Turkic Soundscapes Razia Sultanova,Megan Rancier,2018-01-19 The Turkic soundscape is both geographically huge and culturally diverse (twenty-eight countries, republics and districts extending from Eastern Europe through the Caucasus and throughout Central Asia). Although the Turkic peoples of the world can trace their linguistic and genetic ancestries to common sources, their extensive geographical dispersion and widely varying historical and political experiences have generated a range of different expressive music forms. In addition, the break-up of the Soviet Union and increasing globalization have resulted in the emergence of new viewpoints on classical and folk traditions, Turkic versions of globalized popular culture, and re-workings of folk and religious practices to fit new social needs. In line with the opening up of many Turkic regions in the post-Soviet era, awareness of scholarship from these regions has also increased. Consisting of twelve individual contributions that reflect the geographical breadth of the area under study, the collection addresses animist and Islamic religious songs; the historical development of Turkic musical instruments; ethnography and analysis of classical court music traditions; cross-cultural influences throughout the Turkic world; music and mass media; and popular music in traditional contexts. The result is a well-balanced survey of music in the Turkic-speaking world, representing folk, popular and classical traditions equally, as well as discussing how these traditions have changed in response to growing modernity and cosmopolitanism in Europe and Central Asia.

Leadership for a Better World NCLP (National Clearinghouse for Leadership Programs),2016-11-14 The essential guide to the theory and application of the Social Change Model Leadership for a Better World provides an approachable introduction to the Social Change Model of Leadership Development (SCM), giving students a real-world context through which to explore the seven C's of leadership for social change as well as approaches to socially responsible leadership. From individual, group, and community values through the mechanisms of societal change itself, this book provides fundamental coverage of this increasingly vital topic. Action items, reflection, and discussion questions throughout encourage students to think about how these concepts apply in their own lives. The Facilitator's Guide includes a wealth of activities, assignments, discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese and Japanese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. Leadership for a Better World provides a thorough, well-rounded tour of the Social Change Model, with guidance on application to real-world issues. Please note that The Social Change Model: Facilitating Leadership Development (978-1-119-24243-7) is intended to be used as a Facilitator's Guide to Leadership for a Better World, 2nd Edition in seminars, workshops, and college classrooms. You'll find that, while each book can be used on its own, the content in both is also designed for use together.
