A critical engagement with theological education in Africa Johannes J. Knoetze,Alfred R. Brunsdon,2022-02-07 The higher education landscape has arguably become one of the most arduous to traverse. More so in the African context, where a host of variables continiously challenge educators to reflect critically on their philosophies and practices as they engage an ever-changing audience. In this book, a critical engagement with theological education in Africa is offered. As the book originates from South Africa, it is presented as a South African perspective, although contributors are situated accross the African continent and abroad. The common denominator is that all contributers are, in some way or another, invested in theological education in Africa. The main contribution of this collaborative work is to be sought in the insights it offers on four main areas of theological education: A historical and current orientation on theological edcuation in Africa, some paradigm shifts in theological education in Africa, ministerial formation needs versus theological education challenges, and a critical reflection on elective models and methods. The book presents the original and innovative research of scholars for fellow scholars involved in theological higher education as it is grounded in the respective fields of interest of each contributor. It contributes to a better understanding of the complex African

theological higher education landscape that is also mindful of post-COVID-19 realities. Methodologically the work draws on a combination of methods, including literature studies, empirical work, and in some cases sectional offerings from doctoral studies, as indicated in the various chapters.

Anxious People Fredrik Backman,2020-09-08 Instant #1 New York Times Bestseller A People Book of the Week, Book of the Month Club selection, and Best of Fall in Good Housekeeping, PopSugar, The Washington Post, New York Post, Shondaland, CNN, and more! "[A] quirky, big-hearted novel…Wry, wise, and often laugh-out-loud funny, it's a wholly original story that delivers pure pleasure." —People From the #1 New York Times bestselling author of A Man Called Ove comes a charming, poignant novel about a crime that never took place, a would-be bank robber who disappears into thin air, and eight extremely anxious strangers who find they have more in common than they ever imagined. Looking at real estate isn't usually a life-or-death situation, but an apartment open house becomes just that when a failed bank robber bursts in and takes a group of strangers hostage. The captives include a recently retired couple who relentlessly hunt down fixer-uppers to avoid the painful truth that they can't fix their own marriage. There's a wealthy bank director who has been too busy to care about anyone else and a young couple who are about to have their first child but can't seem to agree on anything, from where they want to live to how they met in the first place. Add to the mix an eighty-seven-year-old woman who has lived long enough not to be afraid of someone waving a gun in her face, a flustered but still-ready-to-make-a-deal real estate agent, and a mystery man who has locked himself in the apartment's only bathroom, and you've got the worst group of hostages in the world. Each of them carries a lifetime of grievances, hurts, secrets, and passions that are ready to boil over. None of them is entirely who they appear to be. And all of them—the bank robber included—desperately crave some sort of rescue. As the authorities and the media surround the premises these reluctant allies will reveal surprising truths about themselves and set in motion a chain of events so unexpected that even they can hardly explain what happens next. Rich with Fredrik Backman's "pitch-perfect dialogue and an unparalleled understanding of human nature" (Shelf Awareness), Anxious People is an ingeniously constructed story about the enduring power of friendship, forgiveness, and hope—the things that save us, even in the most anxious times.
