Odnoklassniki.ru. Неотправленные письма другу Анатолий Зарецкий, 2017-09-05 «Время лечит»...
Какая чушь!.. От жизни лечит только смерть – моя смерть... А что потом, когда сам стану лишь чьим-то воспоминанием? Ведь уже сейчас рядом со мной не осталось никого, кто мог бы вдруг спросить: «Толик, а ты помнишь Людочку?» Я бы вздрогнул, как от ожога, и не ответил. Зачем?.. Вот только, что же все-таки потом, когда не будет меня?.. Похоже, останутся лишь эти строки, пока время не сотрет их за ненужностью... Всё...

Odnoklassniki.ru. Неотправленные письма другу. Книга третья Анатолий Зарецкий, 2017-09-05
Внезапно поймал себя на мысли, что целый день проговорил сам с собой. Снова до боли в сердце ощутил душевное одиночество, как тогда в центре бескрайней пустыни. – Лю-ю-дочка-а-а! – словно раненый зверь, крикнул в полном отчаянии на всю Вселенную, в один миг сжавшуюся до размеров воспаленного разума. А в ответ – леденящее душу безмолвие разделившей нас страшной бездны, имя которой Вечность...

Odnoklassniki.ru. Неотправленные письма другу. Книга вторая Анатолий Зарецкий, 2017-09-05
И вот грохот катастрофы стих. Наступила мертвая тишина... Что-то горело на старте. В воздухе почти по всей траектории полета и падения ступеней ракеты траурной бахромой висели черные дымы. С земли, где упали обломки ракеты, поднимались к небу светло-серые клубы продуктов горения. Все это постепенно подкрасилось ярко-красным солнечным светом. Картина была необыкновенно красочной, если бы это не была трагическая картина разрушения и гибели нашей ракеты, нашего

многолетнего труда и наших надежд.

Constructing the Uzbek State Marlene Laruelle, 2017-12-20 Over the past three decades, Uzbekistan has attracted the attention of the academic and policy communities because of its geostrategic importance, its critical role in shaping or unshaping Central Asia as a region, its economic and trade potential, and its demographic weight: every other Central Asian being Uzbek, Uzbekistan's political, social, and cultural evolutions largely exemplify the transformations of the region as a whole. And yet, more than 25 years after the collapse of the Soviet Union, evaluating Uzbekistan's post-Soviet transformation remains complicated. Practitioners and scholars have seen access to sources, data, and fieldwork progressively restricted since the early 2000s. The death of President Islam Karimov, in power for a quarter of century, in late 2016, reopened the future of the country, offering it more room for evolution. To better grasp the challenges facing post-Karimov Uzbekistan, this volume reviews nearly three decades of independence. In the first part, it discusses the political construct of Uzbekistan under Karimov, based on the delineation between the state, the elite, and the people, and the tight links between politics and economy. The second section of the volume delves into the social and cultural changes related to labor migration and one specific trigger – the difficulties to reform agriculture. The third part explores the place of religion in Uzbekistan, both at the state level and in society, while the last part looks at the renegotiation of collective identities.

Understanding Russianness Risto Alapuro, Arto Mustajoki, Pekka Pesonen, 2011-08-17 In today's world where other cultures are being tapped to a greater extent than ever before, the processes of mixing and

matching are especially relevant in making sense of Russia. Not only do borrowing and assimilation, interaction between the familiar and the alien, constitute a venerable tradition in Russian culture, but during the two last post-Soviet decades a notable Western influence has become apparent. This book provides means for understanding Russianness in this new situation. By bringing together Russian and Western, eminent and younger scholars it provides insights both from inside and outside. By extending its perspectives to three fields – linguistics, cultural studies, and social sciences – it covers different dimensions of creative misunderstandings, hybrids, tensions and other modes of adaptation in the Russian culture. By offering concrete case studies it avoids easy stereotypes, deconstructs clichés, problematizes accepted truths, and identifies points of interaction between Russia and the West.

Digital Russia Michael Gorham, Ingunn Lunde, Martin Paulsen, 2014-03-05 Digital Russia provides a comprehensive analysis of the ways in which new media technologies have shaped language and communication in contemporary Russia. It traces the development of the Russian-language internet, explores the evolution of web-based communication practices, showing how they have both shaped and been shaped by social, political, linguistic and literary realities, and examines online features and trends that are characteristic of, and in some cases specific to, the Russian-language internet.

Odnoklassniki.ru. Неотправленные письма другу Анатолий Зарецкий, 2019-04-23 Однажды на сайте *odnoklassniki* я обнаружил данные друга детства, с которым расстались полвека назад. Конечно, жизнь развела нас по разным углам, но как унять поток разбуженных воспоминаний? И папка “Неотправленные письма другу” пухла и пухла, пока не обратилась в эту книгу. В ней много

личного, но кто еще расскажет о жизни малолетнего ребенка в лагере военнопленных немцев, о трудном подростковом периоде, когда неясно, кто есть кто. Меня спасли фанатичная любовь к авиации и большая трагическая любовь. Жаль не всё сложилось, но жизнь офицеров-ракетчиков Байконура мне знакома, ибо участвовал в грандиозных событиях, о которых мало известно.

The current position of Recruitment. The example of e-Recruitment Zhandos Amantayev,2014-06-13 Seminar paper from the year 2013 in the subject Leadership and Human Resources - Miscellaneous, grade: 2,0, University of Applied Sciences Wildau, language: English, abstract: Initially, social networks designed to search for friends and acquaintances and communicate with them. The rapid development of the Internet in the world, on the one hand, the unstable situation in the labor market, on the other, first led to the emergence of professional social networks, and then to that of the Web began to be used for business purposes. In the following paper we analyze the role of social networks in recruiting. The classification systems depending on the type of interpersonal relations, consider the advantages and disadvantages of the most popular and effective methods of recruitment will identify with their use. According to Linda Barber: "Internet has caused the biggest change in the set of the landscape, by acting as an intermediary between employers and job seekers. Technology has allowed corporate Web sites, suppliers, and job seekers to become more complex, interactive and connected globally 24 hours a day, 7 days a week". "Every sector,

every job, every function, was, is or will be disrupted by Internet” stated Kalika, M. in „Le management est mort, vive le e-management!“ in 2000. In obedience to Girard Aurélie and Bernard Fallery: “In the HR sector is undergoing a transformation. In August 2007, Monster France had more than 3 million resumes in its database and social network LinkedIn has been more than 36 million members around the world in February 2009”. Recruiting by the Internet, via Internet, or e-Recruitment, is a phenomenon that has led to the appearance of a new market in which there is an unprecedented level of interaction between employers and potential employees.

Paul's 'Works of the Law' in the Perspective of Second Century Reception Matthew J.

Thomas, 2018-07-24 Paul writes that we are justified by faith apart from 'works of the law', a disputed term that represents a fault line between 'old' and 'new' perspectives on Paul. Was the Apostle reacting against the Jews' good works done to earn salvation, or the Mosaic Law's practices that identified the Jewish people? Matthew J. Thomas examines how Paul's second century readers understood these points in conflict, how they relate to 'old' and 'new' perspectives, and what their collective witness suggests about the Apostle's own meaning. Surprisingly, these early witnesses align closely with the 'new' perspective, though their reasoning often differs from both viewpoints. They suggest that Paul opposes these works neither due to moralism, nor primarily for experiential or social reasons, but because the promised new law

and covenant, which are transformative and universal in scope, have come in Christ.
