Deeper Than Oblivion Raz Yosef, Boaz Hagin, 2016-05-19 In this collection, leading scholars in both film studies and Israeli studies show that beyond representing familiar historical accounts or striving to offer a more complete and accurate depiction of the past, Israeli cinema has innovatively used trauma and memory to offer insights about Israeli society and to engage with cinematic experimentation and invention. Tracing a long line of films from the 1940s up to the 2000s, the contributors use close readings of these films not only to reconstruct the past, but also to actively engage with it. Addressing both high-profile and lesser known fiction and non-fiction Israeli films, *Deeper than Oblivion* underlines the unique aesthetic choices many of these films make in their attempt to confront the difficulties, perhaps even impossibility, of representing trauma. By looking at recent and classic examples of Israeli films that turn to memory and trauma, this book addresses the pressing issues and disputes in the field today.

The Cinema of Tom DiCillo Wayne Byrne, 2017-09-05 This volume considers for the first time in a single collection this acclaimed, award-winning director's entire oeuvre, addressing and analyzing themes such as identity, family, and masculinity, supported by in-depth coverage of the generic and aesthetic aspects of DiCillo's distinctive and influential film style. Through detailed chapters on each of DiCillo's feature films, presented here is a candid look behind-the-scenes of both the American independent film industry - from the No Wave movement of the 1980s, through the Indie boom of the 1990s, to the contemporary milieu - and the Hollywood studio system. This study documents the writing, production, and release of every DiCillo picture, each followed by an extensive Q&A with the director. Also featured are exclusive interviews and commentary with many cast members and collaborators, and members of legendary rock group, The Doors. Films covered include Johnny Suede, *Living In Oblivion*, *Box of Moonlight*, *The Real Blonde*, *Double Whammy*, *Delirious*, *When You're Strange*, and *Down in Shadowland*.

The Oblivion Society Marcus Alexander Hart, 2007-09 After an accidental nuclear war, Vivian Gray joins a comically inept group of fellow twentysomething survivors. She and her new friends embark on a cross-country road trip seeking sanctuary from the menagerie of deadly atomic mutants unleashed by the contaminated atmosphere.

Living in Oblivion ; And, Eating Crow Tom DiCillo, 1995 *Living in Oblivion* is a satiric look behind the scenes of the new wave of independent film-makers in America today - the world of Hal Hartley, Richard Linklater, Gus Van

Sant, Jim Jarmusch and Quentin Tarantino. A media-fed generation who make post-modern films. Not since François Truffaut's Oscar-winning *Day For Night* has a film captured so well the nightmare of making movies. The screenplay is accompanied by 'Eating Crow', the diary which Tom DiCillo kept during the making of the film and which follows the film's genesis from a 15-minute short to the media frenzy surrounding its appearance at the Sundance Film Festival.

Oblivion Sergei Lebedev,2016-01-18 This acclaimed twenty-first-century Russian novel is "a Dantean descent" into the abandoned Soviet gulags, written "with a clear poetic sensibility" (The Wall Street Journal). In Sergei Lebedev's debut novel, an unnamed young man travels to the vast wastelands of the Far North to uncover the truth about a mysterious neighbor who once saved his life, and whom he knows only as Grandfather II. What he finds among the forgotten mines and decrepit barracks of former gulags is a world relegated to oblivion, where it is easier to ignore both the victims and the executioners than to come to terms with a terrible past. This disturbing tale evokes the great and ruined beauty of a land where man and machine work in tandem with nature to destroy millions of lives during the Soviet century. Emerging from today's Russia, where the ills of the past are being forcefully erased from public memory, this masterful novel is an epic literary act of bearing witness, attempting to rescue history from the brink of oblivion. A Wall Street Journal Top 10 Novel of the Year "Not since Alexander Solzhenitsyn has Russia had a writer as obsessed as Sergei Lebedev with that country's history or the traces it has left on the collective consciousness . . . The best of Russia's younger generation of writers." --The New York Review of Books

Oblivion Héctor Abad,2012-04-24 *Oblivion* is a heartbreaking, exquisitely written memorial to the author's father, Héctor Abad Gómez, whose criticism of the Colombian regime led to his murder by paramilitaries in 1987. Twenty years in the writing, it paints an unforgettable picture of a man who followed his conscience and paid for it with his life during one of the darkest periods in Latin America's recent history.

Forgotten British Film Philip Gillett,2017-05-11 Some films are remembered long after they are released; others are soon forgotten, but do they deserve oblivion? Are factors other than quality involved? This book exhumes some of the films released in Britain over the last seventy years from *Daybreak* (1948) to *16 Years of Alcohol* (2003), and considers the reasons for their neglect. As well as exploring the contributions of those involved in making the films, the book examines such issues as marketing and the response of critics and audiences. Films are grouped loosely into categories such as "B" films and television films. Some works were little seen when they were first released and have stayed that way; others were popular in their day, but have slipped into obscurity. In some cases, social change has overtaken them, making the attitudes or subjects they depict seem dated. Even being released as a DVD does not guarantee that a title will be rehabilitated. In addition, how significant is the American market? This book should appeal to lovers of British film, as well as to film studies students and everybody curious about the vagaries of success and failure in the arts.

CITIES OF OBLIVION Stephen Barber,2013-07-20 In the immediate future, an all-engulfing digital crash has impacted on the global megalopolises and their populations, transforming the nature of memory itself. Violence and hallucination, ocular and sexual mutation, and the aberrant power of the film image, now form the raw sensory materials by which the final traces of human bodies survive. Among the disintegrating alleys and corporate plazas of an East Asian megalopolis, an amnesiac film-archivist and a silent bar-hostess make an obsessive alliance in order to reactivate - or destroy forever - the life of cities, with extreme consequences for their own memories and bodies. **CITIES OF OBLIVION** offers an extravagant onslaught for the discerning reader's senses.
