Neon Lights Dennis K. Fisher, 2010-12 My condition had gotten to the point that I couldn't go to work (fearing what might happen to cause a panic attack). Going to visit a few select friends or relatives (fearing what I could do if I had a panic attack), or stay at home and worry about the future, which it seemed I had no control over. I was about 35 at this time, now eight to ten years of living with anxiety and panic attacks. It was now time for depression. I had gotten myself into a deep, dark hole. Up until now, there was always a little light at the end of this tunnel, but now it was starting to close up. Nothing seemed to be fun anymore. If I did smile about something, it only lasted a short time.

Neon: a Light History Dydia DeLyser, Paul Greeststein, 2021-02-19 A brief history of luminous tubing, neon signs, neon art, and neon preservation.

Flickering Light Christoph Ribbat, 2013-07-15 Without neon, Las Vegas might still be a sleepy desert town in Nevada and Times Square merely another busy intersection in New York City. Transformed by the installation of these brightly colored signs, these destinations are now world-famous, representing the vibrant heart of popular culture. But for some, neon lighting represents the worst of commercialism. Energized by the conflicting love and hatred people have for neon, Flickering Light explores its technological and intellectual history, from the discovery of the noble gas in late nineteenth-century London to its fading popularity today. Christoph Ribbat follows

writers, artists, and musicians—from cultural critic Theodor Adorno, British rock band the Verve, and artist Tracey Emin to Vladimir Nabokov, Langston Hughes, and American country singers—through the neon cities in Europe, America, and Asia, demonstrating how they turned these blinking lights and letters into metaphors of the modern era. He examines how gifted craftsmen carefully sculpted neon advertisements, introducing elegance to modern metropolises during neon's heyday between the wars followed by its subsequent popularity in Las Vegas during the 1950s and '60s. Ribbat ends with a melancholy discussion of neon's decline, describing how these glowing signs and installations came to be seen as dated and characteristic of run-down neighborhoods. From elaborate neon lighting displays to neglected diner signs with unlit letters, *Flickering Light* tells the engrossing story of how a glowing tube of gas took over the world—and faded almost as quickly as it arrived.

Beyond the Neon Lights Hanchao Lu, 2023-07-28 How did ordinary people live through the extraordinary changes that have swept across modern China? How did peasants transform themselves into urbanites? How did the citizens of Shanghai cope with the epic upheavals—revolution, war, and again revolution—that shook their lives? Even after decades of scholarship devoted to modern Chinese history, our understanding of the daily lives of the common people of China remains sketchy and incomplete. In this carefully researched study, Hanchao Lu weaves rich documentary data with ethnographic surveys and

interviews to reconstruct the fabric of everyday life in China's largest and most complex city in the first half of this century.

Fading Neon Lights: An Archive of Hong Kong's Visual Culture Brian Sze-hang KWOK, 2023-03-10 Suspended above us with intricate patterns and flamboyant colours, the neon signs of Hong Kong easily guide us to local businesses, Chinese restaurants, bars, and department stores. Apart from marketing and advertising, these neon signs actually convey much more – and mean much more to those who view the signs as a part of their home. This book documents Hong Kong's neon signs whilst taking on a historical, socio-cultural, and contextual study of visual culture around the city. It explores the inter-related components of neon signs, including each sign's unique visual aesthetic and design, the history of craftsmanship and training, and how the streetscape relates to Hong Kong's consumer culture. With an underlying theme of photographic conservation and an array of vibrant images, the author brings the everyday signage of Hong Kong to life.

Neon Techniques Wayne Stratton, 1997-08 This is the fourth edition of the bible of the neon signmaking industry, first published more than 70 years ago. This book explains in complete detail the equipment and procedures required for luminous tube design, manufacture and installation. The guide includes overviews of all materials used in constructing neon signs, including recent innovations in glass, power supplies and vacuum systems, and a color photo gallery of the types of signs. It then takes the reader step by

step through the entire neon signmaking process, from designing the sign and bending the glass tubes through bombarding, filling, testing, aging, assembling and installing the sign. The book concludes with chapters on flashers and animators, radio and television interference, sign maintenance, safety, and a second color photo gallery of specialty neon and lighting displays. Neon Techniques is the most current and most comprehensive book on neon signmaking ever published.

