Beginning Drawing Atelier Juliette Aristides, 2019-04-16 Written by a well-known artist and best-selling art-instruction author with almost rock-star popularity in the contemporary world of representational art, *Beginning Drawing Atelier*, with its unique workbook/sketchbook approach, and high-quality paper, offers a comprehensive and contemporary twist on traditional Atelier art instruction practices. Atelier education is centered on the belief that working in a studio, not sitting in the lecture hall, is the best place to learn about art. Every artist needs to learn basic drawing skills. In this elegant and inspiring workbook, master contemporary artist and best selling author Juliette Aristides breaks down the drawing process into small, manageable lessons; presents them progressively; introduces time-tested principles and techniques in the Atelier tradition that are easily accessible; and shares the language and context necessary to understand the artistic process and create superior, well-crafted drawings. What makes this approach unique is the fact that it includes blank pages for copying and practicing within each lesson, facilitating traditional Atelier methods. Ateliers have produced the greatest artists of all time--and now that educational model is experiencing a renaissance. These studios, in a return to classical art training, are based on the nineteenth-century model of teaching artists by pairing them with a master artist over a period of years. Students begin by copying masterworks, then gradually progress to painting as their skills develop. *Beginning Drawing Atelier* is like having an atelier in a book--and the master is Juliette Aristides, a classically trained artist. On every page, Aristides uses the works of Old Masters and today's most respected realist artists to demonstrate and teach the principles of realist drawing and painting, taking students step by step through the learning curve yet allowing them to work at their own pace. Unique and inspiring, the approach in this new book offers serious art courses for serious art students.

Paint, Play, Explore Rae Missigman, 2018-09-04 Discover the marks for your most authentic art! Mixed-media artist Rae Missigman identifies herself as a mark-maker. Ever in the forefront of her art, organic shapes and graphic marks are what give her work a sense of authenticity. With an adventurous, anything-goes attitude to expressing herself, she is just as likely to use a celery stem, a sewing machine or a cardboard tube as she is a brush, a palette knife or her own hands. In *Paint, Play, Explore*, Missigman helps you discover those marks that define you as an artist, and weave them into your art in new and

interesting ways. Through page after page of creative exploration, you'll become a collector of tools--traditional and unconventional mark-makers that will become an extension of your unique voice. You'll become a tinkerer as you recycle and repurpose, striving to turn something ordinary into something extraordinary. You'll become an explorer as you draw with your non-dominant hand, create blindly using resists, stamp with your own handcrafted organic ink, and follow other creative prompts to widen and shape your artistic world. Whether you're just starting your creative adventure or you're looking to break through to the next level, Paint, Play, Explore will set you in motion. Setting the tone with her upbeat vibe and joyful use of color, Missigman pushes you to find your own beautiful artistic fingerprint to create work that is interesting, full of life and distinctly yours...and above all, to embrace the journey. The shapes you choose to etch in your work, free flowing and heartfelt, are a part of what makes the art your own. Tools in hand, your marks will find you and you will begin to recognize yourself in your creations. You're going to need a bigger creative toolbox... • 60+ mark-making tools and mediums • 23 stepped-out demonstrations on collage, one-brush painting, monoprinting, resists, transfers and other fun and versatile mark-making techniques • 4 start-to-finish projects for turning marks into inventive art

Add the next, and the next, and the next—it's an activity that's utterly absorbing as you watch a "painting" emerge from a flat black-and-white illustration to a dazzling image with color, body, spirit. The pages are perforated for easy removal, making it simple to frame the completed images.
