Turner Classic Movies: Christmas in the Movies Jeremy Arnold, 2018-10-09

Turner Classic Movies presents a bucket list of the best and most beloved holiday films of all time, complete with spirited commentary, behind-the-scenes stories, and photos spanning eight decades of Christmastime favorites. Nothing brings the spirit of the season into our hearts quite like a great holiday movie. Christmas films come in many shapes and sizes and exist across many genres. Some, like *It's a Wonderful Life* and *A Christmas Story*, are perennials, while others, such as *Die Hard*, have only gradually become yuletide favorites. But they all have one thing in common: they use themes evoked by the holiday period - nostalgia, joy, togetherness, dysfunction, commercialism, or cynicism - as a force in their storytelling. !--

EndFragment--Turner Classic Movies: Christmas in the Movies showcases the very best among this uniquely spirited strain of cinema. Each film is profiled on what makes it a Christmas movie, along with behind-the-scenes stories of its production, reception, and legacy. Complemented by a trove of color and black-and-white photos, Turner Classic Movies: Christmas in the Movies is a glorious salute to a collection of the most treasured films of all time. Among the 30 films included: *The Shop Around the Corner*, *Holiday Inn*, *Meet Me in St. Louis*, *It's a Wonderful Life*, *Miracle on 34th Street*, *White Christmas*, *A Christmas Story*, *National Lampoon's Christmas Vacation*, *Home Alone*, *Little Women*, and *The Nightmare Before Christmas*.

Making Movies Sidney Lumet, 2010-09-01 Why does a director choose a particular script? What must they do in order to keep actors fresh and truthful through take after take of a single scene? How do you stage a shootout—involving more than one hundred extras and three colliding taxis—in the heart of New York’s diamond district? What does it take to keep the studio honchos happy? From the first rehearsal to the final screening, *Making Movies* is a master’s take, delivered with clarity, candor, and a wealth of anecdote. For in this book, Sidney Lumet, one of our most consistently acclaimed directors, gives us both a professional memoir and a definitive guide to the art, craft, and business of the motion picture. Drawing on forty years of experience on movies that range from *Long Day’s Journey into Night* to *Network* and *The Verdict*—and with such stars as Katharine Hepburn, Paul Newman, Marlon Brando, and Al Pacino—Lumet explains how painstaking labor and inspired split-second decisions can result in two hours of screen magic.

Nixon at the Movies Mark Feeney, 2012-10-22 “People will be arguing over Nixon at the Movies as much as, for more than half a century, the country at large has been arguing about Nixon.”—Greil Marcus Richard Nixon and the film industry arrived in Southern California in the same year, 1913, and they shared a long and complex history. The president screened Patton multiple times before and during the invasion of Cambodia, for example. In this unique blend of political biography, cultural history, and film criticism, Mark Feeney recounts in detail Nixon’s enthusiastic viewing habits during his

presidency, and takes a new and often revelatory approach to Nixon's career and Hollywood's, seeing aspects of Nixon's character, and the nation's, refracted and reimagined in film. Nixon at the Movies is a "virtuosic" examination of a man, a culture, and a country in a time of tumult (Slate). "By Feeney's count, Nixon, an unabashed film buff, watched more than 500 movies during the 67 months of his presidency, all carefully listed in an appendix titled 'What the President Saw and When He Saw It.' Nixon concentrated intently on whatever was on the screen; he refused to leave even if the picture was a dud and everyone around him was restless. He was omnivorous, would watch anything, though he did have his preferences...Only rarely did he watch R-rated or foreign films. He liked happy endings. Movies were obviously a means of escape for him, and as the Watergate noose tightened, he spent ever more time in the screening room."—The New York Times

The Road Movie Book Steven Cohan, Ina Rae Hark, 2002-01-04 *The Road Movie Book* is the first comprehensive study of an enduring but ever-changing Hollywood genre, its place in American culture, and its legacy to world cinema. The road and the cinema both flourished in the twentieth century, as technological advances brought motion pictures to a mass audience and the mass produced automobile opened up the road to the ordinary American. When Jean Baudrillard equated modern American culture with 'space, speed, cinema,