Neon Lights Zig Zag Claybourne, 2011-03 If you haven't laughed at anything other than national politics this year, you need NEON LIGHTS, the 2-in-one novel about writing and the awesome powers of amazing cleavage, combining the socio-political Kung Fu of Chris Rock with the raw sexuality of The Disney Channel. Nothing problematic about that.

Signs of the Signs William Brevda, 2011-05-16 This book is a study of the electric sign in American literature and culture. Although this book is mainly about bulb and neon signs, it also deals with non-electric signs and related phenomena, such as movie sets. A central strategy of the author is to treat the architectural sign as semiotic and the semiotic sign as architectural. This technique serves a central thesis that the architectural sign, particularly the electric sign, made people more conscious of the 'sign' in the semiotic senses of the word. In fiction, poetry and commentary, the electric SIGN became a 'sign' of manifold meanings that this book

explores: a sign of the city, a sign of America, a sign of the twentieth century, a sign of modernism, a sign of postmodernism, a sign of noir, a sign of naturalism, a sign of the beats, a sign of sign systems, a sign of tropes, a sign of the writers themselves, a sign of the sign itself.

Prairie Nights to Neon Lights Joe Carr, Alan Munde, 1997 From the regional bands of the 1930s and 1940s to the impact of Elvis Presley on the musicians and singers of the 1950s, *Prairie Nights to Neon Lights* takes us inside the heart of West Texas music.

Los Angeles Neon Nathan Marsak, Nigel Cox, 2002 Take a neon-lit journey through the boulevards and back streets of this sprawling California metropolis, past and present. Over 350 dynamic color photographs, vintage postcards, and rare images create an eye-popping panorama of blazing neon lights and vivid signage that evolved along with the city.

Vintage Neon Len Davidson, 1999 Neon signs turned North America's roadside into a luminous wonderland in the mid-20th century. These unforgettable depictions of exploding bowling pins, crashing cars, baton twirling majorettes, and lassoing cowboys were the fodder for legend and lore. Neon designer Len Davidson has captured their magic with over 350 photos of superb vintage signs. In the text, voices of neon sign makers, shopkeepers, photographers, and preservationists record their legends in words, while a definitive photo archive gives architects and sign artisans an invaluable resource. This volume is a treasure for all who have been captured by the

spell of vintage neon.

Neon Nevada Peter Laufer,Sheila Swan Laufer,2011-11-08 There is no neon to match Nevada's. The combination of Wild West mythology and the remaining untamed pitch-black nighttime landscape, replete with real cowboys and real gambling, makes the Silver State a unique and appropriate canvas for neon art. Modern Nevada began with a nonstop desire for riches. It continues for many as a state of dreams often vividly expressed through exploding neon. Neon Nevada brings all this alive. Cameras in hand, authors Sheila Swan and Peter Laufer embarked on their first Nevada neon trek in the 1970s. They followed this up with a second nocturnal treasure hunt in the early 1990s—and a third in 2010, in the course of which they discovered that neon is fading fast; most notably on the Las Vegas Strip. Most of all, though, they realized that their passion for the art and craft of neon had not waned. A compelling blend of full-color photographs and absorbing prose, Neon Nevada takes us on a literal and figurative journey not only down the Las Vegas strip but also down quiet two-lane roads punctuated occasionally with neon signs, those glittering beacons of civilization against the desert night sky. The authors talk with sign owners, with those who created and maintained the neon, and those who collect it.

The Best of Neon Vilma Barr,1992

Neon Edward Willett, 2007-01-15 Neon gets its name from the Greek word neos, meaning "new." Neon is a noble gas, it is colorless, odorless, and tasteless, and glows reddish-orange in a vacuum tube. Readers will learn about the three naturally occurring neon isotopes, and about neon's place among the other noble gases in the periodic table of elements. The text also describes how neon lights are made essentially the same way today as they were in the early twentieth century, the workings of a neon laser, and how an atom emits light.

