- 📖 [The iPhone Book](#) SCOTT KELBY,TERRY WHITE,2012-12-19 If you're looking for a book that focuses on just the most important, most useful, and most fun stuff about your iPhone 5, 4S, or 4—you've found it. There are basically two types of iPhone books out there: (1) The tell-me-all-about-it kind, which includes in-depth discussions on everything from wireless network protocols to advanced compression codes. (2) Then there's this book, which instead is a show-me-how-to-do-it book that skips all the confusing techno-jargon and just tells you, in plain, simple English, exactly how to use the iPhone features you want to use most. The iPhone Book is from Scott Kelby, the award-winning author of the smash bestseller, The iPod Book, who takes that same highly acclaimed, casual, straight-to-the-point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself—simple to use and fun to learn. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large full-color photo on each page so you can see exactly how it works. Scott and Terry added even more tips and tricks than the previous editions, and made it even easier by focusing on just the most useful and most requested iPhone 5 features, so you can start really using your iPhone today!
- 📖 [University of Nike](#) JOSHUA HUNT,2018-10-23 The dramatic expose of how the University of Oregon sold its soul to Nike, and what that means for the future of our public institutions and our society. \*\*A New York Post Best Book of the Year\*\* In the mid-1990s, facing severe cuts to its public funding, the University of Oregon—like so many colleges across the country—was desperate for cash. Luckily, the Oregon Ducks' 1995 Rose Bowl berth caught the attention of the school's wealthiest alumnus: Nike founder Phil Knight, who was seeking new marketing angles at the collegiate level. And so the University of Nike was born: Knight has so far donated more than half a billion dollars to the school in exchange for high-visibility branding opportunities. But as journalist Joshua Hunt shows in University of Nike, Oregon has paid dearly for the veneer of financial prosperity and athletic success that has come with this brand partnering. Hunt uncovers efforts to conceal university records, buried sexual assault allegations against university athletes, and cases of corporate overreach into academics and campus life—all revealing a university being run like a business, with America's favorite “Shoe Dog” calling the shots. Nike money has shaped everything from Pac-10 television deals to the way the game is played, from the landscape of the campus to the type of student the university hopes to attract. More alarming still, Hunt finds other schools taking a page from Oregon's playbook. Never before have our public institutions for research and higher learning been so thoroughly and openly under the sway of private interests, and never before has the blueprint for funding American higher education been more fraught with ethical, legal, and academic dilemmas. Encompassing more than just sports and the academy, University of Nike is a riveting story of our times.
- 📖 [Nike SB: The Dunk Book](#) NIKE SB,2018-10-30 The first book on Nike's iconic Dunk SB, a mid-rise basketball court staple that has in the last two decades become a colorful (and often irreverent) icon of skate and street wear. Created in 2002, the Nike Dunk was adopted from the court by skateboarders and sneakerheads to become an icon of the streets. An early catalyst to evolving sneaker culture as we know it today, the Nike Dunk has enjoyed a storied legacy of reinvention through numerous iterations and creative collaborations proving to be an integral part of a culture obsessed with sneakers. To celebrate this legacy, Nike SB: The Dunk Book is the first book to present the historical archive of one of the most important shoes ever created. Worn by an ever-growing list of elite riders at competitions all over the world, Nike Dunks are prized as much for their funky, one-of-a-kind designs as well as their high performance. Nike SB: The Dunk Book is filled with stunning images that tell the visual story of Nike SB's most iconic styles. Including Danny Supas, Staple Pigeon Dunks, De La Soul Highs, Paris Dunks, U.N.K.L.Es, and Supreme Dunk SBs, this volume flaunts the signature color-ways and craftsmanship that Nike SBs are known for. Through enlightening anecdotes by the likes of Futura and Paul Rodriguez, readers get intimate accounts of how their favorite sneakers came to be. Also featured are archival images of Nike SB's most recognizable skaters rocking the iconic sneakers, including Eric Koston, Richard Mulder, Grant Taylor, Omar Salazar, Reese Forbes, Brian Anderson, Theotis Beasley, and Daniel Shimizu.

📖 **BLACK MARKET** Merl Code,2022-03-01 From a former college basketball player and executive at Nike, a riveting (Sports Illustrated) insider’s account into the business of college basketball exposes the corrupt and racist systems that exploit young athletes and offers a new way forward For Merl Code, basketball was life. In college he played point guard for Clemson before turning pro. Later, when he pivoted to marketing, he found himself thrust into a startling world of profit-driven college basketball programs. He realized that the NCAA’s amateurism rules could be used to exploit young athletes, and athletes of color in particular. Now, for the first time, Code will share his side of the explosive story of college basketball’s dark reality—a system that begins with young talent in AAU programs and culminates at the highest levels of the NBA. Propulsive, urgent, and eye-opening, Black Market exposes the truth to offer a more just way forward for both colleges and athletes.
