Night-Vision Butch Lee,Red Rover,2017-03-21 The transformation to a neo-colonial world has only begun, but it promises to be as drastic, as disorienting a change as was the original european colonial conquest of the human race. Capitalism is again ripping apart & restructuring the world, and nothing will be the same. Not race, not nation, not gender, and certainly not whatever culture you used to have. Now you have outcast groups as diverse as the Aryan Nation and the Queer Nation and the Hip Hop Nation publicly rejecting the right of the u.s. government to rule them. All the building blocks of human culture-race, gender, nation, and especially class-are being transformed under great pressure to embody the spirit of this neo-colonial age. The definitive analysis of postmodern capitalism, the decline of u.s. hegemony, and the need and possibilities for a revolutionary movement of the oppressed to overthrow it all. -bell hooks: Night-Vision was so compelling to me because it has a spirit of militancy which reformist feminism tries to kill because militant feminism is seen as a threat to the liberal bourgeois feminism that just wants to be equal with men. It has that raw, unmediated truth-telling which I think we are going to need in order to deal with the fascism that's upon us- -- bell hooks

Night Vision R. F. Hess,L. T. Sharpe,K. Nordby,1990-09-27 This detailed 1990 book describes the light and dark adaptation of receptor and post-receptor mechanisms from a number of perspectives. The authors emphasise the importance of the study of achromatopsia, a rare congenital condition in which the visual mechanisms that mediate day vision are absent whilst those that mediate night vision remain intact.

Night Vision Joachim Homann,2015 Spanning a century from the introduction of electric light to the dawn of the Space Age, this first major survey of American night scenes by artists such as Winslow Homer, Georgia O'Keeffe, Andrew Wyeth, and Joseph Cornell proposes the central importance of nocturnal images in the development of modern art. This gorgeously illustrated book investigates how leading American artists of diverse aesthetic convictions responded in a range of media--including paintings, drawings, prints, and photographs--to the unique challenges of picturing the night. Retooling their palette and reconsidering their techniques, artists cherished the night as a time of heightened alertness and active imagination. Mysterious and provocative, the darkness was experienced as liberating, both on an aesthetic and personal level--allowing artists to become invisible, turn inward, and express personal truths in unique and poetic ways. Night Vision expands the conversation on American art and the rise of modernism, as it demonstrates how the theme of the night inspired artists who sought to leave behind established styles and traditions to better reflect the broader societal and technological shifts as well as a new understanding of the value of art as personal expression.

Night Vision Neal Bowers,1992

Only in absolution can Evan earn a second chance to face his inner demons. Without mercy, Night Vision relentlessly delves into the human psyche and questions the way people perceive themselves the darkness is within us all.

In the dark of night, when most teenagers are tucked up in bed, Viola has the run of her parents' farm and the surrounding forest. She is used to seeing hidden things through her night-vision goggles, but one night she sees something that could get her into a whole lot of trouble . . . Viola has always believed she would be dead before she was 20, but now she must decide just how far she's willing to go to help her parents keep their beloved farm. Is it okay to steal from a thief? What if the thief might be a killer? And what if the killer threatens to come after her and her family? Night Vision is a heart-thumping thriller that will leave you breathless.

Night Vision Troy Paiva,2013-05-21 A booming subculture is on the rise: dubbed Urban Exploration, it involves sneaking into abandoned or off-limits factories, aviation boneyards, decommissioned bases, and other derelict features of the military/industrial landscape. Troy Paiva is a foremost photographer of the UrbEx (as it's known to its devotees) phenomenon, and his distinctive blend of atmospheric night photos and lighting effects are the visual hallmarks of a scene that has drawn the increasing attention of the media and the public as seen in recent programs on both the Discovery Channel (Urban Explorers) and MTV (Fear). Illuminated by histories of the sites documented, Night Vision reveals the remarkable discoveries of a new generation of explorers.

Night Vision Michael Rowan-Robinson,2013-04-08 Drawing on exciting discoveries of the last forty years, Night Vision explores how infrared astronomy, an essential tool for modern astrophysics and cosmology, helps astronomers reveal our Universe's most fascinating phenomena – from the birth of stars in dense clouds of gas to black holes and distant colliding galaxies and the traffic of interstellar dust from the formation of our Solar System.
