Mysticism and Materialism in the Wake of German Idealism W. Ezekiel Goggin, Sean Hannan, 2022-03-30 This book argues that the rediscovery of mystical theology in nineteenth-century Germany not only helped inspire idealism and romanticism, but also planted the seeds of their overcoming by way of critical materialism. Thanks in part to the Neoplatonic turn in the works of J. G. Fichte, as well as the enthusiasm of mining engineer Franz X. von Baader, mystical themes gained a critical currency, and mystical texts returned to circulation. This reawakening of the mystical tradition influenced romantic and idealist thinkers such as Novalis and Hegel, and also shaped later critical interventions by Marx, Benjamin, and Bataille. Rather than rehearsing well-known connections to Swedenborg or Böhme, this study goes back further to the works of Meister Eckhart, Nicholas of Cusa, Catherine of Siena, and Angela of Foligno. The book offers a new perspective on the reception of mystical self-interrogation in nineteenth-century German thought and will appeal to scholars of philosophy, history, theology, and religious studies.

Unflappable Ragini Elizabeth Michaels, 2012-05-01 We all want to be happy. But, sometimes life gets in the way. People lose jobs. Spouses are unfaithful. Kids are hostile. Friends die. Houses burn down. It is a jungle out there. Unflappable is a book that helps readers not only survive but embrace these ups and downs of life and learn to stay centered and peaceful regardless of the circumstances. Drawing on the wisdom of the mystics and her NLP (neuro-linguistic programming) training Michaels offers a six-step process for happiness and serenity regardless of how crazy life gets. The Six Steps include: Discover the lay of the land: Look at the inner contours of your life. Decide where you are and where you want to go. Examine the river running through your inner landscape—in all of its inconsistencies and incongruities. Ride the river’s rapids: go with the flow. Learn to identify personal challenges on your journey. Learn how to reduce heightened emotional distress. Enjoy the ride. Unflappable offers a unique route to a different brand of happiness—one that doesn’t depend on outside circumstances, and incorporates a model for conscious living that leads to serenity.

Essays on Islamic Piety and Mysticism Meier, 2021-11-15 Fritz Meier (1912-1998) is one of the most outstanding Orientalists of this century. His publications combine masterful philological method and precision, profound and penetrating textual interpretation, and a wide-ranging familiarity with primary sources which may truly be characterized as phenomenal. Among the numerous fields in which he has undertaken original research, Persian poetry and Islamic mysticism (Sufism) in the widest sense stand out in particular. His work on Sufism covers the whole of the Islamic world and Islamic history from its beginnings up to the 20th century. The present provides for the first time a translation of 15 of Fritz Meier's seminal articles. The selected articles deal with the history of Sufism; Sufi morals and practices such as dhikr and samā’; the historical development of the master-disciple relationship; Ibn Taymiyya's attitude toward Sufism; pious devotional practices such as making use of the tasliya; essential sources for the history of Sufism in the Maghreb and the Almoravids. Extensive indices facilitate the use of this epoch-making work.

Cry Baby Mystic Daniel Tiffany, 2021-01-01 Bobbing alongside Margery Kempe—an illiterate medieval mystic who dictated the first autobiography in English—the ragged voice of Cry Baby Mystic finds itself drawn into strange predicaments that are not its own and ferried into abandoned spaces by the gearing of stardom and shame. The revolving sentences overheard by the reader—a muffled chorus of Brechtian aftershocks—survive only as traces of sorrow now craved by all who have known it: sound gossiping the unsound, the excess of the pilgrim. A person climbs out and never comes home.

High Mysticism Emma Curtis Hopkins, 2014-03-17 During the many years of the active ministry of Emma Curtis Hopkins, over fifty thousand individuals came to her for instruction. Numbered among them were ministers, priests, lawyers, physicians, artists, business men and people from every walk of life. She was known as the Teacher of Teachers as so many of her students later became teachers and carried the message of the High Watch to the far corners of the earth. Several of the well known schools of advanced thought in this country were founded by her students. It is said that the glory of her teaching is that it arouses the hidden creative genius in the student so that he goes forth inspired to accomplish some great work of a unique and inimitable sort by the recognition of his own inherent divinity. To awaken this Divine Sense in her readers is the chief aim of the writings which she has left with us. The Studies in High Mysticism contain her latest writings, the full bloom of her spiritual unfoldment. They are acknowledged to be among the finest examples of Mystical writings. Mrs. Hopkins was herself a Mystic, a Mystic of a new type. She sang the song of the Life triumphant over loss, pain, sickness, poverty, sin and death, and the joy that comes from living the Christ Life. Here we have no identifying with suffering and grief, but the fuller doctrine of Jesus Christ—the rise from ignorance to the Liberty of the Sons of God! This book is spiritual dynamite. Read it and your life will be transformed forever.