technology' he could just as easily have added that the road movie is its supreme emblem. The contributors explore how the road movie has confronted and represented issues of nationhood, sexuality, gender, class and race. They map the generic terrain of the road movie, trace its evolution on American television as well as on the big screen from the 1930s through the 1980s, and, finally, consider road movies that go off the road, departing from the US landscape or travelling on the margins of contemporary American culture. Movies discussed include: * Road classics such as *It Happened One Night*, *The Grapes of Wrath*, *The Wizard of Oz* and the Bob Hope-Bing Crosby *Road to films* * 1960's reworkings of the road movie in *Easy Rider* and *Bonnie and Clyde* * Russ Meyer's road movies: from *Motorpsycho!* to *Faster Pussycat! Kill! Kill!* * Contemporary hits such as *Paris Texas*, *Rain Man*, *Natural Born Killers* and *Thelma and Louise* * The road movie, Australian style, from *Mad Max* to the *Adventures of Priscilla, Queen of the Desert*.

Movies (And Other Things) Shea Serrano, 2019-10-08 INSTANT #1 NEW YORK TIMES BESTSELLER WALL STREET JOURNAL BESTSELLER BARNES & NOBLE BESTSELLER AMAZON BESTSELLER Paging through Serrano's *Movies (and Other Things)* is like taking a long drive at night with a friend; there's that warmth and familiarity where the chat is more important than the fastest route from Point A to Point B...It's like a textbook gone right; your attention couldn't wander if it tried. -- Elisabeth Egan, New York Times Book Review Shea Serrano is back, and his new book, *Movies (And Other Things)*, combines the fury of a John Wick

shootout, the sly brilliance of Regina George holding court at a cafeteria table, and the sheer power of a Denzel monologue, all into one. *Movies (And Other Things)* is a book about, quite frankly, movies (and other things). One of the chapters, for example, answers which race Kevin Costner was able to white savior the best, because did you know that he white saviors Mexicans in *McFarland, USA*, and white saviors Native Americans in *Dances with Wolves*, and white saviors Black people in *Black or White*, and white saviors the Cleveland Browns in *Draft Day*? Another of the chapters, for a second example, answers what other high school movie characters would be in Regina George's circle of friends if we opened up the *Mean Girls* universe to include other movies (Johnny Lawrence is temporarily in, Claire from *The Breakfast Club* is in, Ferris Bueller is out, Isis from *Bring It On* is out...). Another of the chapters, for a third example, creates a special version of the Academy Awards specifically for rom-coms, the most underrated movie genre of all. And another of the chapters, for a final example, is actually a triple chapter that serves as an NBA-style draft of the very best and most memorable moments in gangster movies. Many, many things happen in *Movies (And Other Things)*, some of which funny, others of which are sad, a few of which are insightful, and all of which are handled with the type of care and dedication to the smallest details and pockets of pop culture that only a book by Shea Serrano can provide.

501 Must-see Movies Emma Beare, 2004 The book is divided into ten genres,

with fifty films appearing in each category. Each entry includes a synopsis of the plot, details of awards for which it was nominated and those it won, and fascinating background or insider knowledge about the making of the movie. Contains over a century of film history--Page 4 of cover.

Tall Perennials features Roger Turner's hand-picked selection of high-performing perennials that all check in at over five feet. Spiky and ferocious, statuesque and architectural, bold and brilliantly colored, these are larger-than-life, hardy, and easy-to-grow plants that help create scale and proportion in gardens of any size. Split into two parts, Tall Perennials includes introductory chapters on the plant characteristics and combination ideas. The second part is a plant directory of more than 600 perennials. Whether you are an urban gardener looking to create the illusion of space or just looking for a new and unusual plant, Tall Perennials will help you create impact, surprise, and excitement in your garden.

Museum Movies Haidee Wasson, 2005-05-27 In 1935, the foundation of the Film Library of the Museum of Modern Art in New York marked the transformation of the film medium from a passing amusement to an enduring art form. Haidee Wasson maps the work of the MoMA film library as it pioneered the preservation of film & promoted the concept of art cinema.

Kerswell, 2012 Packed with reviews of the best (and worst) slasher movies and illustrated with a collection of distinctive and often graphic poster artwork from around the world, this book looks at the political, cultural, and social influences on the slasher movie and its effect.

Teen Movies Timothy Shary, 2005 Teen Movies: American Youth on Screen is a detailed look at the depiction of teens on film and its impact throughout film's history. Timothy Shary looks at the development of the teen movie - the rebellion, the romance, the sex and the horror - up to contemporary portrayals of ever-changing youth. Films studied include Rebel Without a Cause (1955), Splendor in the Grass (1961), Carrie (1976), The Breakfast Club (1985), and American Pie (1999).

