The Purchase of Intimacy Viviana A. Zelizer,2009-02-09 In their personal lives, people consider it essential to separate economics and intimacy. We have, for example, a long-standing taboo against workplace romance, while we see marital love as different from prostitution because it is not a fundamentally financial exchange. In The Purchase of Intimacy, Viviana Zelizer mounts a provocative challenge to this view. Getting to the heart of one of life's greatest taboos, she shows how we all use economic activity to create, maintain, and renegotiate important ties--especially intimate ties--to other people. In everyday life, we invest intense effort and worry to strike the right balance. For example, when a wife's income equals or surpasses her husband's, how much more time should the man devote to household chores or child care? Sometimes legal disputes arise. Should the surviving partner in a same-sex relationship have received compensation for a partner's death as a result of 9/11? Through a host of compelling examples, Zelizer shows us why price is central to three key areas of intimacy: sexually tinged relations; health care by family members, friends, and professionals; and household economics. She draws both on research and materials ranging from reports on compensation to survivors of 9/11 victims to financial management Web sites and advice books for same-sex couples. From the bedroom to the courtroom, The Purchase of Intimacy opens a fascinating new window on the inner workings of the economic processes that pervade our private lives.

Holocaust Literature of the Second Generation M. Vaul-Grimwood,2007-08-06 Exploring five key texts from the emerging canon of second generation writing, this exciting new study brings together theories of autobiography, trauma, and fantasy to understand the how traumatic family histories are represented. In doing so, it demonstrates the continuing impact of familial and community Holocaust trauma, and the need for a precise, clearly developed theoretical framework in which to situate these works. This book will appeal to final year undergraduates and postgraduate students, as well as scholars in literary and Holocaust-related fields, and an audience with personal and professional interests in the 'second generation'.

Find the Good Heather Lende,2015-04-28 As the obituary writer in a spectacularly beautiful but often dangerous spit of land in Alaska, Heather Lende knows something about last words and lives well lived. Now she's distilled what she's learned about how to live a more exhilarating and meaningful life into three words: find the good. It's that simple--and that hard. Quirky and profound, individual and universal, Find the Good offers up short chapters that help us unlearn the habit--and it is a habit--of seeing only the negatives. Lende reminds us that we can choose to see any event--starting a new job or being laid off from an old one, getting married or getting divorced--as an opportunity to find the good. As she says, "We are all writing our own obituary every day by how we live. The best news is that there's still time for additions and revisions before it goes to press." Ever since Algonquin published her first book, the New York Times bestseller If You Lived Here, I'd Know Your Name, Heather Lende has been praised for her storytelling talent and her plainspoken wisdom. The Los Angeles Times called her "part Annie Dillard, part Anne Lamott," and that comparison has never been more apt as she gives us a fresh, positive perspective from which to view our relationships, our obligations, our priorities, our community, and our world. An antidote to the cynicism and self-centeredness that we are bombarded with every day in the news, in our politics, and even at times in ourselves, Find the Good helps us rediscover what's right with the world. "Heather Lende's small town is populated with big hearts--she finds them on the beach, walking her granddaughters, in the stories of ordinary peoples' lives, and knits them into unforgettable tales. Find the Good is a treasure." —Jo-Ann Mapson, author of Owen's Daughter "Find the Good is excellent company in unsteady times . . . Heather Lende is the kind of person you want to sit across the kitchen table from on a rainy afternoon with a bottomless cup of tea. When things go wrong, when things go right, her quiet, commonsense wisdom, self-examining frankness, and good-natured humor offer a chance to

reset, renew, rebalance.” —Pam Houston, author of Contents May Have Shifted “With gentle humor and empathy [Lende] introduces a number of people who provide examples of how to live well . . . [Find the Good] is simple yet profound.” —Booklist “In this cynical world, Find the Good is a tonic, a literary wellspring, which will continue to run, and nurture, even in times of drought. What a brave and beautiful thing Heather Lende has made with this book.” —John Straley, Shamus Award winner and former writer laureate of Alaska “Heather Lende is a terrific writer and terrific company: intimate, authentic, and as quirky as any of her subjects.” —Marilyn Johnson, author of The Dead Beat

