Red Road Legends Of The Native American Indians G.W. Mullins,2018-02-09 Before the time of books, computers, tablets and recording devices, the history of many cultures was passed down, from person to person, by word of mouth. The rich histories of so many people were told in songs, chants, poems and stories. This was and still is the way of Native American tribes. Each in its own way enriching their stories with their own experiences. By reliving these stories and songs, we have the opportunity to bring life back to the ancient spirits that created them. We have a chance to walk with the spirits of the past. Native Americans used their stories to teach the children the traditions of their grandfathers. It was in this way that local customs were passed

down and lessons were taught about how to live off the land and track animals. It was with stories they learned to grow crops and thrive in their natural environment. When foreign men entered and settled upon Indian sacred lands, the Native Americans were often forcibly removed. They were sent to areas unfamiliar. If it were not for their customs, language and tradition passed down through stories, they would have lost connection with who they were. These songs and myths were their way of keeping their legacy alive. Being there were so many different tribes with countless beliefs and customs, the only way to understand their ways is through understanding their stories. In this book, you will be shown a wide landscape of different tribes and hopefully present a true look at their beliefs, and understand the Native American people a little better. The mythology of North America is a cultural treasure house, but many of these myths and legends are hidden away in various old and rare books. It would be difficult for the average person to track down and collect this material because the rarity of some of these books makes them hard to find. So, this vast body of wisdom lies out of reach of most people... until now.

Off-Road with Clarkson, Hammond and May Phillipa Sage, 2021-05-13 'Amazing adventures. Apparently I was there.' Richard Hammond For over 12 years Phillipa Sage worked alongside Jeremy Clarkson, Richard Hammond and James May as their PA, gofer, and fixer where she saw the boys at their best and, hilariously, at their worst. A closet petrol head, Phillipa started working in the motor

industry on live events over 20 years ago and first worked with Jeremy Clarkson in 1997. She proved to be a loyal, trusted friend and colleague to all the presenters—from back in the beginning with Tiff Needell, Vicki Butler-Henderson and Quentin Wilson—to the now infamous trio of Clarkson, Hammond and May, and was a key member of what became known as 'The Bubble', the exclusive, dysfunctional working family that toured the world. With an enormous budget, they travelled like rock stars—with super cars, yachts, private jets, helicopters, and five-star wining and dining—taking their unique brand of motoring madness to 18 countries, 31 cities and to over 2 million fans in arenas and at festivals from New Zealand to Norway. Supported by a large crew and their personal entourage, Clarkson, Hammond and May, when not performing in their extraordinary, high octane, live action, motoring theatre, indulged in extravagant holidays. They and their 'Bubble' family relaxed in luxury resorts or private houses entertaining themselves with pool parties, drinking, heli-sightseeing, drinking, private motorboat cruises, drinking, jet skiing, sailing, drinking and eating, and drinking. In Off-Road with Clarkson, Hammond & May, Phillipa shares the tour highs, lows and laughter of three clever, funny, and very stupid motoring journalists.

The Mercedes-Benz G-Class Jörg Sand, 2021-11-28
Mercedes-Benz G-Class specialist Jörg Sand has written the ultimate book on this all-wheel-drive legend, from its design and development to its extraordinary and diverse career up to the present

day. Very few automobiles remain as faithful in their character and appearance as the hardcore, all-wheel-drive Mercedes-Benz G-Class luxury SUV. Even when it comes to the most recent series, the W 463 A, with its technically profound changes, the designers at Mercedes have barely changed the classic look. And for good reason. From its first year, 1979, the G-Class has always been one of the very few off-road legends. Tourists, firefighters, foresters, race drivers, and boat owners all appreciate the unique qualities of this indestructible force, the G Wagon, from Graz, Austria.

The Cutting Edge Rod Millen, 2014-08-15 One of New Zealand's greatest rally drivers and a hill-climbing superstar tells his inspiring story for the very first time. Rod Millen was a hero of New Zealand rallying in the 1970s. Having won several championships he quickly established himself as New Zealand's number one driver. But thereafter Millen went on to do what very few Kiwis have achieved, finding podium success in American motorsport. He won the North American Race and Rally Championship in 1979, 1980 and 1981, then in 1989 Millen achieved perhaps his greatest feat, winning the Pikes Peak International Hill Climb, America's second oldest motor-racing event. Writing his name into history, he went on to win the race more times than any driver. The hill-climb is often referred to as 'Millen's Mountain'. Rod Millen is also a highly successful businessman. As a continuation of his off-road driving interests, he founded Millenworks in California in 1980, specializing in cutting-edge

light tactical vehicles, armored and off-road vehicles and subsystems for the US military and theme parks. Millen has recently returned to New Zealand, building a 140-acre, ocean-front estate at Hahei with a racetrack as a driveway, modeled on his favourite hill-climb corners around the world. He's also established Leadfoot Festival, a unique weekend held every two years at the estate, bringing together a mix of classic cars, vintage motorcycles and motorsport legends, inspired by the famous British Goodwood Festival of Speed. Aside from rallying, Rod is well known for other forms racing such as super touring, drifting and extreme off-road races like the Baja 1000 (often considered the most dangerous race in the world) and Transsyberia rally (which he won in 2007). Rod also won the Race to the Sky hill-climb in New Zealand in 2002 and posted the fastest time at the 2002 Goodwood Festival of Speed in England - and he still has the record up his own front driveway. The Cutting Edge is Rod's story, in his own words, of a life lived pushing the boundaries, of record-breaking off-road driving, working at the forefront of motorsport technology, and of creating the ultimate petrol-head heaven, right in his own backyard.

The Legends of the Road Micky M.

challenging and sometimes dangerous motorized events in the USA. Legends will get you inside the head of a racing champion, to become part of the experience. Come along with Micky, pedal across the country and slide through the turns on Pike's Peak. Learn how to reach for your dreams and then push past your limits, to become a champion in your own endeavors.

Maryland Legends Trevor J. Blank, David J. Puglia, 2014-05-20 The stories, folklore, and history surrounding Maryland's most haunted places. A must-read for fans of the supernatural and Maryland history. The demon car of Seven Hills Road, the ominous Hell House above the Patapsco River, the mythical Snallygaster of western Maryland--these are the extraordinary tales and bizarre creatures that color Maryland's folklore. The Blue Dog of Port Tobacco faithfully guards his master's gold even in death, and in Cambridge, the headless ghost of Big Liz watches over the treasure of Greenbriar Swamp. The woods of Prince George's County are home to stories of the menacing Goatman, while on stormy nights at the nearby University of Maryland, the strains of a ghostly piano float from Marie Mount Hall. From the storied heroics of the First Maryland Regiment in the Revolutionary War to the mystery of the Poe Toaster, folklorists Trevor J. Blank and David J.

Puglia unravel the legends of Maryland.