The Ultimate Book of Gangster Movies George Anastasia, Glen Macnow, 2011-09-27 The gangster movie is one of the most popular genres in film. From the Italian, Irish, and Russian families in America to similarly sinister groups in Europe, Japan, and beyond, the cinema has never shied away from portraying the evil exploits of these brutal outfits. In this highly entertaining and informative book, two accomplished and apropos authors put the genre in perspective like no other author or documentarian has done before. The Ultimate Book of Gangster Movies provides extensive reviews of the Top 100 gangster films of all time, including sidebars like Reality Check, Hit and Miss, I Know That Guy, Body Count, and other fun and

informative features. Also included are over a dozen stand-alone chapters such as Sleeper Hits, Fugazi Flops, Guilty Pleasures, Lost Treasures, Q&A Interviews with top actors and directors (including Chazz Palinteri, Michael Madsen, Joe Mantagna, and more), plus over 50 compelling photographs. Myth and the Movies Stuart Voytilla, 1999 Voytilla takes the mythic structure developed by Christopher Vogler in *The Writer's Journey* and applies this idea to 50 classic motion pictures. 100 original cards with mythic icons.

Disaster Movies Stephen Keane, 2006 Through detailed analysis of films such as *The Towering Inferno*, *Independence Day*, *Titanic* and *The Day After Tomorrow*, this book looks at the ways in which disaster movies can be read in relation to both contextual considerations and the increasing commercial demands of contemporary Hollywood. Featuring new material on cinematic representations of disaster in the wake of 9/11 and how we might regard disaster movies in light of recent natural disasters, the volume explores the continual reworking of this previously undervalued genre.

The Art of Horror Stephen Jones, 2015 THE ART OF HORROR: AN ILLUSTRATED HISTORY

America's Film Legacy Daniel Eagan, 2010-01-01 Collection of the five hundred films that have been selected, to date, for preservation by the

National Film Preservation Board, and are thereby listed in the National Film Registry.

Crime Movies Carlos Clarens, 1997-03-21 Crime movies are as old as filmmaking itself. They embody the American nightmare, functioning both as a mirror of society and a tool for educating the public about its enemies. In this history of the genre Carlos Clarens gives us a mini-history of crime American-style. From D. W. Griffith and New York's Biograph Studios, where raw violence was introduced to celluloid immortality, to today's multimillion-dollar celebrations of blood and power, *Crime Movies* shows us the whole picture: the unchanging cast of characters (the gangster hero, swaggering, charming, suspicious; the stoolpigeon or strikebreaker; the moll); the stars (James Cagney, Spencer Tracy, George Raft, Edward G. Robinson, Humphrey Bogart, Richard Widmark); the censorship battles, political pressure, and public outcry. This book illuminates movies such as *Intolerance*, *Underworld*, *Little Caesar*, *Public Enemy*, *Kiss of Death*, *On the Waterfront*, *Bonnie and Clyde*, *The Godfather*, *Goodfellas*, *Reservoir Dogs*, and hundreds of others, while detailing the film-making strategies Hollywood has adopted to deal with the controversial yet profitable and enduring subject of American criminality.

The Cinema of Isolation Martin F. Norden, 1994 Filmmakers have often encouraged us to regard people with physical disabilities in terms of pity, awe, humor, or fear as Others who somehow deserve to be isolated from the rest

of society. In this first history of the portrayal of physical disability in the movies, Martin Norden examines hundreds of Hollywood movies (and notable international ones), finds their place within mainstream society, and uncovers the movie industry's practices for maintaining the status quokeeping people with disabilities dependent and in their place. Norden offers a dazzling array of physically disabled characters who embody or break out of the stereotypes that have both influenced and been symptomatic of societys fluctuating relationship with its physically disabled minority. He shows us sweet innocents like Tiny Tim, obsessive avengers like Quasimodo, variations on the disabled veteran, and many others. He observes the arrival of a new set of stereotypes tied to the growth of science and technology in the 1970s and 1980s, and underscores movies like My Left Foot and The Waterdance that display a newfound sensitivity. Nordens in-depth knowledge of disability history makes for a particularly intelligent and sensitive approach to this long-overlooked issue in media studies.