I Will Survive Gloria Gaynor, 2014-03-11 I Will Survive is the story of Gloria Gaynor, America's Queen of Disco. It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including Honey Bee, I Got You Under My Skin, Never Can Say Goodbye, and the song that has immortalized her, I Will Survive, which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

Marketa Petter Hegre, 2006 Hegre takes us deep into the heart of feminine mystery to uncover Markéta in her many moods, an icon of perfection. It will come as no surprise that Markéta is not a full-time model. At 23, the most captivating age for a woman, she is completing her degree in economics and marketing and remains rooted in Hradec Kralove, the small Czech town of her birth. She is as desirable as a precious object, yet chaste, liberated, and natural. With her all-over tan, even in winter, she is like a mythical creature bursting from a shell, her naked body defining in a sense her own destiny: she is light on her feet, ethereal, impossible to pin down, her fate in her own hands. Markéta radiates the joy of being. She is a jewel. Hegre is a diamond cutter.

Claimed By Shadow Karen Chance, 2007-04-03 Clairvoyant Cassie Plamer has inherited new magical powers-including the ability to travel through time. But it's a whole lot of responsibility she'd rather not have. Now she's the most popular girl in town, as an assortment of vamps, fey, and mages try to convince, force, or seduce her-and her magic-over to their side. But one particular master vampire didn't ask what Cassie wanted before putting a claim on her. He had a spell cast that binds her to him, and now she doesn't know if what she feels for him is real-or imagined...

Immunology of Breast Milk Pearay L. Ogra, Delbert H. Dayton, 1979 Abstract: The mechanisms of immunity transfer to newborns through breast milk are not clearly understood. Biochemists exchanged information relevant to the systemic and local mucosal immunity system provided to the newborn by the mammary gland and its secretions. Topics include the functions of the mucosal immune system and the gut-associated and bronchial-associated lymphoid tissues, the transfer of maternal antibodies to fetus or newborn, and the constituents of human colostrum and milk, such as immunoglobulins M, G, A, E and D, and cells B, T, NK and K. Questions which remain unanswered include stimulus and location of B-cell switching; the origin and acquisition of T-cell recognition patterns; cell migration and binding; maternal cell colonization of the infant; the presence of lymphokines and monokines; and the roles of basophils, mast cells and eosinophils.

Branded Alissa Quart, 2008-12-17 Generation Y has grown up in an age of the brand, bombarded by name products. In Branded, Alissa Quart illuminates the unsettling new reality of marketing to teenagers, as well as the quieter but no less worrisome forms of teen branding: the teen consultants who work for corporations in exchange for product; the girls obsessed with cosmetic surgery who will do anything to look like women on TV; and those teens simply obsessed with admission into a name-brand college. We also meet the pockets of kids attempting to turn the tables on the cocksure corporations that so cynically strive to manipulate them. Chilling, thought-provoking, even darkly amusing, Branded brings one of the most disturbing and least talked about results of contemporary business and culture to the fore-and ensures that we will never look at today's youth the same way again.

Dark Times are Over? Olu Obafemi, 2005 Dark Times Are Over? satirizes the decay in the university system and the larger society: prostitution, cultism, religious zealotry and injustice. An indecently dressed young lady, Beatrice, is raped by cultists led by Yepa 1 and Yepa 2. They are arrested but only Yepa 1 is brought to court for trial, because the presiding judge is the auntie of Yepa 2. The lady judge bribes the police to have her nephew released. The interrogation of this act by the playwright leads to a change in the social system. The play is a sad commentary on the social, political and legal systems of the Nigerian society.--BOOK JACKET.
