The Treaty Prohibiting Nuclear Weapons Alexander Kmentt, 2021-05-17 This book chronicles the genesis of the negotiations that led to the Treaty on the Prohibition of Nuclear Weapons (TPNW), which challenged the established nuclear order. The work provides readers with an authoritative account of the complex evolution of the 'Humanitarian Initiative' (HI) and the negotiation history of the TPNW. It includes a close analysis of internal strategy documents and communications in the author's possession which trace the tactical and political decisions of a small group of state actors. By demonstrating the unacceptable humanitarian consequences and uncontrollable risks that these weapons pose to everyone's security, the HI convinced many states to ban nuclear weapons and reject the policy of nuclear deterrence as unsustainable and illegitimate. As such, this book is a case-study of multilateral diplomacy and cooperation between state and civil society actors. It also contains a full discussion of both sides of the nuclear argument and assesses the extent to which the HI and the TPNW have moved the dial and present opportunities for transformational change. This book will be of much interest to students of nuclear disarmament, arms control and non-proliferation, diplomacy, global governance, and International Relations in general.

The Argentine Silent Majority Sebastián Carassai, 2014-05-07 In *The Argentine Silent Majority*, Sebastián Carassai focuses on middle-class culture and politics in Argentina from the end of the 1960s. By considering the memories and ideologies of middle-class Argentines who did not get involved in political struggles, he expands thinking about the era to the larger society that activists and direct victims of state terror were part of and claimed to represent. Carassai conducted interviews with 200 people, mostly middle-class non-activists, but also journalists, politicians, scholars, and artists who were politically active during the 1970s. To account for local differences, he interviewed people from three sites: Buenos Aires; Tucumán, a provincial capital rocked by political turbulence; and Correa, a small town which did not experience great upheaval. He showed the middle-class non-activists a documentary featuring images and audio of popular culture and events from the 1970s. In the end Carassai concludes that, during the years of la violencia, members of the middle-class silent majority at times found themselves in agreement with radical sectors as they too opposed military authoritarianism but they never embraced a revolutionary program such as that put forward by the guerrilla groups or the most militant sectors of the labor movement.

Young People in Complex and Unequal Societies, 2022-05-02 Youth studies in Latin America and Spain face numerous challenges. This book delves into youth experiences in the 21st century, shaped by complex and pressing issues: the surge of youth cultures and groups, visual images of youth throughout time, and fragmented youth experiences in radically unequal societies. It analyzes young people as precarious natives in global capitalism and labor uncertainty, juvenicide, feminist discourse, social networks, intimacy and sexual affection among young people in a context of growing claims of gender equality. Also included are rural and indigenous youth as political actors, the actions of young political activists within government administrations, the experience of youth migration and empowerment, and young people dealing with the digital world. How have youth studies approached these issues in Latin America and Spain? Which were the main developments and transformations in this research field over the past years? Where is it heading? Contributors are: Jorge Benedicto, Maritza Urteaga, Dolores Rocca, José Antonio Pérez Islas, Juan Carlos Revilla, Mariano Urraco, Almudena Moreno, Óscar Aguilera, Marcela Saá, Rafael Merino, Ana Miranda, Carles Feixa, Gonzalo Saraví, Antonio Santos-Ortega, David Muñoz-Rodríguez, Arantxa Grau-Muñoz, José Manuel Valenzuela, Silvia Elizalde, Mónica Figueras, Mittzy Arciniega, Nele Hansen, Tanja Strecker, Elisa G. de Castro, Melina Vázquez, René Unda, Daniel Llanos, Sonia Páez de la Torre, Pere Soler, Daniel Calderón, and Stribor Kuric.

Sports and Nationalism in Latin / o America H. Fernández L'Hoeste, R. Irwin, J.

Poblete, 2015-05-06 This collection interrogates sports in Latin America as a key terrain in which nation is defined and populations are interpellated through emotionally charged practices (state policy, media representations, and sports play itself by professionals, national teams and amateurs) of inclusion and exclusion.

Race, Nation, and Religion in the Americas Henry Goldschmidt, Elizabeth McAlister, 2004-08-12 A collection of new essays exploring the complex and unstable articulations of race and religion. Drawing on original research, the authors investigate how race and religion have defined global relations, shaped the everyday lives of individuals and communities and how communities use religion to contest the power of racism.

Sport, Protest and Globalisation Jon Dart, Stephen Wagg, 2016-11-08 This volume is built around three assumptions - first, that for huge numbers people around the world, including many sport lovers, there are more important things in life than sport; second, that the governance of sport is in many ways problematic and needs to be confronted; and, third, that contrary to the still-popular belief that sport and politics don't mix, sport often provides an ideal theatre for the enacting of political protest. The book contains studies of a range of protests, stretching back to the death of suffragist Emily Davison at the Derby of 1913 and encompassing subsequent protests against the

exclusion of women from the sporting arena; the Berlin Olympics of 1936; Western imperialism; the Mexico Olympics, 1968; the state racism of apartheid in South Africa; the effect of the global golf industry on ecosystems; Israeli government policy; resistance to the various attempts to bring the Olympic Games to Canadian and American cities; the cutting of welfare benefits for disabled British citizens; class privilege in the UK; Russian anti-gay laws; and high public spending on sport mega-events in Brazil. The collection will be of interest to scholars and students with an interest in Sports Studies, History, Politics, Geography, Cultural Studies and Sociology.
