**Odnoklassniki.ru. Неотправленные письма другу** Анатолий Зарецкий, 2017-09-05 «Время лечит»... Какая чушь!.. От жизни лечит только смерть – моя смерть... А что потом, когда сам стану лишь чьим-то воспоминанием? Ведь уже сейчас рядом со мной не осталось никого, кто мог бы вдруг спросить: «Толик, а ты помнишь Людочку?» Я бы вздрогнул, как от ожога, и не ответил. Зачем?.. Вот только, что же все-таки потом, когда не будет меня?.. Похоже, останутся лишь эти строки, пока время не сотрет их за ненадобность... Всё...

*Odnoklassniki.ru. Неотправленные письма другу. Книга третья* Анатолий Зарецкий, 2017-09-05 Внезапно поймал себя на мысли, что целый день проговорил сам с собой. Снова до боли в сердце ощутил душевное одиночество, как тогда в центре бескрайней пустыни. – Лю-ю-дочка-а-а! – словно раненый зверь, крикнул в полном отчаянии на всю Вселенную, в один миг сжавшуюся до размеров воспаленного разума. А в ответ – ледящее душу безмолвие разделившей нас страшной бездны, имя которой Вечность...

**Odnoklassniki.ru. Неотправленные письма другу. Книга вторая** Анатолий Зарецкий, 2017-09-05 И вот грохот катастрофы стих. Наступила мертвая тишина... Что-то горело на старте. В воздухе почти по всей траектории полета и падения ступеней ракеты траурной бахромой висели черные дымы. С земли, где упали обломки ракеты, поднимались к небу светло-серые клубы продуктов горения. Все это постепенно подкрасилось ярко-красным солнечным светом. Картина была необыкновенно красочной, если бы это не была трагическая картина разрушения и гибели нашей ракеты, нашего многолетнего труда и наших надежд.

Constructing the Uzbek State Marlene Laruelle, 2017-12-20 Over the past three decades, Uzbekistan has attracted the attention of the academic and policy communities because of its geostrategic importance, its critical role in shaping or unshaping Central Asia as a region, its economic and trade potential, and its demographic weight: every other Central Asian being Uzbek, Uzbekistan's political, social, and cultural evolutions largely exemplify the transformations of the region as a whole. And yet, more than 25 years after the collapse of the Soviet Union, evaluating Uzbekistan's post-Soviet transformation remains complicated. Practitioners and scholars have seen access to sources, data, and fieldwork progressively restricted since the early 2000s. The death of President Islam Karimov, in power for a quarter of century, in late 2016, reopened the future of the country, offering it more room for evolution. To better grasp the challenges facing post-Karimov Uzbekistan, this volume reviews nearly three decades of independence. In the first part, it discusses the political construct of Uzbekistan under Karimov, based on the delineation between the state, the elite, and the people, and the tight links between politics and economy. The second section of the volume delves into the social and cultural changes related to labor migration and one specific trigger – the difficulties to reform agriculture. The third part explores the place of religion in Uzbekistan, both at the state level and in society, while the last part looks at the renegotiation of collective identities.

*Handbook of Social Media Management* Mike Friedrichsen, Wolfgang Mühl-Benninghaus, 2013-05-28 Digitization and Web 2.0 have brought about continuous change from traditional media management to new strategic, operative and normative management options. Social media management is on the agenda of every media company, and requires a new set of specialized expertise on digital products and communication. At the same time, social media has become a vibrant field of research for media economists and media management researchers. In this handbook, international experts present a comprehensive account of the latest developments in social media research and management, consistently linking classical media management with social media. The articles discuss new theoretical approaches as well as empirical findings and applications, yielding an interesting overview of interdisciplinary and international approaches. The book's main sections address forms and content of social media; impact and users; management with social media; and a new value chain with social media. The book will serve as a valuable reference work for researchers, students and professionals working in media and public relations.

**Understanding Russianness** Risto Alapuro, Arto Mustajoki, Pekka Pesonen, 2011-08-17 In today's world where other cultures are being tapped to a greater extent than ever before, the processes of mixing and matching are especially relevant in making sense of Russia. Not only do borrowing and assimilation, interaction between the familiar and the alien, constitute a venerable tradition in Russian culture, but during the two last post-Soviet decades a notable Western influence has become apparent. This book provides means for understanding Russianness in this new situation. By bringing together Russian and Western, eminent and younger scholars it provides insights both from inside and outside. By extending its perspectives to three fields – linguistics, cultural studies, and social sciences – it covers different dimensions of creative misunderstandings, hybrids, tensions and other modes of adaptation in the Russian culture. By offering concrete case studies it avoids easy stereotypes, deconstructs clichés, problematizes accepted truths, and identifies points of interaction between Russia and the West.

