Everything You Always Wanted to Know About Puberty—and Shouldn't Be Googling Morris Katz, 2020-11-24 This is the puberty book written by the cool, older brother—that takes boys from their first armpit hair to their first wet dream—and beyond. Facts about developmental changes to tween and teen boys' bodies and brains are spelled out in fun, familiar, boy-speak and illustrated in edgy graphic novel format. So boys 10 and up can learn about health, hygiene, sexuality, and more in a way that's not embarrassing or tedious, but real, engaging, and enlightening. A recurring Puberty Goggles feature pokes gentle fun at the way a testosterone-tormented tween views himself and the world around him. The book also explores current hot-button topics from social media and cyberbullying to respecting women.

One Way Back Christine Blasey Ford, 2024-03-19 Now a New York Times bestseller A blisteringly personal memoir...a thoughtful exploration of what it feels like to become a main character in a major American reckoning. —The Washington Post An insightful tour de force. —People On September 27, 2018, Christine Blasey Ford testified before the Senate Judiciary Committee which was considering the nomination of Judge Brett Kavanaugh to the United States Supreme Court. She described an alleged sexual assault by the Supreme Court nominee that took place at a high school party in the 1980s. Her words and courage on that day provided some of the most credible and unforgettable testimony our country has ever witnessed. In *One Way Back*, Ford recounts the months she spent trying to get information into the right hands without exposing herself and her family to dangerous backlash. Drawing parallels to her life as a surfer, she explains the process of paddling out into unknown waters despite the risks and fears, knowing there is only one way back to shore. The book reveals riveting new details about the leadup to her testimony and its overwhelming aftermath and describes how she continues to navigate her way out of the storm. This is the real story behind the headlines and the soundbites, a complex, page-turning memoir of a scientist, a

surfer, a mother, a patriot and an unlikely whistleblower. Ford's experience shows that when one person steps forward to speak truth to power, she adds to a collective whole, causing a ripple that might one day become a wave."

The Yards Between Us R.K. Russell, 2023-05-16 A groundbreaking memoir from professional NFL player, writer, and advocate R.K. Russell, who made history by becoming the first out active NFL player to identify as bisexual. In 2019, R.K. Russell broke the mold when he came out as bisexual in an essay for ESPN that ignited the sports world. Now, in his powerful memoir, *THE YARDS BETWEEN US*, he shares his story and explores his love of football, men and women, walking the devastating tightrope of keeping his sexuality secret, the tension between his private and public lives, and the importance of crashing through barriers. One part inspirational journey and one part coming of age as an athlete struggling to break a mold, *THE YARDS BETWEEN US* follows in the footsteps of moving, impactful sports memoirs like Agassi's *OPEN*, Misty Copeland's *LIFE IN MOTION*, and Megan Rapinoe's *ONE LIFE*. Told through the people and moments that have shaped him, Russell traces the highs and lows of his life in and out of football, from his early life as a shy kid struggling with the expectations on a Black boy and the pull between his quiet nature and his athletic ability, to being drafted by his hometown team the Dallas Cowboys, and then on to seasons with the Tampa Bay Buccaneers and Buffalo Bills. And as his time in the sport comes into full bloom, Russell realizes that keeping his secret in the NFL is easier than in college when life and football are so much more connected to social worlds. Through being cut, injured, and frustrating setbacks, Russell's confidence lags as the secret of his sexuality weighs heavier and heavier. And when that frustration is combined with the devastating loss of his best friend and sole confidant, the darkness that follows also brings a deep understanding that perhaps it's time to make a change. In Los Angeles, against the backdrop of the swaying palm trees and warm sands of Malibu, Russell falls in love and it's the final push he needs to stand up for every part of himself—a professional athlete, a writ

Basketball Position Metric: the Evolution Is Being Televised Rashad Phillips,2022-10-28 In sports proper identity is key. We celebrate players, we glorify their existence, we marvel at their talent, and we cherish the moments that they give us. But the game that they are playing goes deeper than the surface we see. Who are they? What are they? Positions were given out to players over 70 years ago and we continue to identify them with just these labels. In doing this, we've ignored a huge component that plays a part in the world we live in. And that's evolution. In this book Rashad takes us on an exciting journey in which he tells the stories of players, identifies them properly, and he dissects the game from where it was to where it is today. He shares never heard before stories of the games' greatest players, and rearranges the legacies of many with his new position metric.
