Violence and Colonial Order Martin Thomas,2012-09-20 This is a pioneering, multi-empire account of the relationship between the politics of imperial repression and the economic structures of European colonies between the two World Wars. Ranging across colonial Africa, Southeast Asia and the Caribbean, Martin Thomas explores the structure of local police forces, their involvement in colonial labour control and the containment of uprisings and dissent. His work sheds new light on broader trends in the direction and intent of colonial state repression. It shows that the management of colonial

economies, particularly in crisis conditions, took precedence over individual imperial powers' particular methods of rule in determining the forms and functions of colonial police actions. The politics of colonial labour thus became central to police work, with the depression years marking a watershed not only in local economic conditions but also in the breakdown of the European colonial order more generally.

My Nameday Helen McLoughlin, 2017-01-12 MY NAMEDAY—COME FOR DESSERT, which was first published in 1962, is an invitation to parents to celebrate the family's namedays. It contains the names, feasts, and symbols of our Blessed Mother and the saints, prayers of the liturgy, and appropriate desserts for the celebration of the sanctoral cycle of the Church year in the home. A nameday commemorates the feast of the saint whose name we received at baptism. To the Church's mind, the day of the saint's death is his real feastday, and that is the day usually assigned as his feast—his birthday into heaven. In some countries and in most religious orders it is customary to observe namedays instead of birthdays. On a child's nameday, "My Nameday—Come for Dessert" is a

popular way to entertain. It is economical, festive and meaningful, and permits the family to splurge on a fabulous dessert without inflicting lasting wounds on the budget. It can be a “little evening”—a time for a party and a prayer for the child in the company of his friends, a time for pleasant conversation for the grown-ups who accompany them.
