One Night Stand Roland S. Jefferson,2006-05-23 This sexy, action-packed thriller, set on the streets and in the courthouses of Los Angeles, is an explosive literary mix of contemporary urban authenticity and classic old-school crime fiction by the author of *Damaged Goods* and the cult classic *The School on 103rd Street*. How did a street hustler, in and out of jail since he was ten, beat a murder rap -- no matter whether he did the crime or not? Meet Myra Cross, a thirty-one-year-old redheaded beauty with a take-no-prisoners reputation as a public defender. She confounds her colleagues and clients alike as she not only wins acquittal after acquittal for her clients but poses for *Playboy* spreads in her spare time. She has the face of an angel, the body of a goddess, and a mind like a steel trap -- but with secrets and demons, she neither pretends to be a Girl Scout nor to have all the answers. But this time, when she's once again assigned the defense of Napoleon T. Booker, aka Little Dog Nine, who's charged with another homicide, she gets much more than she bargained for. Street smarts stopped Myra Cross dead in her tracks. Napoleon Booker had reached inside her brain and ripped out her essence, dangled it in front of her like an item for sale at an eBay auction. Was she that transparent -- 'a coke-snorting, nymphomaniac basehead little freak?' Roland S. Jefferson's fiction earns him comparisons to fellow master storytellers, including Elmore Leonard and Walter Mosley. This hot new novel will have his loyal following and a legion of new fans alike on fire, sitting on the edge of their seats in this pulse-pounding thriller they won't be able to put down until the last page!

Evil Peeks Through My Tinted Glass Window Connie Lawrence,2021-07-08 *Evil Peeks Through My Tinted Glass Window: A Jamaican Story* Bobbie Redstone, an attractive, diminutive, strong-willed, and feisty woman, meets her match when she leaves her high-powered job in Kingston, Jamaica, to start her own business in a small backward seaside town. Not only does she meet her match in the larger-than-life Evil Sorcerer (who is big, bold and loud, yet ugly and attractive in the same sentence), but she gets caught up in a life totally different from anything she ever knew. Bobbie gets ensnared in the lives and bizarre stories of Evil Sorcerer and some prominent townsfolk, including her own father. She is mesmerised by Evil as much as Evil is mesmerised by her. Their worlds collide when she finds Evil peeking through the tinted glass window of her office, and their lives will never be the same, because Evil is intent on terrorising Bobbie, who is bold and unafraid of anyone, and is able to stand up to her and all her wicked wiles.

Reconsidering Trenton Steven M. Richman,2014-01-10 Trenton, like the state of New Jersey, is often maligned these days, but there was a time when Trenton was the fiftieth largest city in the United States and boasted worldwide leaders in the iron and steel, rubber, and pottery industries. Like many cities of its comparative size and prowess that came of age in the Industrial Revolution, Trenton diminished in the aftermath of World War II and has become, for many, one of the "lost cities"--a place of lessened population, abandoned houses, and shuttered factories. Featuring a series of meditative explorations on the essence of the American post-industrial city through the prism of Trenton, this book explores the city's history, architecture, parks, factories, and neighborhoods through text and image, highlighting the importance of such post-industrial cities.

Window in the World Robin Hone,2013-01-18 Convicted murderer Dr. David Savage is rescued from death row by a man claiming to be a lawyer and is sent surreptitiously to work on a futuristic project called the window, which is an electric device capable of reaching and transmitting objects and people to other worlds throughout the galaxy and to different dimensions. Having met and fallen in love with a beautiful woman named Diana, he is reluctant to go to the new world, but as a professional geologist, he can't pass up the opportunity. A mysterious figure known only as Mr. Damarjane, director of the Palomar Foundation, which is controlling the window project, his true identity revealed at the time of Savage's trip through the window, lends to the mystery of the story. On the new world, Dr. Savage discovers an almost earthlike planet where he is faced with the problem of Mr. Damarjane selling trips to the new world to the highest bidder and thus populating the planet with earthmen who will eventually destroy it as they are doing with earth. The only person able to make the decision of allowing or not allowing people to come through the window to the new world is David Savage. Remain there in that uninhabited world for the rest of his life, alone with no companionship, or let the world rush in. Decision.
