Kay Reynolds

Bus! Stop! ,2018-03-13 Few words are needed in this inventive and fun transportation adventure! Bus! Stop! a boy yells, as his bus pulls away one early morning. He must wait for the next bus. But the next one does NOT look like his bus at all. And neither does the next one, or the next. At first, the boy is annoyed. Then he is puzzled. Then intrigued. The other buses look much more interesting than his bus. Maybe he should try a different bus after all, and he's glad he does! Here is a book with few words and delightful illustrations that shows very young children that trying something a little different can be a lot of fun.

On Bus Stops, Bakers, and Beggars Tzvia Ehrlich-Klein,2006

I Walked to the Bus Stop Kay Reynolds,2022-08-01 Have you ever had such a wonderful day that you couldn't wait to share your fun with others and maybe even dream about it when you go to sleep? And not only was the day fun, but it turned out to be educational as well? Walk to the bus stop and take a ride to see what happens next. You'll be counting to ten before you know it. Have fun and enjoy the day counting.

Bus Stop William Inge,2018-02-22 Cherie was a chanteuse. She said, "I call m'self Cherie. Thass all the name ya need -- like Hidegarde. I won a amateur contest down in Joplin, Missouri, and that got me a job in a night club in Kanz City. But working in a night club ain't all roses... Bo Decker had his picture taken by Life magazine because he was a champion professional rodeo

rider. Bo had heard about women only he'd hardly ever seen one. Bo was a large, beautiful hunk of man -- but green as new grass when it came to Cherie. Bo and Cherie got together when they were stranded at a bus stop one night. Their story is one of high humor -- a mixture of brag, heartache, bluster, and the funniest tough love affair ever put on stage, screen, or between the covers of a book. It is filled with comedy, compassion and tenderness.

Through the Archway M. Andrew Rice-Oxley, 2007
Through the Archway: Memoirs of Mouse, Day Boy at Penly Grange, is a vivid portrait of an English prep school in the 1950s and a story of close friendship and bitter rivalry. When, after almost fifty years, Timothy Moss (nicknamed Mouse) unexpectedly meets the notorious school bully Burton, he is surprised to find his memories of his old school being challenged. Now on the brink of retirement, he sets out to record his version of the education and eccentric characters at Penly Grange Preparatory School for Boys in the 1950s. Not only a book about entertaining and unforgettable personalities, this semi-autobiographical novel is a compelling study of memoir writing which explores the deep attachments of childhood, the highs and lows of growing up, and the healing and insight that can be gained from revisiting the past. Suitable for all adults and children over 13. Revised edition December 2007.

The Dao of Doug: the Art of Driving a Bus or Finding Zen in San Francisco Transit: a Bus Drivers Perspective Douglas Meriwether, 2013-01-23 There is much to know about being a bus driver. It takes about thirty-five days to train a new employee. But as Doug points out, some skills come through experience that takes years to develop. This book contains material needed to choose your style on how to pass by the fare box and how to maintain Zen when the bus is full. "The Dao of

things cannot be complete without the Dao of driving a bus. I'd ride with Doug all the way to the Himalayas just to listen to the art of his wisdom." - David Biddle, author of Implosions of America – A Story Collection "Nice read. I like the mix of situational context and life lessons."

Bus Route to Boston Maryann Cocca-Leffler, 2009-08-01 The everyday sights, sounds and smells of a colorful and bustling city come alive in this book - a child's view of Boston. Maryann Cocca-Leffler remembers frequent bus trips she took into the city as a girl with her mother and little sister. Together they shopped for delicious treats in the Italian North End - warm pizza and creamy cannoli - or stopped for ice cream sundaes at Bailey's after a day of bargain hunting at Filene's Basement. One of the best things about the trips was the bus driver, Bill. He started his route each day in their neighborhood and knew all the kids on the street. In this engaging Parents' Choice Award book, the author-artist conveys all the warmth and simple pleasure of childhood memories and the people and places that made them so special.

Real-time Bus Arrival Information Systems Carol L. Schweiger, Transit Cooperative Research Program, 2003 The synthesis describes the state of the practice in real-time bus arrival information systems, including both U.S. and international experience. The panel for this project chose to focus on bus systems, rather than all transit modes, and on the following six elements of these systems: bus system characteristics; real-time bus arrival information system characteristics, including information about the underlying technology and dissemination media; system prediction, accuracy, and reliability; system costs; customer and media reactions; and

institutional and organizational issues associated with the system.
