First Dog Patrick Lewis, Beth Zappitello, 2013-09-01 Once upon a time a dog was looking for a home. Not just any home -- the perfect home, to be exact. On his travels Dog meets a Newfoundland in Newfoundland, an English bulldog in England, a poodle in Paris, and many other different kinds of dogs. And he learns about what they do and how they live. But sadly, none of these places are what Dog has in mind. Can Dog find the perfect home? YES, HE CAN!! Savvy readers may have already guessed where Dog's perfect home is located but everyone, young and old, can't help but smile at the happy ending to his journey. J. Patrick Lewis lives in Westerville, Ohio, and is the author of 60 books for children. He writes full-time, visits elementary schools, and speaks at literature conferences. Dog Sense John Bradshaw, 2011 Dogs have been mankind's faithful companions for tens of thousands of years, yet today they are regularly treated as either pack-following wolves or furry humans. The truth is, dogs are neither--and our misunderstanding has put them in serious crisis. What dogs really need is a spokesperson, someone who will assert their specific needs. Renowned anthrozoologist Dr. John Bradshaw has made a career of studying human-animal interactions, and in Dog Sense he uses the latest scientific research to show how humans can live in harmony with--not just dominion over-- their four-legged friends. From explaining why positive reinforcement is a more effective (and less damaging) way to control dogs' behavior than punishment to demonstrating the importance of weighing a dog's unique personality against stereotypes about its breed, Bradshaw offers extraordinary insight into the question of how we really ought to treat our dogs--

The First Dog Jan Brett, 2015-01-22 An exciting tale of adventure in prehistoric times, set against a spectacular Ice Age landscape. Kip the cave boy bounds along the trail home with a sack of warm and tasty Woolly Rhino ribs. If he could only get rid of pesky Paleowolf, who follows him, hoping for a taste of those delicious ribs! But Paleowolf's presence turns out to be useful: His warnings save Kip from the Cave Bear, the Mighty Mammoth, and the frightening Saber-Toothed Cat. So Kip offers to share his food—if Paleowolf will use his keen nose, fine ears, and sharp eyes to keep Kip from being eaten up. With a bark and a wag of his tail, Paleowolf agrees to this bargain, and Kip christens his new friend "Dog." In this exciting tale of adventure in prehistoric times, Jan Brett creates a spectacular Ice Age landscape populated with the massive animals of the time and bordered with images inspired by cave paintings and Ice Age artifacts. She convincingly portrays the growth of the warm bond between man and animal that must, long, long ago, have resulted in the first domesticated dog.

Small Dog, Big Adventures Colette Stroppolino, 2017-02-14 For author Colette Stroppolino, saying yes to adopting her first dog and welcoming a little furry ball of love into her life was one of the best decisions she ever made. She learned so much about connection, unconditional love, responsibility, and joy, as well as how to grieve. Many questions came up for Stroppolino as she welcomed her first pet into her home. Lucie, a Chihuahua, was just four months old, so there was a huge learning curve involved. *Small Dog, Big Adventures* tells about the pair's many adventures including a first trip to the veterinarian, finding a pet sitter, grooming, learning to use a leash, socializing a dog, traveling in an airplane, and more. Stroppolino's life sure changed when she adopted a needy puppy! Communicating the joys and sorrows of pet ownership, *Small Dog, Big Adventures* is a heartfelt story about one girl's adventures, and misadventures with first-time pet ownership.
