Please rest assured that the content is up to Erica Sadun's exceptional standards. We have resolved the production issues internally. The problems we encountered do not affect the sample code that Erica hosts on her GitHub repository; this is a print/eBook-only issue. While we take every measure to avoid problems such as this, sometimes these things do happen. On behalf of Erica, and from all of Pearson, we regret this unfortunate incident. We assure you that we take this very seriously and that we have taken every measure to ensure this won't happen again. Very soon, we will provide customers who have purchased the current printing with information on identifying whether your book was affected. We will explain how to obtain a replacement.