*Fashion and Its Multi-Cultural Facets* Patricia Hunt-Hurst, Sabrina Ramsamy-Iranah, 2019-01-04 This volume was first published by Inter-Disciplinary Press in 2014. Fashion is multi-faceted in its inclusion of people, places, and products. How people dress and adorn themselves reflect their space, their time, and their innovators. This collection of essays reflects the changing world of fashion from historic topics of change, to new fashion places, to new media outlets for fashion communication, and to critical issues related to comfort, ethics, and innovation. The authors examine familiar names of fashion like Coco Chanel and Tim Walker and introduce us to new names like Ann Lowe, Tommaso Cecchi De' Rossi, and Warwick Freeman. The contributors to this collection represent a variety of places (Africa, Asia, Australia, Europe, and North America) and share their observations, studies, and experiences from the perspective of their cultural backgrounds and disciplines.

*Chechnya at War and Beyond* Anne Le Huérou, Aude Merlin, Amandine Regamey, Elisabeth Sieca-Kozłowski, 2014-09-15 The Russia-Chechen wars have had an extraordinarily destructive impact on the communities and on the trajectories of personal lives in the North Caucasus Republic of Chechnya. This book presents in-depth analysis of the Chechen conflicts and their consequences on Chechen society. It discusses the nature of the violence, examines the dramatic changes which have taken place in society, in the economy and in religion, and surveys current developments, including how the conflict is being remembered and how Chechnya is reconstructed and governed.

*Doing Business in Russia, Volume II* Anatoly Zhuplev, 2016-12-26 Russia is a major economy and important power in the global political-economic landscape. Following the dissolution of the USSR, Russia has become a premier global marketplace despite remaining enigmatic and challenging. The book serves as a concise guide in understanding Russia from an international business perspective. It explores strategic issues, drivers, constraints, costs, and risks of international expansion and includes analytical tools, practical applications, sources of information, and assistance in international business research. These are supplemented by analysis of Russia's macro-economic profile, drivers, strategic strengths and weaknesses in the comparative context, including its international market attractiveness and opportunities for U.S. companies. The book examines Russia's main industries, their profiles, trends and business attractiveness, trends, and marketing strategies. The discussion of Russia's regions covers regional subdivisions and economic profiles with the focus on Moscow, the leading economic region. The book also covers the drivers and trends of the Russian small business sector and entrepreneurial business venturing. Despite the onslaught of capitalism, Russia retains its relationship-driven culture. The book provides insights by evaluating the determinants of Russian culture, its national profile in major global cross-cultural studies, and practical cultural applications in business, negotiations, and communications. The book's pedagogy includes skill development exercises and cases on doing business in Russia.

**Russia Company Laws and Regulations Handbook – Strategic Information and Basic Laws** IBP, Inc., 2015-06 Russia Company Laws and Regulations Handbook – Strategic

**Growing Up in the North Caucasus** Irina Molodikova, Alan Watt, 2014-01-03 Investigating changes in upbringing in the North Caucasus, a region notorious for violent conflict, this book explores the lives of the generation born after the dissolution of the USSR who grew up under conditions of turmoil and rapid social change. It avoids the 'traditional' presentation of the North Caucasus as a locus of violence, and instead presents the life of people in the region through the lens of the young generation growing up there. Using focus groups with teachers and students of different ethnic groups, as well as surveys and essays written by children, the book suggests that while the legacy of conflict plays a role in many children's lives, it is by no means the only factor in their upbringing. It explores how conflict has influenced upbringing, and goes on to consider factors such as the revival of religion, the impact of social and economic upheaval, and the shifting balance between school and parents. As well as revealing the dynamic influences on children's upbringing in the region, the book presents recommendations on how to address some of the challenges that arise. The role of government in education is also evaluated, and prospects for the future are considered. The book is useful for students and scholars of Education, Sociology and Central Asian Studies.

ePub - *European Conference on Social Media* Sue Greener, Asher Rospigliosi, 2014-11-07

Networks in the Russian Market Economy M. Lonkila, 2010-11-17 A PDF version of this book is available for free in open access via the OAPEN Library platform, [www.oapen.org](http://www.oapen.org). This book examines the significance of networks among the firms operative in the contemporary Russian software industry in the St. Petersburg region.

