GO! with Microsoft Office 2013 Shelley Gaskin,Carol L. Martin,Nancy Graviett,Suzanne Marks,Debra Geoghan,2013-10-11 This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. GO! with Office 2013 is the right solution for students in today's fast-moving, mobile environment. The GO! Series content focuses on the real-world job skills students need to succeed in the workforce. They learn Office by working step-by-step through practical job-related projects that put the core functionality of Office in context. And, as has always been true of the GO! Series, students learn the important concepts when they need them, and they never get lost in instruction, because the GO! Series uses Microsoft procedural syntax. Students learn how and learn why—at the teachable moment. After completing the instructional projects, students are ready to apply the skills in a wide variety of progressively challenging projects that require them to solve problems, think critically, and create projects on their own. And, for those who want to go beyond the classroom and become certified, GO! provides clear MOS preparation guidelines so students know what is needed to ace the Core exam! Teaching and Learning Experience This program will provide a better teaching and learning experience—for educators and students. Here's how: Personalize Learning: MyITLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Engage Students with a Project-Based Approach: GO!'s project-based approach teaches students to solve real problems as they practice and learn the features. Motivate Learning with Clear Instruction: Based on professor and student feedback, this text has been designed to offer clear instruction for full student comprehension. Note: You are purchasing a standalone product; MyITLab does not come packaged with this content. If you would like to purchase both the physical text and MyITLab, contact your Pearson representative. Office 2003 Timesaving Techniques For Dummies Woody Leonhard, 2004-05-21 Wouldn't it be a waste to go on a spectacular, exotic vacation abroad and just hang out at the hotel pool? Wouldn't it be a waste to buy a new iPod, download four favorite songs, and play them over and over? Most people with Office 2003 are wasting a lot of software power and a lot of time. They do the same routine things in the same routine ways and haven't begun to explore the capabilities of Office 2003. If you're one of them, Office 2003 Timesaving Techniques For Dummies gets you out of your rut and into action. It provides over 70 timesaving techniques for Word, Excel, Access, Outlook, and PowerPoint. (Most of the tips work with Office 2000 and Office XP, too.) You'll customize Office to meet your needs and start working like a pro in no time with easy-to-use tricks, tips, and techniques for: Streamlining your toolbars (Word alone has dozens to choose from) Setting up Outlook, searching with folders, organizing with flags, and dealing with spam Taking proper security measures, including using and updating an antivirus package and avoiding potentially dangerous file extensions Editing and laying out impressive Word documents Using keyboard shortcuts Diving into more advanced Office skills such as writing macros, setting up templates, and using multimedia with PowerPoint Using Excel to build self-verifying spreadsheets Running totals and subtotals in Access Combining applications to print holiday greetings and run an electronic newsletter Written by Woody Leonhard, author of Windows XP Timesaving Techniques For Dummies and the bestseller Windows XP All-in-One Desk Reference For Dummies, this guide helps you eliminate extra steps and little annoyances and do things you probably didn't know you could do, such as: Building e-mail stationery Calculating sales tax with the Lookup Wizard Making professional labels Encrypting messages Recording narration for PowerPoint presentations Complete with an index that lets you find what you want, fast. Office 2003 Timesaving Techniques For Dummies helps you get up to speed and down to work. After all, time is a waste!

Microsoft Office Word 2007 a Beginners Guide W. R. Mills, 2010 This book is not intended to be an Everything you will ever need to know about Microsoft Word 2007, although in some cases it might be. It is as the name implies a beginner's guide to Word 2007. This book has two purposes: First to provide the inexperienced user with a working knowledge of Word 2007, so Word becomes more than just a way to write a letter. The second purpose is to explain the new user interface, the Ribbon. I hope this helps.

Microsoft Office 2003 in 10 Simple Steps or Less Michael Desmond, 2003-11-10 If you are looking to perform specific activities in Microsoft Office 2003 fast, then this book is for you—whether you're new to Microsoft Office or you're just upgrading to the 2003 version. Alfresco 4 Enterprise Content Management Implementation Munwar Shariff, 2013-01-01 This book distills the hands-on approach of the training courses into a concise, practical book. The emphasis is on getting up and running fast and discovering the scope and power of Alfresco 4 incrementally through practical examples. Though this book is not a developer guide, various examples in the book will help developers to extend Alfresco functionality and to integrate Alfresco with external systems. This book is designed for experienced users, business owners, or system administrators who want to install and use Alfresco in their teams or businesses. Because Alfresco is free, many teams can install and experiment with its ECM features without any upfront cost, often without management approval. You need to have a degree of technical confidence, but you do not require specialist system admin or developer skills to get a basic system up and running. Though this book is not a developer guide, various examples in the book will help you to extend Alfresco functionality and to integrate Alfresco with external systems.
