Anthony A. Barrett

The Burning of Rome Alfred J. Church, 2021-11-09 The Burning of Rome by Alfred J. Church tells about the relations between the first Christians and the Roman government during the times of Nero. This book is being praised for being objective and free from cultural bias, which was inherent to some other books from the same period.

Rome Is Burning Anthony A. Barrett, 2022-02-22 Nero became Emperor in A.D 54. On the evening of July 18, 64 A. D., it seems that a lamp was left unextinguished in a stall still heaped with piles of combustible material. Whether this was accidental or deliberate we cannot now determine, and normally it would not have led to anything that would have attracted even local attention. But there was a gusty wind that night, and the flickering flame was fanned onto the flammable wares. The ensuing fire quickly spread. Before the onlookers could absorb what was happening one of the most catastrophic disasters ever to be endured by Rome was already underway. It was a disaster that brought death and misery to thousands. In Nero and the Great Fire of Rome, Anthony Barrett draws on new textual interpretations and the latest archaeological evidence, to tell the story of this pivotal moment in Rome's history and its lasting significance. Barrett argues that the Great Fire, which destroyed much of the city, changed the course of Roman History. The fire led to the collapse of Nero's regime, and his disorderly exit brought an end to Rome's first imperial dynasty, transforming from thereto,

the way that emperors were selected. It also led to the first systematic persecution of the Christians, who were blamed for the blaze. Barrett provides the first comprehensive study of this dramatic event, which remains a fascination of the public imagination, and continues to be a persistent theme in the art and literature of popular culture today--

The Life and Times of Nero Jim Whiting, 2019-12-05 The Roman emperor Nero is one of the most notorious figures in history. He is most famous for fiddling while Rome burned, then blaming Christians for setting the fire and beginning a series of persecutions against them. He even ordered the murder of his own mother. Find out why the Romans declared him a public enemy, and what happened when he tried to run away.

The Burning of Rome Alfred John Church, 2017-10-14 Excerpt from *The Burning of Rome: Or a Story of the Days of Nero* IN this tale I have closely followed the lines of Tacitus's narrative, though I have idealized the character of

Epicharis. Claudia, the British Princess, on whose marriage with a certain Pudens Martial writes an epigram, may, perhaps, be identified with the Claudia whose salutation St. Paul conveys in his Second Epistle to Timothy. I should have been glad to identify her husband with the Pudens whose name stands so near to hers, but the difficulty of.
