed into his liberators' arms, clinging to his only meaningful possession—his war diary. Having already experienced the horrific nature of battle in the First World War, Jackson had now survived another War—unlike hundreds of his mates, who'd succumbed to disease, insanity, or had been killed in action. Men far younger than he. But he could never have imagined what awaited him on the home front. A captivating testament to human endurance, Jackson's diary and photos, one of the last such memoirs to be published, is the inspiration for The Music Maker. An unforgettable and gripping true story about the life and times.

Old-Time Music Makers of New York State Simon J. Bronner,1988-01-01 Ask an old-timer what life was like in rural upstate New York during the nineteenth and early twentieth centuries and you will hear about the dances and bees that brought villagers and farmers together. You will hear of favorite fiddlers who held center stage with dance tunes taken from early British and American sources. You will hear of old-time music and its significance to a people making the transition from a rural, agricultural life to an urban, industrial one. Old-Time Music Makers of New York State is the first book published on this rich legacy of traditional Anglo-American music and dance. It traces the development of old-time music beginning with its movement into New York State from New England in the early nineteenth century and to its combination with commercial country music in the twentieth century. Exploring the regional character of the music and its meaning co the people who enjoy it, Bronner introduces memorable figures from the major periods in the development of old-time music, and he places their stories, their lives, and their music in the context of the region's cultural and historical changes. This is much more than a regional study, however. Bronner brings to the fore issues of national scope and interest. He discusses the relationship of old-time music to the commercial country music with which it has been closely aligned, and he challenges the prevailing wisdom that the origins of country music are in the South. Musician, fan, folklorist, and historian alike will benefit from and enjoy this book. The many musical transcriptions, annotations, photographs, and appendixes provide a valuable reference to be used again and again.
