Go the Fk to Sleep** Adam Mansbach, 2011-06-14 The #1 New York Times Bestseller: "A hilarious take on that age-old problem: getting the beloved child to go to sleep" (NPR). "Hell no, you can't go to the bathroom. You know where you can go? The f**k to sleep." Go the Fuck to Sleep is a book for parents who live in the real world, where

a few snoozing kitties and cutesy rhymes don't always send a toddler sailing blissfully off to dreamland. Profane, affectionate, and radically honest, it captures the familiar—and unspoken—tribulations of putting your little angel down for the night. Read by a host of celebrities, from Samuel L. Jackson to Jennifer Garner, this subversively funny bestselling storybook will not actually put your kids to sleep, but it will leave you laughing so hard you won't care.

The Soul of the Camera David duChemin,2017-06-14 As both an art form and a universal language, the photograph has an extraordinary ability to connect and communicate with others. But with over one trillion photos taken each year, why do so few of them truly connect? Why do so few of them grab our emotions or our imaginations? It is not because the images lack focus or proper exposure; with advances in technology, the camera does that so well these days. Photographer David duChemin believes the majority of our images fall short because they lack soul. And without soul, the images have no ability to resonate with others. They simply cannot connect with the viewer, or even-if we're being truthful-with ourselves.

In *The Soul of the Camera: The Photographer's Place in Picture-Making*, David explores what it means to make better photographs. Illustrated with a collection of beautiful black-and-white images, the book's essays address topics such as craft, mastery, vision, audience, discipline, story, and authenticity. *The Soul of the Camera* is a personal and deeply pragmatic book that quietly yet forcefully challenges the idea that our cameras, lenses, and settings are anything more than dumb and mute tools. It is the photographer, not the camera, that can and must learn to make better photographs—photographs that convey our vision, connect with others, and, at their core, contain our humanity. *The Soul of the Camera* helps us do that.