New York Neon Thomas E Rinaldi, 2012-11-27 A brilliant visual tour and history of that iconic element of the cityscape: the neon sign. Treating New York City as an open-air museum, Thomas E. Rinaldi captures the brilliant glow of surviving early- and mid-twentieth-century neon signs, those iconic elements of the cityscape now in danger of disappearing. This visual tour features two hundred signs, identified by location, with information on their manufacture, date of creation, and the businesses that commissioned them. In a generously illustrated introduction, drawing on documents including rare period trade publications, Rinaldi recounts the development of signage and the technological evolution of neon and examines its role in the streets of New York, in America's cultural identity, and in our collective consciousness. New Yorkers and visitors to the city, neon-sign enthusiasts, and those interested in signs and historic advertising generally, as well as design professionals, serious historians, and casual students of the city, will want this colorful book, which comes at a critical moment when the

disappearance of the original signs has inspired a growing interest in neon.

The Neon Lights Are Veins Nolan Knight, 2022-05-30 The underbelly of Los Angeles, 2008; a place where hometown hard-lucks and wayward hustlers scrounge for hope in gutters. Top of the heap: Alvi Drake, an aged pro skateboarder whose lone thrill is a pill-fueled escape from the terror of past ghosts. Once news hits of the disappearance of an old flame, Alvi's plummet smashes through rock bottom, sending him on a quest to find her. With help from his fellow damned (Mongo, Chester and Faye), he spirals through neon wilderness, stumbling upon an underground of sex and drug trafficking, the depths of which street life has yet to take him. Blinded by love and dismissing the reality of his actions, this hunt for another lost angel could be the biggest mistake in his track ridden life. LONG SYNOPSIS (with BLURBS) The underbelly of Los Angeles, 2008; a place where hometown hard-lucks and wayward hustlers scrounge for hope in gutters. Top of the heap: Alvi Drake, an aged pro skateboarder whose lone thrill is a pill-fueled escape from the terror of past ghosts. Once news hits of the disappearance of an old flame, Alvi's plummet smashes through rock bottom, sending him on a quest to find her. Blinded by love and dismissing the reality of his actions, this hunt for another lost

angel could be the biggest mistake in his track ridden life. Praise for The Neon Lights are Veins: "Knight's slangy prose is a perfect fit for characters whose dreams die slowly or explosively." –Publishers Weekly "The Neon Lights Are Veins is a dope-fueled gutter-punk odyssey through a gaudy nightmare version of Los Angeles. With echoes of James Ellroy and Nathanael West, Knight carves out his own bit of L.A. crime-writing turf in this impressive debut." –Richard Lange, author of Dead Boys, This Wicked World, Angel Baby, Sweet Nothing and The Smack "Nolan Knight has written a dark, dirty and entertaining sewer ride through the neon-lit streets of Los Angeles. Imagine Nathanael West and Darby Crash writing a 21st century noir and you've got The Neon Lights Are Veins. Highly recommended." –Jim Ruland, author of Forest of Fortune, My Damage: The Story of a Punk Rock Survivor and Do What You Want: The Story of Bad Religion "Nolan Knight is at the forefront of Hard-Ass-Noir. He's the mad hatter of words and dark moody storytelling. He's a creative crime-pugilist!" –Frank Bill, author of Crimes in Southern Indiana, Donnybrook and The Savage "Nolan Knight's The Neon Lights Are Veins is unlike anything I've read before (and that's saying something!). The novel's story is a fast-paced mystery and caper, dragging the reader through the underbelly of the Los Angeles night, but most impressive is Knight's style: in your face and no-holds-barred." –Steph Post, author of Lightwood and Miraculum "High action. Very fast paced. A great read. Highly Recommended." –S.W. Lauden, author of Bad Citizen Corporation and Grizzly Season