Perspectives on Early Islamic Mysticism Sara Sviri,2019-10-21 This monograph explores the original literary produce of Muslim mystics during the eighth-tenth centuries, with special attention to ninth-century mystics, such as al-Tustarī, al-Muḥāsibī, al-Kharrāz, al-Junayd and, in particular, al-Ḥakīm al-Tirmidhī. Unlike other studies dealing with the so-called ‘Formative Period’, this book focuses on the extant writings of early mystics rather than on the later Ṣūfī compilations. These early mystics articulated what would become a hallmark of Islamic mysticism: a system built around the psychological tension between the self (nafs) and the heart (qalb) and how to overcome it. Through their writings, already at this early phase, the versatility, fluidity and maturity of Islamic mysticism become apparent. This exploration thus reveals that mysticism in Islam emerged earlier than customarily acknowledged, long before Islamic mysticism became generically known as Ṣūfism. The central figure of this book is al-Ḥakīm al-Tirmidhī, whose teaching and inner world focus on themes such as polarity, the training of the self, the opening of the heart, the Friends of God (al-awliyā’), dreams and visions, divine language, mystical exegesis and more. This book thus offers a fuller picture than hitherto presented of the versatility of themes, processes, images, practices, terminology and thought models during this early period. The volume will be a key resource for scholars and students interested in the study of religion, Ṣūfī studies, Late Antiquity and Medieval Islam.

Triadic Mysticism Paul E. Murphy,1986 This book is the first consistent theological treatment of the subject of Hindu thought known to itself as Trika or Triadism and popularly as Kashmir Saivism. Few Indic theologies equal it in architectonic power and mystical profundity. Its highest category and goal is consciousness or Light whose foremost characteristic is Freedom. This goal can be attained through four ways (upayas). The theology of these ways pertains to Gnostic or knowledge oriented Triadism whose prime theologian is Ahhinavagupta the emperor of Indic speculation.

But after he's savagely beaten in retaliation for his work as head of the District Attorney's Urban Gang Unit, he's fired because his powerful boss is running for governor and fears the beating may have shaken Jack's formidable confidence. Jack lands a plush suite at his father-in-law's mega law firm, making big money practicing corporate law. Although he seemingly has everything—money, privilege, and an heiress for a wife, what he doesn't have is his own self-respect. When he is given a chance to get back into criminal law—this time as defense counsel in a capital murder case—he finally feels alive again. But to save his client from death row, he'll face a criminal network far more organized and powerful than he could have imagined. The case will take Jack back to the projects he thought he'd escaped. He'll risk personal and professional ruin, and ultimately his very life, to fight the corrupt forces determined to see his client go down—forces that may have already given absolute immunity to the real killer. Coping with Vision Loss Cheri Colby Langdell,Tim Langdell,2010-12-01 This book explains in detail what it is like to be losing sight, legally blind, or fully blind, and also documents why today's exciting technological advances and medical solutions are lifting limitations for the visually impaired. Dr. Cheri Langdell, a professor of English, and Dr. Tim Langdell, a clinical psychologist and digital media expert, take us through personal, psychological, sociological, and cultural perspectives on blindness, and—perhaps surprisingly—show us some of the benefits nearly blind and blind people have found after vision loss. These benefits include what some describe as heightening of the other senses, deepening spiritual sight, and stronger insights into the human condition. Through literature, media, and cinema across the ages, the authors focus attention on how the masses worldwide who are sighted view, and treat, the blind and legally blind. *Coping with Vision Loss: Understanding the Psychological, Social, and Spiritual Effects* also includes non-fiction written about and by the blind that gives great insight into their condition. The text explains what the visually impaired and blind can do to stay strong and live their lives to the fullest, as well as what family members and friends can do to help when needed, or to back off when one wants to be as independent as possible. Technological advances to assist the blind and legally blind are reviewed, as are websites for a host of organizations created to assist people with vision loss.

Michelangelo's Christian Mysticism Sarah Rolfe Prodan,2014-04-14 In this book, Sarah Rolfe Prodan examines the spiritual poetry of Michelangelo in light of three contexts: the Catholic Reformation movement, Renaissance Augustinianism, and the tradition of Italian religious devotion. Prodan combines a literary, historical, and biographical approach to analyze the mystical constructs and conceits in Michelangelo's poems, thereby deepening our understanding of the artist's spiritual life in the context of Catholic Reform in the mid-sixteenth century. Prodan also demonstrates how Michelangelo's poetry is part of an Augustinian tradition that emphasizes mystical and moral evolution of the self. Examining such elements of early modern devotion as prayer, lauda singing, and the contemplation of religious images, Prodan provides a unique perspective on the subtleties of Michelangelo's approach to life and to art. Throughout, Prodan argues that Michelangelo's art can be more deeply understood when considered together with his poetry, which points to a spirituality that deeply informed all of his production.
