Vietnamese Labour Militancy Joe Buckley,2021-12-30 This book explores how capital-labour relations and antagonisms structure forms of militancy in Vietnam and shows that Vietnamese labour militancy is in line with global trends of worker activism. Vietnamese labour politics is undergoing significant changes, with a new Labour code that became law in 2021 allowing workers to join ‘worker representative organisations’ not subordinate to the state-led union or the ruling Communist Party. This book reflects on the nature of Vietnamese labour politics on the cusp of reform. It focuses on nominally formal labour within the garment and footwear industry in the southern part of the country, the author argues that while employment in the formal economy is expanding in terms of the absolute numbers of people working in formally registered firms, capital employs various ways to make conditions inside these companies increasingly insecure. In response, workers organise in forms of decentralised resistance. The book analyses two of these in detail; wildcat strikes and ‘microstrikes’—short collective work stoppages that occur inside workplaces. Arguing that labour resistance is structured in relation to capital’s behaviour, and not only because of weak labour relations institutions and mechanisms, this book makes a valuable contribution to the field of labour and social movement studies, development studies, sociology, and political economy and Southeast Asian Studies.

Vietnam and the World Eero Palmujoki,2016-07-27 Vietnam and the World is a comprehensive book on Vietnam's international relations since 1975. It is also a study on the development of Marxist-Leninist doctrine in Vietnam. With its special reference to foreign policy, the book examines how formalist Marxist-Leninist rhetoric penetrated traditional pragmatically oriented Vietnamese thinking. By using previously unexploited Vietnamese material, the author pinpoints the development of Vietnamese doctrine vis-a-vis pragmatism and formalism and analyzes the line pursued by Vietnam during the radical changes in international relation between 1975 and 1993.

Người câu gió/The wind catcher Hoang Vu Thuat,2023-03-28 Thi sĩ cũng không kêu than về những điều tồi tệ hay đau đớn mà ông phải gặp trên đường. Hoàng Vũ Thuật nhìn thật sâu vào những đau đớn ấy, để xác quyết: đau đớn không phải là một cản đường mà là một món quà. “Người câu gió” vì thế là một món quà từ đau đớn, dĩ nhiên cả hạnh phúc trần ai, nhàu nhò, bầm dập và trên tất cả, nó tỏa ra thứ ánh sáng triết học từ một vầng trán hiền nhân. (Nhà phê bình trẻ Nguyên Tô) The poet does not complain about the bad or painful things that he encountered on the roads. Hoang Vu Thuat looks deeply into those pains, to decide: the pain was not a hindrance but a gift. The wind catcher is therefore the gift from pain, and of course including happiness, rudeness and above all, it radiates a philosophical light from a sage's forehead. (Critic Nguyen To)

Understanding the Heart Minh Niem,2012-02-24 The human heart is a source of love, but it is often also a source of pain and suffering, and cannot be effectively cured with medicine or by medical remedies (...) The best and most effective way to heal the pain and suffering is to understand our hearts and minds, and the hearts and minds of others. Understanding The Heart is a book that helps readers do just that: understand and heal the pain and suffering of our own hearts and minds and of those around us, so that everyone can live in happiness and with loving-kindness. With this book, I wish you much happiness so that you will never have to live with a broken or wounded heart. -Professor Tran Van Khe, Ph.D, Paris-Sorbonne University, Paris, France; Corresponding Member of the European Academy of the Sciences, Letters and Arts