**Living Soviet in Ukraine from Stalin to Maidan** Michael T. Westrate, 2016-04-29 What the world is now witnessing in Ukraine is the cumulative effect of history and memory in the lives of the people of the region—and this book directly addresses those subjects. Although the majority of scholarship on the Soviet Union focuses on top-level political and intellectual elites, these groups were only tiny minorities. What was life like for the rest of society? What was it like for the vast population that usually supported the regime, mostly accepted the rules, essentially internalized the ideology, and generally made the same choices as their neighbors and friends? What was it like to live Soviet as the USSR hit its peak as a superpower and then fell apart? What was it like to live Soviet in Ukraine in the decade after independence? This book answers those questions. It is an oral history of a group of military colonels and their wives, children, and contemporaries, covering their lives from childhood to the present. During this period, these military families went from comfortable economic circumstances, professional prestige, and political influence as part of the Soviet upper stratum, to destitution and disgrace in the 1990s. Today, many of them are part of Europe's largest ethnic minority—Russians in Ukraine. The geographic focus is Kharkiv, the second-largest city in Europe's second-largest country, a Russian-speaking city in eastern Ukraine. Based on 3,000+ pages of interview transcripts and supplemented with materials gleaned from unprecedented access to personal, family, and institutional archives, the book investigates how families endured shifting social, cultural, and political realities. By analyzing the lives of individuals in context, Westrate provides insights at the grassroots level. He reveals how ideological, professional, gender, ethnic, and national imperatives—as developed and transmitted by elites—were internalized, transformed, or rejected by the rank and file. He reveals how the subjective identities of individuals and small groups developed and changed over time, and how that process relates to the parallel projects pursued by the leaders of their countries. In the process, he shows what those experiences have to offer the study of Soviet, post-Soviet, and transnational history, bridging the boundaries created by the collapse of the USSR and exploring the foundations of both twenty-first-century Ukraine and today's conflicts.

*How to Get Rich Doing Business in Russia* Patrick W. Nee, 2014-02-03 Welcome to the How to Get Rich Doing Business in Russia series: The key to a successful business is knowing the markets. HOW TO GET RICH DOING BUSINESS IN RUSSIA: Russia Business Guide and Contacts offers executives, investors, and entrepreneurs the need-to-know information about doing business in Russia. HOW TO GET RICH DOING BUSINESS IN RUSSIA: Russia Business Guide and Contacts concludes with a comprehensive list of contacts and primary information. Whether you are looking to break into international business or need to update your knowledge on Russian markets—this comprehensive guide is for you. The Internationalist

**Digital Russia** Michael Gorham, Ingunn Lunde, Martin Paulsen, 2014-03-05 Digital Russia provides a comprehensive analysis of the ways in which new media technologies have shaped language and communication in contemporary Russia. It traces the development of the Russian-language internet, explores the evolution of web-based communication practices, showing how they have both shaped and been shaped by social, political, linguistic and literary realities, and examines online features and trends that are characteristic of, and in some cases specific to, the Russian-language internet.

*Inside Cyber Warfare* Jeffrey Carr, 2009-12-15 What people are saying about Inside Cyber Warfare The necessary handbook for the 21st century. --Lewis Shepherd, Chief Tech Officer and Senior Fellow, Microsoft Institute for Advanced Technology in Governments A must-read for policy makers and leaders who need to understand the big-picture landscape of cyber war. --Jim Stogdill, CTO, Mission Services Accenture You may have heard about cyber warfare in the news, but do you really know what it is? This book provides fascinating and disturbing details on how nations, groups, and individuals throughout the world are using the Internet as an attack platform to gain military, political, and economic advantages over their adversaries. You'll learn how sophisticated hackers working on behalf of states or organized crime patiently play a high-stakes game that could target anyone, regardless of affiliation or nationality. Inside Cyber Warfare goes beyond the headlines of attention-grabbing DDoS attacks and takes a deep look inside multiple cyber-conflicts that occurred from 2002 through summer 2009. Learn how cyber attacks are waged in open conflicts, including recent hostilities between Russia and Georgia, and Israel and Palestine Discover why Twitter, Facebook, LiveJournal, V Kontakte, and other sites on the social web are mined by the intelligence services of many nations Read about China's commitment to penetrate the networks of its technologically superior adversaries as a matter of national survival Find out why many attacks originate from servers in the United States, and who's responsible Learn how hackers are weaponizing malware to attack vulnerabilities at the application level

**Political Discourse in Emergent, Fragile, and Failed Democracies** Orwenjo, Daniel Ochieng, 2016-04-19 Any system of government is comprised of several dimensions of functionality, which must all work in congruence. When any part of the system is dysfunctional, the government's stability becomes fractured and societal problems can arise. Political Discourse in Emergent, Fragile, and Failed Democracies examines the effects of unstable democratic systems of government in modern society, providing an imperative analysis on political communications from such nations. Highlighting real-world examples on the constraints seen in malfunctioning or emerging governments, this book is a pivotal reference source for policy makers, researchers, academicians, and upper-level students interested in politics and governance.

**Handbook of Research on Technoself: Identity in a Technological Society** Luppardini, Rocci, 2012-10-31 This book provides insights to better enhance the understanding of technology's widespread intertwinement with human identity within an advancing technological society--Provided by publisher.

*Time Work* Michael G. Flaherty, Lotte Meinert, Anne Line Dalsgård, 2020-06-09 Examining how people alter or customize various dimensions of their temporal experience, this volume discovers how we resist external sources of temporal constraint or structure. These ethnographic studies are international in scope and look at many

different countries and continents. They come to the overall conclusion that people construct their own circumstances with the intention to modify their experience of time.
