Frank Laurence Lucas

Translation and Interpretation Raul Calzoni, Francesca Di Blasio, Greta Perletti, 2022-08-08 A volume in honour of Angela Locatelli The book explores the significance of literary translation and interpretation, in the widest sense of terms, as multiple processes of meaning and cultural transfer, by investigating how and why literature can be considered as a repository and a disseminator of knowledge and values. Featuring essays by a number of scholars focusing on a wide range of literary and critical texts of different nations and cultures and encompassing the last three centuries, this book intends to offer a contribution to the study of translation and interpretation as literary processes of cultural and epistemic dissemination of knowledge from both a theoretical and a practical perspective.

Wife Samuel Adamson, 2019-06-27 - And your husband forgave you. But what did you do? Decided that forgiveness was offensive and walked out on your marriage. With nothing. Into nothing. - Into everything, I think. It's 1959. Robert leaves Ibsen's *A Doll's House* outraged by its attack on the sanctity of marriage; his wife Daisy dashes round to the stage door, in love with both Nora and the actress who plays her, thrilled by their promise of escape. Daisy is at the crossroads. Her moral compass tells her to go one way, society the other. What she chooses to do next will have consequences not just for her and Robert, but for four couples who come after them over ninety years. The truth is we have to give up parts of ourselves if we want to be with someone. And what if, before you know this, you run away from the wrong person? Samuel Adamson's *Wife* premiered at the Kiln Theatre, London, in May 2019.

The Trouble with Midnight Sue Ann Jaffarian, Jess Lourey, Shannon Baker, 2014-07-08 What do a plus-sized paralegal, an assistant librarian, and a struggling ski-resort owner have in common? They all have an uncanny talent for getting caught up in solving mysteries. This collection of three first-in-a-series mystery novels is full of trouble . . . in all the right ways. Too Big to Miss Sue Ann Jaffarian Book 1 of the Odelia Grey Mysteries Plus-size paralegal Odelia Grey struggles with her relationships, her crazy family, and her crazier boss. And then there's her knack for being in close proximity to dead people . . . "I'd love to spend more time with Odelia, a plus-size fat liberationist with a handsome, wheelchair-bound lover."—The New York Times May Day Jess Lourey Book 1 of the Murder-By-Month Mysteries A hip, humorous, and gripping account of small-town murder, this novel features Mira James, an assistant librarian and aspiring sleuth who can't seem to stop finding dead bodies in her new home of Battle Lake, Minnesota. "Hilarious, fast-paced, and madcap."—Booklist (starred review) Tainted Mountain Shannon Baker Book 1 of the Nora Abbott Mysteries Nora Abbott's recent court victory to save her ski resort should mean good times are ahead. But when her husband's sudden death becomes an opportunity for an energy tycoon to launch a hostile takeover, Nora is caught in a clash between big business and native culture. "As mysterious and beautiful as the Arizona landscape in which it's set."—William Kent Krueger, New York Times bestselling author

The King's Men Nora Sakavic, 2016 Neil Josten is out of time. He knew when he came to PSU he wouldn't survive the year, but with his death right around the corner he's got more reasons than ever to live. Befriending the Foxes was inadvisable. Kissing one is unthinkable. Neil should know better than to get involved with anyone this close to the end, but Andrew's never been the easiest person to walk away from. If they both say it doesn't mean anything, maybe Neil won't regret losing it, but the one person Neil can't lie to is himself. He's got promises to keep and a team to get to championships if he can just outrun Riko a little longer, but Riko's not the only monster in Neil's life. The truth might get them all killed-or be Neil's one shot at getting out of this alive.

European Feminisms, 1700-1950 Karen M. Offen, 2000 This ambitious book explores challenges to male hegemony throughout continental Europe over the past 250 years. For general readers and those interested primarily in the historical record, it provides a comprehensive, comparative account of feminist developments in European societies, as well as a rereading of European history from a feminist perspective. By placing gender, or relations between women and men, at the center of European politics, it aims to reconfigure our understanding of the European past and to make visible a

long but neglected tradition of feminist thought and politics. On another level the book seeks to disentangle some misperceptions and to demystify some confusing contemporary debates about the Enlightenment, reason, nature, and public vs. private, equality vs. difference. In the process, the author aims to show that gender is not merely 'a useful category of analysis', but that sexual difference lies at the heart of human thought and politics.

A merced de la tempestad Robertson Davies,2011-01-01 Fruto de su larga experiencia teatral, la primera novela que escribió Robertson Davies es un divertido homenaje a las grandezas y miserias de los escenarios y a la vida que revolotea en torno a ellos. El Teatro Joven de Salterton, una compañía amateur, va a poner en marcha una representación de La tempestad de Shakespeare en los bellos jardines de St. Agnes, la vetusta y extravagante residencia de George Alexander Webster y sus hijas, Griselda y Freddy. Los preparativos de la obra revolucionan St. Agnes, para desesperación del abnegado jardinero Tom, pero también la vida de cuantos participan en ella. En especial la del taciturno profesor de matemáticas y tesorero de la compañía Hector Mackilwraith, que se propone variar su anodina vida presentándose al casting y que asombrosamente consigue hacerse con uno de los papeles. De ahí a sumarse a la larga lista de pretendientes de la joven Griselda y perder la cabeza, sólo hay un paso. A merced de la tempestad, publicada por primera vez en 1951, está ambientada en la ciudad imaginaria de Salterton, donde Davies situaría las otras dos novelas que junto a ésta forman la Trilogía de Salterton.

Health and Natural Landscapes Alan Ewert,Denise Mitten,Jillisa Overholt,2021-06-29 Natural landscapes are intricately tied to human health and well-being. While contemporary lifestyles have caused people to feel disconnected from the natural environment, this relationship is now recognized as vitally important, with landscapes increasingly valued for their stress-reduction, aesthetic, and restorative benefits. Providing an overview of the history, theoretical concepts, and individual and societal implications of human connection to natural landscapes, this book considers natural landscapes' role as an antidote to our modern, predominantly urban society.
