Original Gangster Frank Lucas, Aliya S. King, 2010-06-08 A suspenseful memoir from the real life American gangster, Frank Lucas. In his own words, Frank Lucas recounts his life as the former heroin dealer and organized crime boss who ran Harlem during the late 1960s and early 1970s. From being taken under the wing of old time gangster Bumpy Johnson, through one of the most successful drug smuggling operations, to being sentenced to seventy years in prison, *Original Gangster* is a chilling look at the rise and fall of a modern legacy. Frank Lucas realized that in order to gain the kind of success he craved he would have to break the monopoly that the Italian mafia held in New York. So Frank cut out middlemen and began smuggling heroin into the United States directly from his source in the Golden Triangle by using coffins. Making a million dollars per day selling Blue Magic—what was known as the purest heroin on the street—Frank Lucas became one of the most powerful crime lords of his time, while rubbing shoulders with the elite in entertainment, politics, and crime. After his arrest, Federal Judge Sterling Johnson, the special narcotics prosecutor in New York at the time of Lucas' crimes, called Lucas and his operation one of the most outrageous international dope-smuggling gangs ever, an innovator who got his own connections outside the U.S. and then sold the narcotics himself in the street. This powerful memoir reveals what really happened to the man whose career was dramatized in the 2007 feature film *American Gangster*, exposing a startling look at the world of organized crime.

Virtual Economies Vili Lehdonvirta, Edward Castronova, 2014-05-09 How the basic concepts of economics—including markets, institutions, and money—can be used to create and analyze economies based on virtual goods. In the twenty-first-century digital world, virtual goods are sold for real money. Digital game players happily pay for avatars, power-ups, and other game items. But behind every virtual sale, there is a virtual economy, simple or complex. In this book, Vili Lehdonvirta and Edward Castronova introduce the basic concepts of economics into the game developer's and game designer's toolkits. Lehdonvirta and Castronova explain how the fundamentals of economics—markets, institutions, and money—can be used to create or analyze economies based on artificially scarce virtual goods. They focus on virtual economies in digital games, but also touch on serious digital currencies such as Bitcoin as well as virtual economies that emerge in social media around points, likes, and followers. The theoretical emphasis is on elementary microeconomic theory, with some discussion of behavioral economics, macroeconomics, sociology of consumption, and other social science theories relevant to economic behavior. Topics include the rational choice model of economic decision making; information goods versus virtual goods; supply, demand, and market equilibrium; monopoly power; setting prices; and externalities. The book will enable developers and designers to create and maintain successful virtual economies, introduce social scientists and policy makers to the power of virtual economies, and provide a useful guide to economic fundamentals for students in other disciplines.

Renegade Rhymes Meredith Schweig, 2022-09-14 Like many states emerging from oppressive political rule, Taiwan saw a cultural explosion in the late 1980s, when four decades of martial law under the Chinese National Party ended. As a multicultural, multilingual society with a complicated history of migration and colonization, Taiwanese people met their political transformation and newfound freedom with a host of stories waiting to be told and identities longing for expression. In *Renegade Rhymes*, ethnomusicologist Meredith Schweig shows how rap music has become a powerful outlet for exploring the complicated ethnic, cultural, and political history of Taiwan. Schweig draws on extensive ethnographic fieldwork to explain how rap's storytelling component became such a vital tool for working out Taiwanese identity and grappling with cultural history. She takes readers to rap festivals, music video sets, hip-hop clubs, and creative collectives in which members participate in rap battles and study under an experienced teacher. As Schweig shows, MCs from marginalized ethnic groups in Taiwan seized on this music of resistance, infusing it with important aspects of their own local identities, languages, and storytelling traditions. We see how these musicians localize rap as a way to challenge longstanding political mythologies and redeem individual and community narratives from the totalizing influence of government and commercial interests. Working against holes in the educational system and a neoliberal economy, new generations of rappers have used the artform to nurture associational bonds and rehearse rituals of democratic citizenship, making a new kind of sense out of their complicated present--

The Consumption of Inequality K. Halnon, 2013-09-18 The fads, fashions, and media in popular consumer culture frequently make recreational and ideological fun of poverty and lower class living. In this book, Halnon delineates how incarceration, segregation, stigmatization, cultural and social consecration, and carnivalization work in the production and consumption of inequality.

Chronicles and Memoirs of an Original Gangsta Abdul D. Chappell, 2012-10-20 A searing and insightful analysis of a gangsta's transition from boy to man, street gangsta to liberation advocate. Like Claude Brown's classic *Manchild in the Promised Land*, Chappell takes the reader on an introspective journey exploring the true nature of the inner cities' mean streets and the individuals who inhabit them.

The Low Desert Tod Goldberg, 2022-02-22 Raymond Carver meets Elmore Leonard in this extraordinary collection of contemporary crime writing set in the critically acclaimed *Gangsterland* universe, a series called gloriously original by *The New York Times Book Review*. With gimlet-eyed cool and razor-sharp wit, these spare, stylish stories from a master of modern crime fiction assemble a world of gangsters and con men, of do-gooders breaking bad and those caught in the crossfire. The uncle of an FBI agent spends his life as sheriff in different cities, living too close to the violent acts of men; a cocktail waitress moves through several desert towns trying to escape the unexplainable loss of an adopted daughter; a drug dealer with a penchant for karaoke meets a talkative lawyer and a silent clown in a Palm Springs bar. Witty, brutal, and fast-paced, these stories expand upon the saga of Chicago hitman-turned-Vegas-rabbi Sal Cupertine--first introduced in *Gangsterland* and continued in *Gangster Nation*--while revealing how the line between good and bad is often a mirage.
